NOTE 1 – PLAN DESCRIPTION

The following description of IPS Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of defined contribution plan established by IPS Group, Inc. (the “Company” or “Employer”) on April 25, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA”).

Effective April 25, 2019, the Plan is administered, and assets are held by Great-West Trust Company, LLC (the “Custodian”). Under trust agreements with the Custodian, the Custodian holds the assets of the Plan, including all contributions and earnings thereon.

Eligibility

The Plan covers non-union employees who completed one month of service and are at least 18 years old. An employee becomes eligible to participate in the Plan on the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirements.

Contributions

The 401(k) salary deferral option allows participants to defer a portion of their salaries for income tax purposes through contributions to the Plan. Participants may elect to defer up to up to the maximum amount of $19,000 that is permitted under the Internal Revenue Code (the "Code"). In addition, participants who have attained age 50 before the end of a calendar year are eligible to make catch-up contributions. Such maximum additional contribution was $6,000 for 2019. Participants direct the investment of contributions into various investment options offered by the Plan.

A participant may, with the consent of the Plan administrator, make a rollover contribution to the Plan. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which a participant participated prior to employment with the Company. During the period ended December 31, 2019, there were $11,133 in rollover contributions transferred to the Plan.

The Company may make discretionary matching or nonelective contributions to the Plan. There were no Company contributions to the Plan during the period ended December 31, 2019.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company' contributions, Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in their contributions and actual earnings thereon. The Company contributions to a participant shall vest subject to the following vesting schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become fully vested upon termination for reason of retirement, death, or disability, or if the Plan is terminated. Non-vested benefits are forfeited by participants upon termination for reasons other than normal retirement, death, or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans may have a term of one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate posted in the Wall Street Journal plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants may request an in-service distribution prior to the event of termination of employment by attaining age 59-1/2, financial hardship or incur a disability. The distribution may be taken through a lump-sum payment. Upon termination of service for any reason, a participant is entitled to the vested value of their accounts in a lump sum payment or have the funds transferred to an IRA or other retirement plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. See Note 3 for discussion of fair value measurements. Investments in benefit responsive guaranteed investments contracts are reported at contract value which represents contributions made plus earnings less withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation, or depreciation on those investments bought and sold during the year.

Payment of Benefits

Distributions to participants are recorded when paid. As of December 31, 2019, there were no distributions payable related to terminated Plan participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy under FASB ASC 820 as of December 31, 2019:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value. Although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Mutual Funds

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 159,583	$ -	$ -	$ 159,583
Total investments, at fair value	$ 159,583	$ -	$ -	$ 159,583

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by a custodian need not be audited or reported on. Pursuant to that regulation, the Plan administrator has obtained a certification from the Custodian as of December 31, 2019, and from April 25, 2019 to December 31, 2019, that the information provided to the Plan administrator by the Custodian is complete and accurate. This includes the values of the investments, the activity therein, interest and dividend income, net appreciation/depreciation in investments and all information presented in the supplemental schedule of assets (held at end of year).

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the participants' account balances fully vest and they would be distributed.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include mutual funds that are held by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – INCOME TAX STATUS

The Plan has adopted a prototype plan and relies on the prototype plan's opinion letter from the Internal Revenue Service ("IRS"). The Plan has not applied for a determination letter from the IRS specific for the Plan. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PROHIBITED TRANSACTIONS

During the period ended December 31, 2019, the Company failed to timely deposit participant contributions totaling $2,427 within the timeframe required by DOL regulations. These late deposits are considered prohibited transactions and will be corrected in 2020.

NOTE 10 – SUBSEQUENT EVENTS

In March 2020, an outbreak of a novel strain of coronavirus (“COVID-19”) emerged globally. As a result, events have occurred including mandates from federal, state, and local authorities leading to an overall decline in economic activity which could result in significant changes in overall Plan participation, a decline in Plan assets value, and other material adverse effects to the Plan’s financial status. The Plan administrator is not able to reliably estimate the length or severity of this outbreak and the related financial impact.

The Plan has evaluated events and transactions for potential recognition or disclosures as of September 11, 2020, which is the date the financial statements were available to be issued.
