RETIREMENT INCOME SECURITY PLAN - TERRICA CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Retirement Income Security Plan - Terrica Corporation, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the plan's provision.

General

This plan's effective date is January 1, 2019. It is a defined contribution plan covering eligible employees. The plan is subject to the provisions of ERISA. The Plan has age requirement of 18 years for elective deferrals and matching. There is no age requirement for nonelective deferrals.. The plan has one year of service for matching contributions , three months of service for elective and no service requirement for nonelective. The Plan excludes Union members, Leased employees and Non Resident Aliens.

Contributions

Each Year participants may contribute up to 100% of their compensation and should not exceed the maximum allowable IRC 402(g) limit of $19,000 for 2019. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans.

Match rate is 100% up to 3% of compensation (exclude compensation paid due to company profits) and is subjected to the maximum IRC 415 limit for total contributions made on behalf of a participant (deferrals and employer contributions) is $56,000. Catch-up contributions can be made in excess of this limit.

Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds as options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are vested immediately in their contributions and employer's safe harbor matching contributions plus actual earnings thereon. Vesting in employer matching contributions and non-elective contributions is 3 years cliff.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2019, forfeited non-vested accounts totaled $857. These accounts will be used to reduce future employer contributions and administrative expenses. Also, in 2019, employer contributions and administrative expenses were reduced by $2,317 from forfeited non-vested accounts.

Payment of Benefits

The Plan's normal retirement age is 65. On termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The plan also allows for in-service distributions upon attainment of age 59½ for any reason, and before age 59½ due to financial hardship, as defined in the plan document.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting. Employer contributions and income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded in the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investments related expenses are included in net appreciation (depreciation) of the fair value of investments.

Notes Receivable from Participants

Participant loans are not permitted.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standard Board (FASB) issued an Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement which removes, modifies and adds disclosures to Topic 820. The amendments in this ASU 2018-13 apply to all entities that are required, under existing U.S Generally Accepted Accounting Principles (GAAP), to make disclosures about recurring or nonrecurring fair value measurements. The amendments in this ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. This update is not expected to have a material impact on the Plan's financial statements and Plan's management, the Plan Sponsor, is evaluating the impact of the update on the Plan's notes to the financial statements.

In February 2017, the FASB issued ASU 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965). This update removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments. This update is effective for fiscal years beginning after December 15, 2018, with early application permitted. This update is not expected to have a material impact on the Plan's financial statements and Plan's management, the Plan Sponsor, is evaluating the impact of the update on the Plan's notes to the financial statements.

Subsequent Events

The plan has evaluated subsequent events through September 25, 2020, the date of the financial statements were available to be issued.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Subsequent Events (continued)

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act), signed into law March 2020, introduces temporary relief provisions related to retirement plans. The Plan adopted the distribution relief provided under the CARES Act. To be eligible for this relief, the participant must satisfy one of the following requirements. 1) the participant has been diagnosed with COVID-19 or the virus SARS-CoV-2 by a CDC- approved test; 2) the participant's spouse or other tax dependent (as defined by Internal Revenue Code Section 152) has been diagnosed with COVID-19 or the virus SARS-CoV-2 by a CDC- approved test; or 3) the participant experiences adverse financial consequences as defined in the CARES Act. If eligible, participants may withdraw up to $100,000 or his/her total vested account balance, if less. This change means participants who are currently employed by the Company may take a distribution, through December 30, 2020, regardless of age or employment status. Distribution will not be subject to the 10% early withdrawal penalty that applies to distributions taken before age 591/2. Otherwise, the distributions will be included in the participant's taxable income ratably over a three (3) year tax period beginning with the 2020 tax year unless the participant elects out of this tax treatment. Any portion of the distribution repaid within three years is not taxable. In addition, the Plan adopted the loan repayment relief provided under the CARES Act, which allows participants to defer their loan repayments through December 31, 2020. The deferment could extend the terms of the loan beyond the five-year repayment period.

The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of the Plan operations because of the severity and duration of the pandemic are uncertain. However, while it is premature to accurately predict the ultimate impact of these developments, the Plan's results for the year ended December 31, 2020 may be materially impacted.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Interest in 103-12 investment entities (i.e. and investment entity that holds assets of two or more plans which are not members of a related group or employee benefit plan): Valued at the unit value based on the NAV of the underlying mutual fund at year end.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019:

	Asset at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
103-12 Investment Entities	$ -	$ -	$ -	$ 508,107
Total asset at fair value	$ -	$ -	$ -	$ 508,107

103-12 investment entities are measured at fair value using the net asset value per share or its equivalent as a practical expedient and are therefore not required to be classified in the fair value hierarchy.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019.

Investment Type	Fair Value 12/31/19	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Interest in 103-12 investments	$ 508,107	None	Daily	None

NOTE 5. NONPARTICIPANTS-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2019.

NOTE 6. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also made direct payments to third party administrators of $7,600. The Plan Sponsor pays directly any other fees related to the plan's operations. The Plan Trustee receives fees from administration and investment management.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its operations at any time and to terminate the plan subjected to the provision of ERISA. In the event of the plan termination, participant will become 100 percent vested in their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such manner as the company may determine.

NOTE 8. PLAN AMENDMENT AND TAX STATUS

The Plan obtained its latest determination in which the Internal Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. RISK AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the statement of net assets available for benefits.
