1. DESCRIPTION OF PLAN:

The following description of the York Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was amended and restated effective April 3, 2018, is a defined contribution plan established on January 21, 2002 covering all eligible employees of Fox Hill Holdings, Inc. and its subsidiaries (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2019, the Employer approved a merger of the Plan to the Sedgwick 401(k) Savings Plan, and eligible employees of the Plan began participating in the Sedgwick 401(k) Savings Plan. All Plan assets were transferred to the Sedgwick 401(k) Savings Plan as of December 31, 2019.

Eligibility

All employees who are age 18 or older are eligible to enter the Plan. Certain employees are excluded from participation, as defined in the Plan. An employee may participate in the Plan as of the first day that the employee meets the eligibility requirements.

Contributions

Employees may contribute up to 75% (25% prior to April 3, 2018) of eligible compensation, as defined, each year, subject to limits established by law. Eligible employees are automatically enrolled in the Plan at 3% (2% prior to April 3, 2018) of eligible compensation with an automatic increase of 1% annually up to a maximum of 10% (6% prior to April 3, 2018), unless the employee has elected to decline participation or has elected a different contribution percentage. The participants' elective deferrals must be at least 1% of eligible compensation. The participants' elective deferrals are not taxed as compensation in the year of deferral. Participants are permitted to make elective Roth contributions to the Plan. Participants may also contribute rollover contributions representing distributions from other qualified plans and participants who reach age 50 may elect to make catch-up contributions.

The Plan provides for Employer matching contributions and Employer discretionary contributions to eligible employees, as defined by the Plan document. The Employer made matching contributions equal to 50% of the first 6% of an employee's eligible compensation during 2019 and 2018. There were no Employer discretionary contributions during 2019 or 2018.

Participant accounts

Individual account balances are maintained for each participant. Each participant's account is credited with the participant's contributions, related Employer contributions, and an allocation of Plan investment earnings. Each participant's account is decreased by an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan's investments are participant-directed.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of credited service. Participants are automatically vested upon attainment of normal retirement age (65), or upon termination due to disability or death.

Payment of benefits
Upon termination of service, death, disability, retirement, or reaching age 59 ½, distributions may be made to the participant or beneficiary in a single lump sum payment, or certain installment payments. Normal retirement is at age 65; however, the Plan also provides for early retirement upon attaining age 55 and having 10 years of credited service. A participant may also elect to withdraw his or her deferred contributions and vested Employer contributions in the event of financial hardship, subject to Plan provisions.

Participant notes receivable
Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. Note terms range from six months to five years (or longer for the purchase of a primary residence) and a participant may only have one outstanding note at a time (three prior to April 3, 2018). The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator at the time of granting the participant note. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts
Forfeited nonvested accounts may be used to pay Plan administrative expenses, reduce Employer matching contributions, and to reduce Employer discretionary contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative expenses
Certain expenses incurred in the administration of the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of participant notes receivable, distributions, or other transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of benefits
Benefits are recorded when paid.

Participant notes receivable
Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant notes are reclassified as distributions upon default, as defined, based upon terms of the Plan. No allowance for credit losses has been recorded at December 31, 2019 or 2018.

Subsequent events
The Plan has evaluated subsequent events through September 16, 2020, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the custodian of the Plan for the period April 3, 2018 through December 31, 2019, and Vanguard Fiduciary Trust Company (Vanguard), the custodian of the Plan for the period January 1, 2018 through April 2, 2018:

Investments
Net appreciation (depreciation) in fair value of investments
Interest and dividend income

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018.

Registered investment companies: The fair value of these securities is based on the net asset value (NAV) of shares held by the Plan at year end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Interest-bearing cash: The carrying value approximates fair value.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy:				
Registered investment companies	$ 260,052,128	-	-	260,052,128
Interest-bearing cash	51,166	-	-	51,166
Investments measured at NAV:				
Common collective trusts	-	-	-	18,772,816
Investments, at fair value	$ 260,103,294	-	-	278,876,110

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trusts	$ 18,772,816	n/a	Daily	Daily

5. FORFEITED ACCOUNTS:

Forfeited nonvested accounts totaled $0 and $51,972 as of December 31, 2019 and 2018, respectively. During 2019 and 2018, $447,666 and $734,608, respectively, of forfeitures were used to reduce Employer contributions. During 2019 and 2018, $144,416 and $113,981, respectively, of forfeitures were used pay Plan expenses.

6. TAX STATUS:

Effective April 3, 2018, the Employer adopted a volume submitter plan document which received an opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Prior to April 3, 2018, the Plan operated under a plan document where the IRS determined and informed the Employer by a letter dated March 26, 2012, that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

7. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments were managed by Fidelity and Vanguard, the custodians of the Plan. Therefore, these transactions and related fees qualify as party-in-interest transactions to the Plan.

8. NONEXEMPT TRANSACTIONS:

During 2019, 2018, 2017, and 2016, certain employee withholdings totaling $23,193, $2,688,882, $5,786,792 and $63,397, respectively, were not remitted to the Plan on a timely basis within the Department of Labor guidelines. Those transactions constituted nonexempt prohibited transactions and the plan administrator does not believe it would affect the tax status of the Plan. The Employer has taken necessary corrective actions for all affected participants.

9. PLAN TRANSFERS:

During 2018, assets were transferred to the Plan from York Affiliated Companies 401(k) Plan and Trust in the amount of $70,809,765 and from Northeast Association Management, Inc. Retirement Trust in the amount of $12,566,573.
