To the Plan Administrator and Trustees
The Corradino Group, Inc. Salary Savings
and Investment Plan

We have conducted a DOL limited-scope audit of the financial statements of The Corradino Group, Inc. Salary Savings and Investment Plan (the "Plan") for the year ended December 31, 2019, and have issued our report thereon dated July 16, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 10, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2019. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The determination of the fair value and contract value of the investments held by the Plan. All investment information was obtained or derived from the information supplied to the Plan Administrator and certified as complete and accurate by Voya Institutional Trust Company, at December 31, 2019. Additional information related to the investments held by the Plan is disclosed in Notes 4 and 5 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No material misstatements were identified during the course of the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 16, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Matters or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of plan management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior year, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Trustees, Plan Sponsor and Administrator, Custodians, and others within the management of the Plan Sponsor and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Note 1 - Description of the Plan

The following description of the Corradino Group, Inc. Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan established on May 1, 1984 covering all employees of the Corradino Group, Inc. (the "Sponsor" and "Plan Administrator") who are age twenty-one or older and provides immediate eligibility, monthly enrollment, to participants in the Plan upon initiation of employment with the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute an amount of pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. New employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation after 30 days of employment, unless the employee elects not to participate. Additional amounts may be contributed (nonelective – profit sharing) by the Sponsor at the option of the Sponsor's Board of Directors. Contributions are subject to certain limitations. During the year December 31, 2019, the Sponsor matched 50% of participants' contributions up to an annual maximum of $ 2,000. Participants may contribute to the Plan the lesser of $ 19,000 or 100% of their compensation, as well as an additional $ 6,000 for eligible participants over 50 years of age.

Participants accounts (self-directed): Each participant's account is credited with the participant's and the Sponsor's contributions and allocations of Plan earnings (losses). Allocations are based on participant earnings (losses) on account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in any of several investment options offered by the Plan. The Plan also allows for participant-directed brokerage accounts whereby the participant can buy and sell securities through a broker. Participants may change their investment options at their discretion.

Vesting: Participants are immediately vested on their voluntary contributions plus the earnings (losses) thereon. Vesting of the Sponsor's matching and discretionary contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of continuous service. A participant vests 25% a year after the second year of service and is 100% vested after five years of credited service.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals of pre-tax contributions prior to termination are allowed after the attainment of age 59 ½, in the event of financial hardship, or in the event of a disability, subject to certain limitations as defined in the Plan document.

Forfeitures: All non-vested benefits are forfeited by participants should they terminate employment prior to becoming vested. Forfeitures are used to reduce future employer contributions. At December 31, 2019, forfeited non-vested accounts totaled approximately $ 8,000. The amount of forfeited non-vested benefits that was used to reduce employer contributions was approximately $ 9,000 for the year ended December 31, 2019.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $ 1,000 and a maximum of the lesser of $ 50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the participant's vested account balance and bear interest computed on the basis of the prime rate. Principal and interest are paid ratably through monthly payroll deductions. At December 31, 2019 and 2018, notes receivable from participants totaled approximately $ 256,000 and $ 255,000, respectively. Interest income earned in connection with participant loans for the year ended December 31, 2019 was approximately $ 11,000.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition: Investments are generally stated at estimated fair value, except for the Plan's fully benefit-responsive investment contracts (guaranteed interest accounts), which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. The net appreciation or depreciation in the fair value of Plan investments includes realized and unrealized gains and losses. Purchases and sale of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. All other administrative expenses are paid by the Plan Sponsor.

Date of management review: The Plan's management has evaluated subsequent events through July 16, 2020, the date which the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, Voya Institutional Trust Company, the custodian of the Plan assets, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019, except for notes receivable from participants.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board, Accounting Standards Codification, ("FASB ASC") No. 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs consist of unobservable inputs for the investments, and have the lowest priority.

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts - mutual funds: Pooled separate accounts (PSA) are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued based on the net asset value (NAV) of the underlying mutual funds or securities. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Self-directed brokerage accounts include deposits/money market funds, exchange traded funds, and common stocks. Deposits/money market funds, level 2, are generally valued at amortized cost, $ 1.00 per share, which approximates fair value. Exchange traded funds and common stocks, level 1, are valued at the closing price reported on the active market on which the individual securities are traded.

The Plan's investments are reported at estimated fair value in the accompanying statements of net assets available for benefit. The investments, at fair value, are classified as follows:

		Fair Value Measurement Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Investments Valued at N.A.V.
At December 31, 2019:				
Pooled separate accounts - mutual funds	$ 14,135,241	$ -	$ -	$ 14,135,241
Self-directed brokerage accounts	273,830	238,664	35,166	-
Money market funds	8,301	8,301	-	-
Total investments at fair value	$ 14,417,372	$ 246,965	$ 35,166	$ 14,135,241
At December 31, 2018:				
Pooled separate accounts - mutual funds	$ 10,901,123	$ -	$ -	$ 10,901,123
Self-directed brokerage accounts	591,382	554,976	36,406	-
Total investments at fair value	$ 11,492,505	$ 554,976	$ 36,406	$ 10,901,123

Note 5 - Guaranteed Interest Accounts

Previously, the Plan entered into a fully benefit-responsive contract (guaranteed interest accounts) with Voya Retirement Insurance and Annuity Company totaling $ 1,542,642 and $ 1,459,486 at December 31, 2019 and 2018, respectively. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed (minimum of 1%) by the investment contract. Interest rates are subject to change at any time.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment vehicle. This investment option is presented on the face of the statements of net assets available for benefits at contract value which approximates fair value in arriving at net assets available for benefits. Estimated fair value, as certified by the custodian (Note 3) amounted to $ 1,588,785 and $ 1,417,220 at December 31, 2019 and 2018, respectively. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, as permitted by the contract.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

Note 6 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Notes 4 and 5. In addition, there have been benefit and withdrawal distribution payments of approximately $ 973,000 to Plan participants during the year ended December 31, 2019. There were no deemed distributions of participant loans during the year ended December 31, 2019.

Note 7 - Tax Status

The Plan obtained its latest determination letter dated September 1, 2014, in which the Internal Revenue Service stated that the Plan, a prototype non-standardized profit-sharing plan with CODA, was in compliance with the applicable requirements of Internal Revenue Code Section 401(k) (the "IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Trust is, therefore, exempt from Federal income tax. Participants are not subject to Federal income taxes on the applicable contributions, interest and dividend income, or other income until distributions are made to them.

Note 7 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the custodian are considered party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10 - Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 11 - Subsequent Events

In March 2020, the *World Health Organization* declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result, the local and global financial markets are experiencing significant declines and creating economic uncertainties. At this time, it is unknown how this negative outlook will impact the Plan's financial statements. No adjustments have been made to the accompanying financial statements as a result of these current events.
