MHC MEDICAL PRODUCTS, LLC 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the MHC Medical Products, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of MHC Medical Products, LLC (the Company) who have one year of service, which includes having worked at least 1,000 hours, and are age twenty or older. Eligible employees of Rock Castle Property Management are also covered under the Plan as an agreement is in place with the entity recognizing its adoption of the Plan. Employees will have the opportunity to become a participant on the first “entry date”, January 1, April 1, July 1, or October 1 of each year, once that employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2019, the Plan was amended to update the types of contributions that may be made under the Plan. This amendment added Roth 401(k) deferrals as a type of contribution.

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Company may make matching contributions, as well as a profit sharing contribution to the Plan. These amounts will be determined by the Company’s Board of Directors on an annual basis. For both the years ended December 31, 2019 and 2018, the Company made matching contributions equal to 25% of the participant’s deferrals up to the first 6% of the participant’s compensation. There was no profit sharing contribution for either 2019 or 2018. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant’s contributions and allocations of (a) Plan (losses) earnings, including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. Vesting begins upon the completion of one year of service and a participant is 100% vested after four years of credited service.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

If a participant is not fully vested on their termination date, the non-vested amount of their account is forfeited. Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than $5,000 will receive a lump sum amount equal to the vested portion of their account upon termination. Participants with a vested balance in excess of $5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payments of benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan failed to distribute the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and 2019, respectively.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2019 and 2018 included $-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2014. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the MHC Medical Products, LLC 401(k) Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at either December 31, 2019 or 2018.

Mutual Funds (including Money Market Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018:

December 31, 2019	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 21,507	$ -	$ -	$ 21,507
Mutual Funds	1,907,847	-	-	1,907,847
Total Assets in the Fair Value Hierarchy	$ 1,929,354	$ -	$ -	$ 1,929,354

December 31, 2018	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 82,800	$ -	$ -	$ 82,800
Mutual Funds	1,293,220	-	-	1,293,220
Total Assets in the Fair Value Hierarchy	$ 1,376,020	$ -	$ -	$ 1,376,020

For both the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 – LIMITED SCOPE AUDIT

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at both December 31, 2019 and 2018, and the net appreciation (depreciation) in fair value of investments, interest, and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Newport Trust Company, the trustee of the Plan.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 – FORFEITURES

For each of the years ended December 31, 2019 and 2018, forfeitures of $-0- were used to pay Plan expenses and to offset employer contributions. As of December 31, 2019 and 2018 there were $1,275 and $655, respectively, in unallocated forfeitures.

NOTE 7 – PARTIAL PLAN TERMINATION

A partial plan termination occurs when more than 20% of the total plan participants are terminated in a particular year. This can occur in connection with a significant corporate event, such as closing of a division, or due to other reasons not within an employer's control. In the case of a partial plan termination, all affected employees become fully vested in all employer contributions, regardless of the plan's vesting schedule, as of the date of the partial plan termination. An affected employee in a partial plan termination is generally anyone who left employment for any reason during the plan year in which the partial termination occurred and who still has an account balance under the plan.

As a result of certain events at the Company, the Plan did experience a partial plan termination at December 31, 2017. All affected employees became 100% vested in all employer contributions as a result.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2020, which is the date the financial statements were available to be issued.

Subsequent to the date of these financial statements, the world has been responding to an outbreak of a respiratory disease caused by a novel coronavirus. This coronavirus outbreak has been declared a pandemic by the World Health Organization and declared a national emergency in the United States of America. The outbreak and response has impacted financial and economic markets across the world and within the United States of America. These conditions and other economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments have likely incurred a significant decline in fair value since December 31, 2019. The extent to which the Plan may further be impacted by this outbreak will depend largely on future developments, which are highly uncertain and cannot be accurately predicted. Thus, while the Plan Sponsor and others involved with the Plan continue to monitor this emergency and adjust accordingly, the impact to the Plan is uncertain as the date of these financial statements, and as such, no adjustment has been made to these financial statements as a result.
