Basis for Disclaimer of Opinion

1. Description of the Plan

The following description of Hart Hotels, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete descriptions of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Hart Hotels, Inc. and related companies (the Companies). The Plan is subject to the provisions of ERISA.

The Plan Administrator is Hart Hotels, Inc. (Plan Administrator). The 401(k) Plan Advisory Committee is responsible for the oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Employees who are age 21 are eligible to participate upon completing 1,000 hours of service within a year, as defined, excluding employees covered by a collective bargaining agreement which does not expressly provide for participation in the Plan.

Contributions

Each year, participants may contribute up to 25 percent of pretax annual compensation, as defined in the Plan, and elect to defer up to 90 percent of bonus compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation. Participants' automatic deferral rates are automatically increased by 1 percent each year, up to a maximum of 6 percent, unless they opt to contribute a different percentage.

At its discretion, the Companies may contribute an amount to each participant's account based on a percentage of the participant's contributions into the Plan. For the years ended December 31, 2019 and December 31, 2018, the Companies matched 50 percent of the first 1 percent of compensation contributed by the participant and 20 percent of the remaining compensation contributed by the participant, up to 3 percent of a participant's eligible compensation, as defined.

Contributions are subject to certain limitations of the Internal Revenue Code. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Administrator contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Companies' contributions become 20 percent vested after two years of credited service, as defined, with vesting increasing at 20 percent increments each year thereafter to 100 percent after six years of credited service.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent on the date the loan is taken out (at December 31, 2019, the prime rate was 4.75 percent). A participant may not have more than two loans outstanding at any given time. Loan terms may not exceed five years unless the purpose of the loan is to acquire the participant's principal residence, in which case a longer loan term may be granted. Principal and interest are generally paid bi-weekly through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a distribution of the participant's vested interest in the participant's account in the form of a lump-sum payment, partial payments, installment payments, or purchase of an annuity contract. For termination of service for other reasons, a participant with a vested account balance up to $1,000 may receive the value of the vested interest in his or her account as a lump-sum distribution or roll over distribution into another qualified plan. For a participant with a vested account balance that exceeds $1,000 but does not exceed $5,000, the Plan Administrator may instruct that the participant's balance be distributed as a lump-sum payment to an individual retirement account through Merrill Lynch if the participant does not make an affirmative election to either receive or roll over the distribution. Benefits are provided for normal retirement at an attained age of 65 or may be deferred if the participant continues in active service with the Plan Administrator. The Plan also permits in-service withdrawals for participants who have attained age 59 ½ and hardship withdrawals.

Forfeitures

Forfeited non-vested accounts are used to reduce the Companies' future contributions and administrative expenses. At December 31, 2019 and December 31, 2018, forfeited non-vested accounts totaled $17,753 and $16,738, respectively. Forfeitures reduced the Companies' contributions by $14,356 and $4,506 for the years ended December 31, 2019 and December 31, 2018, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and December 31, 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses
Certain expenses of maintaining the Plan may be paid directly by the Companies and are excluded from these financial statements. Expenses may also be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation/depreciation in fair value of the investments.

Subsequent Events
The Plan has evaluated subsequent events through September 24, 2020, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Mutual Funds
Valued at the daily closing price as reported by the fund. Money Market mutual funds held by the Plan are open-end mutual funds that are registered with the SEC that generally transact at a stable $1.00 value representing its estimated fair value. On a daily basis, the fund's value is determined by the fund based on the amortized cost of the fund's underlying investments.

There have been no changes in the methodologies used at December 31, 2019 and December 31, 2018.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurement (Continued)

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2019 and December 31, 2018, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	December 31, 2019

4. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Reliance Trust Company, in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedules that was prepared and furnished to the Plan by Reliance Trust Company. The Plan has obtained a certification from Reliance Trust Company that the information is complete and accurate as of and for the years ended December 31, 2019 and December 31, 2018.

	December 31, 2019	December 31, 2018
Assets as of		
Mutual funds	$ 6,919,239	$ 5,581,642
Notes receivable from participants	157,456	124,488
Transactions for the year ended		
Dividend income	$ 369,501	$ 425,507
Other interest income	800	785
Net appreciation (depreciation) in fair value of investments	784,092	(786,603)
Notes receivable interest	4,138	3,550

The notes receivable from participants that were certified do not agree to the statements of net assets available for plan benefits and the related interest income on these notes do not agree to the statements of changes in net assets available for plan benefits due to reclassifications of deemed distributions.

5. Party-in-Interest Transactions

Certain Plan activities are managed by ADP Retirement Services, Merrill Lynch and Reliance Trust Company. As defined by the Plan, Hart Hotels, Inc. administers the Plan, ADP Retirement Services is the Plan record keeper, Merrill Lynch is the investment advisor and Reliance Trust Company is the custodian of all assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and investment management services included in administrative expenses amounted to $7,946 and $8,189 for the years ended December 31, 2019 and December 31, 2018, respectively. Fees paid by the Plan for investment management services to Merrill Lynch are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue share, rather than a direct payment. The Companies pay directly any other expenses related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator reserves the right to terminate or revoke the Plan at any time, subject to provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in their accounts.

7. Tax Status

The Plan uses a prototype plan document sponsored by Automatic Data Processing Inc. (ADP). ADP received an opinion letter from the IRS dated July 16, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Corrective Distributions

For the year ended December 31, 2019, the Plan's actual deferral percentage and actual contribution percentage discrimination test was completed in 2020. Based on the results of this test, it was determined that the Plan had excess contributions of $32,228. These excess contributions were recorded as a liability as of December 31, 2019, with a corresponding reduction to contributions.

For the year ended December 31, 2018, the Plan's actual deferral percentage and actual contribution percentage discrimination test was completed in 2019. Based on the results of this test, it was determined that the Plan had excess contributions of $19,582. These excess contributions were recorded as a liability as of December 31, 2018, with a corresponding reduction to contributions.

The Plan distributed $18,462 and $17,064 for excess contributions in 2019 and 2018 related to contributions for the years ended December 31, 2018 and December 31, 2017, respectively.

10. Non-exempt Prohibited Transactions

Some employees' 401(k) pretax contributions were not remitted to the Plan within the defined time period. The defined time period requires that the Plan Administrator remit the employee contributions to the Plan as soon as they can be reasonably segregated from the Plan Administrator's general assets.

A party-in-interest engaging in a non-exempt prohibited transaction is subject to an excise tax of 15 percent. The tax is imposed even if the transaction was inadvertent or benefits the Plan. Further, additional taxes may be imposed if the transactions is not corrected in a specified period of time. Non-exempt transactions are disclosed in the accompanying supplemental schedule of delinquent participant contributions.

11. Subsequent Events

In March 2020, a global pandemic was declared by the World Health Organization over the spread of COVID-19, commonly known as the coronavirus. This outbreak has significantly disrupted supply chains and has affected production and sales across a range of industries throughout the United States. In addition, New York State has mandated significant workplace personnel limitations on non-essential companies. The extent of the impact of COVID-19 on the Plan and its Plan Sponsor's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on customers, employees and vendors all of which are uncertain and cannot be predicted. Since the outbreak began, decreases and fluctuations have occurred in the market values of the Plan's investment assets due to this uncertainty. At this point, the extent to which COVID-19 may ultimately impact the Plan's financial condition is uncertain.
