DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(1) Description of plan

The following description of the Durr Heavy Construction, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 1999, to provide retirement benefits for employees of Durr Heavy Construction, LLC and Circle E Contracting, LLC, (collectively, the "Plan Sponsor"). The Plan covers substantially all employees who are 21 years of age and have completed one year of service ("participants") as defined in the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are excludable by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Additionally, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 100% of compensation, subject to certain IRC limitations.

The Plan Sponsor makes safe harbor matching contributions in an amount equal to the sum of 100% of the amount of each participant's elective deferrals that did not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceeded 3% of the participant's compensation but did not exceed 5% of the participant's compensation.

Additionally, the Plan Sponsor may, at its discretion, make a profit sharing contribution to the participants' accounts equal to a percentage of participant compensation, as determined by the Plan Sponsor. No profit sharing contributions were made by the Plan Sponsor for the years ended December 31, 2019 or 2018. Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor matching and additional contributions, allocations of profit sharing contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(d) Vesting

Participants are immediately vested in their elective salary deferral and the safe harbor matching contributions plus actual earnings (losses) thereon. Participants vest in the Plan Sponsor profit sharing contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account. Upon attainment of age 59½ or termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump sum payment. If the value of a participant's vested balance does not exceed \$5,000, the distribution will be automatically made.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor profit sharing contribution portion of their accounts. Such forfeitures are used to reduce the Plan Sponsor's contributions to the Plan or to pay Plan expenses. Unutilized forfeitures totaled \$504 and \$464, as of December 31, 2019 and 2018, respectively.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions are included in administrative expenses and charged directly to the participant's account. Recordkeeping and financial advisor fees are also included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value as reported by LT Trust Company ("LT Trust"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and LT Trust. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2019, and September 29, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(3) Certified Information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, and dividend income for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by LT Trust.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset's measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- (i) *Money market fund*: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year.

DURR HEAVY CONSTRUCTION, LLC 401(K) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

- (ii) *Mutual funds*: Valued based on the funds' reported closing NAV of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Fair Value Measurements as of December 31, 2019 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(5) Income tax status

The Plan Sponsor adopted a volume submitter profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter profit sharing plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC and the Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the amended volume submitter profit sharing plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and is therefore, qualified and exempt from taxation.

Notes to the Financial Statements

December 31, 2019 and 2018

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

The Plan's investment in the money market fund is managed by LT Trust, and therefore, qualifies as a party-in-interest transaction under ERISA. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions also qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

Due to the settlement date being the basis of preparation for the Form 5500 instead of the trade date, the following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

Net assets available for benefits per the Form 5500	<u>\$ 6,595,193</u>	<u>\$ 5,207,248</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2019 and 2018:

Notes to the Financial Statements

December 31, 2019 and 2018

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) Subsequent event

During 2020, the Plan implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
