NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the All Quality & Service, Inc. 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established on January 1, 1998, by All Quality & Service, Inc. (the Company) to provide retirement benefits for its employees in accordance with section 401(k) of the Internal Revenue Code (IRC). The Plan is a participant-directed defined contribution plan covering all employees who are at least age 21 and have completed twelve consecutive months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees may defer up to 90% of their pre-tax compensation and contribute it to the Plan, not to exceed $19,000 in 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Each participant may elect to have their individual account invested in a combination of funds held by the Plan's trustee.

In accordance with the Plan, the Company matched 25% of the employee's contributions up to the first 5% of eligible earnings for the year ended December 31, 2019. The Company may also make a non-elective contribution, at the discretion of the Company's Board of Directors. The Company did not make a non-elective contribution for the year ended December 31, 2019. Such contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings and account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account.

Vesting

Participants are always fully vested in their own contributions plus actual earnings thereon. Participants vest in Company matching contributions and non-elective contributions as follows: 25 percent after the second year of credited service, increasing by 25 percent for each year of service thereafter. After five years of service participants are fully vested in Company contributions. For vesting purposes, employees must have at least 1,000 hours of service during any Plan year to be credited with a year of service.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, a partial withdrawal, or a direct rollover distribution into a qualified plan.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $1,038 and $1,023, respectively. These accounts will be used to offset Plan expenses or to fund future Company matching contributions. In 2019, no forfeited non-vested accounts were used to fund employer contributions.

Notes Receivable from Participants

Participants may borrow up to one half of the present value of the vested balance of their Plan account, up to a maximum of $50,000. Generally, loans must be repaid over no more than a five-year period and are payable in full upon the participant's termination or the occurrence of other certain events. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

Administrative Expenses

The Company, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to termination processing, and are charged for expenses incurred by the custodian and trustees in the performance of their duties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value and contract value as certified by the Plan's trustees. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing the accompanying financial statements, management has performed an evaluation of significant events from January 1, 2020, through September 17, 2020, which is the date these financial statements were available for issuance.

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The potential economic impact to the Plan and its sponsor is difficult to assess and will depend upon future developments that cannot be reasonably predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provides eligible individuals with coronavirus-related relief for loan repayment, suspends required minimum distributions, and delays the commencement date for required minimum distributions. The optional features within this act are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the trustees as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2019 and 2018;
- Summaries of investment income and transactions for the year ended December 31, 2019.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions as of December 31, 2019 and 2018.

As of December 31, 2019 and 2018, assets in the Plan, as defined by ASC Topic 820, were as follows:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,264,929	-	-	$ 2,264,929
Total assets in the fair value hierarchy	2,264,929	-	-	2,264,929
Investments measured at NAV (practical expedient)				209,915
Investments at fair value				$ 2,474,844

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,953,969	-	-	$ 1,953,969
Total assets in the fair value hierarchy	1,953,969	-	-	1,953,969
Investments measured at NAV (practical expedient)				194,545
Investments at fair value				$ 2,148,514

NOTE 5: TAX STATUS

On July 8, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants' accounts shall become fully vested and non-forfeitable, and the Plan administrator will distribute to the participants all assets remaining in the Plan as of the date of such termination, less any expenses chargeable to the Plan.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8: PARTY- IN- INTEREST TRANSACTIONS

Certain Plan investments include shares of registered investment company funds managed by Reliance Trust Company. As Reliance trust Company is the custodian of these assets, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 9: EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the years ended December 31, 2019 and 2018. As of December 31, 2019 and 2018, excess contributions amounting to $658 and $480, respectively, are recorded as liabilities on the accompanying statements of net assets available for benefits and as reductions of participant contributions for the year. The Plan distributed these excess contributions to the affected participants during 2020 and 2019, respectively.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Plan's Form 5500:

	2019	2018
Net assets available for benefits per financial statements	$ 2,560,940	$ 2,216,715
