Guiry's 401(k) Plan
Notes to Financial Statements

Note 1: Plan Description

The following description of Guiry's 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Guiry's Inc. (the "Company"), who have attained three months of service and are age 18 or older. The Plan entry date is the first day of the month after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the plan administrator and is responsible for the oversight of the Plan. Reliance Trust Company ("Reliance") serves as the custodian and Automatic Data Processing, Inc. ("ADP") provides third party administration services to the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute up to 90% of compensation, not to exceed the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualified plans. The Company makes matching contribution equal to 100% of the first 2% of compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company matching contributions, and allocations of plan investment earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. Participants may change their investment options at any time.

Note 1: Plan Description (Continued)

Vesting

Participants are immediately vested in their salary deferrals and rollovers, plus actual earnings thereon. Company contributions, plus actual earnings thereon, are fully vested after six years of credited service. In the event of permanent disability or death, participants' accounts become 100% vested.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $500, up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 2.00%. All loans must be repaid in five years unless the loan is for the purchase of a principal residence, in which case the loan tern can be up to 30 years. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows for in-service distributions upon attaining the age 59 ½.

Hardship withdrawals are available if the participant meets certain criteria. Effective January 1, 2019, the Plan adopted the new hardship withdrawal provisions of the Bipartisan Budget Act of 2018 (the "Act"). The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. The Plan is currently being amended to adopt these changes.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $10 and $653, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During 2019, forfeitures of $3,000 were used to offset Company matching contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit (losses) has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are paid through revenue sharing and included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through August 26, 2020, which is the date the financial statements were available to be issued. Management of the Company has not identified any subsequent events that require reporting or disclosure, except as noted in Note 9.

Note 3: Information Prepared and Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Interest and dividend income and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- Notes receivable from participants.
- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The stable value fund is a collective instrument trust for which NAV is based on the market value of the underlying investments and is being used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the underlying investments for an amount different than the reported NAV. The fund's unit price is quoted on a private market that is not active; however, the unit price is based on discounted cash flows using prevailing interpolated yield curves for conventional guaranteed investment contracts, the quoted prices of underlying assets for synthetic investment contracts, and amortized cost for short-term securities.

Note 4: Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 864,350	$ -	$ -	$ 864,350
Total Investment Assets in the Fair Value Hierarchy	$ 864,350	$ -	$ -	864,350
Investment Assets Measured at NAV				3,205
Total Investment Assets at Fair Value				$ 867,555

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 558,017	$ -	$ -	$ 558,017
Total Investment Assets in the Fair Value Hierarchy	$ 558,017	$ -	$ -	558,017
Investment Assets Measured at NAV				2,721
Total Investment Assets at Fair Value				$ 560,738

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively.

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Stable Value Fund	$ 3,205	n/a	Daily	30 Days

December 31, 2018	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Stable Value Fund	$ 2,721	n/a	Daily	30 Days

Note 5: Party-in-Interest Transactions

Reliance is the custodian and ADP is the recordkeeper, therefore, transactions with these companies qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2019, the Plan made direct payments of $602 to these parties-in-interest which were not covered by revenue sharing. The plan sponsor pays directly any other fees related to the Plan's operations.

Notes receivable from participants qualify as party-in-interest transactions which are exempt from prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan utilizes a non-standardized prototype 401(k) plan document which obtained a favorable determination letter from the IRS dated July 8, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9: Subsequent Events

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid 19 virus crisis ("CV19 Crisis"). The Company's operations have not been significantly impacted by the CV19 Crisis; however, the Company continues to monitor the situation. Negative impact to the Company's results of operations, cash flows, and financial condition, and the ability for the Company to continue to make contributions to the Plan, cannot be reasonably estimated or determined at this time.

The Plan is evaluating whether certain optional provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, will be adopted, including coronavirus-related distributions and suspended participant loan payments and increased loan limits. Required plan amendments for these provisions must be made by the last day of the plan year, beginning on or after January 1, 2022.
