The Plan covers significantly all employees of Selman & Company, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the Company which is responsible for controlling and managing the operations and administration of the Plan.

Contributions

Each year, participants may elect to defer up to 100% of their compensation as defined by the Plan on a pre-tax or Roth post-tax basis. The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Company makes discretionary matching contributions, as determined each year by Plan management. The Company made matching contributions of 25% of participants' deferrals, up to 6% of gross compensation during 2019. The Company may also make a discretionary profit sharing contribution. No profit sharing contributions were made during 2019. Participants are eligible for both types of Company contributions after completing one year of service. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The net value of each participant's account is established daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times vested in their elective and voluntary contributions and earnings thereon. Company contributions and earnings thereon vest to participants at a rate of 20% annually after two years of service and become fully vested after six years of service. Participants also become fully vested at age 65, or upon death.

Note 1. Description of Plan (Continued)

Payment of Benefits

A participant, upon retirement, termination, disability or the attainment of age 59½ or a participant's beneficiary upon the participant's death, may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in installments, subject to Plan provisions. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's vested account balance, subject to certain restrictions. If the value of the vested benefits credited to the participant's account is \$5,000 or less at the time of termination, the entire amount will be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Company.

Termination Provisions

The Company anticipates and believes that the Plan will continue indefinitely, however, the Company reserves the right to terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, the participants will become 100% vested in their profit sharing and matching contributions and the assets then remaining in the fund will be allocated and distributed to participants in accordance with the terms of the Plan.

Notes Receivable From Participants

The Plan permits limited borrowing by a participant against the value of his or her account based upon participant contributions made under the Plan. The maximum loan balance may not exceed \$50,000 or 50% of the participant's total vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with prevailing market rates as determined by the plan administrator at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Forfeitures

Forfeitures of nonvested Company contributions are used to reduce the Company's contributions. Forfeitures for the year ending December 31, 2019 of \$7,804 were used to reduce employer contributions. At both December 31, 2019 and 2018, unallocated forfeitures were \$0.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, Custodian and Trustee. See Note 4 and Note 5 for discussion of fair value measurements and the guaranteed investment contract, respectively.

Purchases and sales of securities, as well as interest and dividend income, are recorded on the settlement-date basis. There is no significant difference between settlement-date basis and trade-date basis for the periods presented. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

All administrative expenses of the Plan are paid by the Company or the Plan at the option of the Company, or are offset with revenue sharing payments received by the Plan from investment fund managers.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2020, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the Trustee of the Plan, and Great-West Life & Annuity Insurance Company of New York, the Custodian of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2019 and 2018, the schedule of assets (held at end of year) at December 31, 2019, the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019 and the investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Investments in registered investment companies are valued at the net asset value of the shares held by the Plan on the last day of the Plan year based on quoted closing market prices in active markets for identical investments. These are classified as Level 1.

At December 31, 2019 and 2018, the fair value of the mutual funds that were valued at Level 1 was \$9,281,193 and \$7,197,582, respectively.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2018 to 2019. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on an annual basis for resetting.

This contract meets the fully benefit-responsive investment criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Party-in-Interest Transactions

The Plan pays certain administrative fees and invests in certain investments managed by the Custodian and the Trustee and their affiliates. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to the Custodian and Trustee were \$39,242 during 2019.

Note 7. Income Tax Status

The prototype document on which this Plan is based obtained an opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the prototype document, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 7. Income Tax Status (Continued)

Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Event

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease ("COVID-19") a global health emergency and subsequently declared the COVID-9 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Accordingly, the effects of the pandemic on the Plan's current and future operations are unknown at this time.
