EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

A. Description of Plan

The following description of the Integrated Medical Professionals, PLLC Employees' Deferred Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all full-time employees, with the exclusion of leased employees, of the Integrated Medical Professionals, PLLC (the "Company"), who have 1 year of service (1000 Hours) and are age 21 or older. Entry dates are quarterly (the first day of January, April, July, and October). The Plan was established on July 17, 2006 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).
2. Contributions. Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals as a percent of annual compensation as defined in the Plan to the maximum allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

During 2019 and 2018, the Company provided a safe harbor contribution equal to 3% of a participant's compensation, as defined by the Plan, taking into account only the Participant's Compensation for that part of the Plan year the Participant was eligible to participate in the Safe Harbor portion of the Plan. Safe Harbor Fixed Contributions shall be allocated to the Participant's Account as of the end of the Plan Year. Safe harbor contributions are invested as directed by the participant.

Discretionary contributions may be made in such amount (if any) as may be determined by the Company. The Company shall notify the Trustees in writing of the amount of Discretionary Contributions identified by class. For the years ended December 31, 2019 and 2018, the Company made Discretionary Contributions equal to 4.5% of a participant's compensation, as defined by the Plan, taking into account only the Participant's Compensation for that part of the Plan year the Participant was eligible to participate. Discretionary Contributions are subject to limitations as provided in the Code and as defined in the Plan. Discretionary contributions are invested as directed by the participant.

**INTEGRATED MEDICAL PROFESSIONALS, PLLC
EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

A. Description of Plan (continued...)

3. Participant accounts. Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting. Participants are vested immediately in their contributions and the Company's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service or attaining the retirement age of 65, or upon death or disability.
5. Notes receivable from participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate shall be the Prime Lending Rate plus 1% determined as of the date of the loan request. The loan must provide at least quarterly payments under a level amortization schedule. Generally, the Administrator will require that the Participant repay the loan by agreeing to payroll deduction.
6. Payment of benefits. Participants may elect to receive a distribution up to an amount equal to the value of the participant's vested interest in his or her account due to termination of service, death, disability, or retirement. A participant may receive an in-service withdrawal after attaining age 59-1/2.

In the event of a participant's death, his or her designated beneficiary may request a distribution of his or her account.

Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

7. Forfeited accounts. In the event that funds are forfeited, those forfeitures may be used to pay plan administrative expenses or to reduce employer contributions. As of December 31, 2019 and 2018 there were forfeited account balances of \$51,782 and \$70,626 respectively.

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding increase to corrective distributions.

B. Summary of Accounting Policies (continued...)

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In March 2020, the World Health Organization categorized the Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus related distributions or relief for loan repayment or the delay of required minimum distributions. The optional features within these acts are currently being assessed by Plan management. Written amendments to the Plan to reflect these operational changes will be adopted in accordance with applicable laws and IRS guidance.

No other subsequent events were identified through September 15, 2020, the date these financial statements were issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
---------	--

Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: <ul style="list-style-type: none">a. Quoted prices for similar assets or liabilities in active marketsb. Quoted prices for identical or similar assets or liabilities in inactive marketsc. Inputs other than quoted prices that are observable for the asset or liabilityd. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

C. Fair Value Measurements (continued...)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-directed brokerage accounts. Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TD Bank Institutional Money Market Deposit Account (Institutional MMDA). The Institutional MMDA is valued at book value (principal plus accumulated earnings). Assets are protected by FDIC insurance up to the applicable limit per depositor. The account is provided by TD Bank USA N.A. ("the Bank"), a subsidiary of The Toronto-Dominion Bank. Because the Institutional MMDA is a bank account rather than an SEC-registered money market fund, it has no expense ratio or prospectus. The rate of return may vary with market conditions and is subject to adjustment periodically by TD Bank USA, N.A.

MetLife GAC 25554 - Fee Class 75. Units of the Fund are valued each day on which the New York Stock Exchange ("NYSE") is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE. The NAV per unit is computed by dividing the total contract value of the assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of unit values.

C. Fair Value Measurements (continued...)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Notes to Financial Statements

D. Fully Benefit-Responsive Investment Contracts

The Plan did not hold any investments recorded at contract value as of December 31, 2019 and 2018.

E. Rollover Contributions

Rollovers may be accepted from all Participants who are Employees. Distributions may be made at any time from a participant's rollover account.

F. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by various mutual fund companies. Fees incurred within these mutual funds are included in net appreciation in fair value of investments.

During 2018, fees were paid to TD Ameritrade Trust Company, the custodian as defined by the Plan, and to BlueStar Retirement Plan Services, Summit Equities, Inc., Roland Criss, and LPL Financial – Andy Lubash for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

Notes to Financial Statements

H. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. Certified Investments

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TD Ameritrade Trust Company, the custodian.
