Notes to Financial Statements

1. Description of Plan

The following description of the TECT-Utica Bargained 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to cover all collective bargaining employees of TECT-Utica Corporation (the "Company") who have one year of service. The Investment Committee controls and manages the operation and administration of the Plan. Bank of America, N.A. serves as the trustee of the Plan ("Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

All employees of the Company whose employment is covered by a collective bargaining agreement and who have completed one year of service in which they have been credited with at least 750 hours of service are eligible for participation in the Plan.

Contributions

Each year, participants may contribute compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company will make a non-discretionary matching contribution to all eligible employees equal to fifty percent of compensation that a participant contributes to the Plan up to a maximum of 0.5% of each participant's compensation. The Company will also contribute $0.45 per hour worked. Additional Company contributions may be made at the discretion of the Company's board of directors. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value collective trust fund as options.

Participant accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2019,

outstanding loans bore interest rates ranging from 4.25% to 6.5%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $4,238 and $1,404, respectively. These accounts will be used to reduce employer contributions and then pay administrative expenses. During 2019, no forfeitures were used to offset employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through September 21, 2020 the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following is a description of the valuation methodologies for assets measured at fair value:

Mutual funds
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund
The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by the Trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value on a recurring basis as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Fair Value**
Mutual funds	**$ 5,827,907**	**$ -**	**$ -**	**$ 5,827,907**
Total assets in the fair value hierarchy	**$ 5,827,907**	**$ -**	**$ -**	**5,827,907**
Investments measured at NAV *(a)*				**463,630**
Investments at fair value				**$ 6,291,537**

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Fair Value**
Mutual funds	$ 5,251,608	$ -	$ -	$ 5,251,608
Total assets in the fair value hierarchy	$ 5,251,608	$ -	$ -	5,251,608
Investments measured at NAV *(a)*				390,462
Total assets				$ 5,642,070

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2019	**Fair Value at December 31, 2018**	**Unfunded Commitments**	**Other Redemption Restrictions**	**Redemption Notice Period**
Stable value collective trust fund	**$ 463,630**	$ 390,462	None	Daily	12 months

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels during the year ended December 31, 2019.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that was obtained from data prepared and certified to be complete and accurate by the Plan's Trustee:

	2019	2018
Cash and investments	**$ 6,291,920**	$ 5,642,070
Notes receivable from participants	**$ 232,009**	$ 262,883
Net appreciation in fair value of investments	**$ 1,072,937**	
Interest and dividends	**$ 243,853**	
Interest income from notes receivable from participants	**$ 13,081**	

5. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Merrill Lynch Bank and Trust Co., FSB ("Merrill Lynch"). Merrill Lynch is a wholly owned subsidiary of the Trustee as defined by the Plan, and therefore these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee by the Plan for administrative services were $1,771 for the year ended December 31, 2019.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Subsequent to the date of the statement of net assets available for benefits, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. This contagious disease outbreak has continued to spread across the globe and is impacting worldwide economic activity and financial markets. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty.

In February 2020, the Company was purchased by a separate company. The employees of the Company became employees of the new company in conjunction with this sale and will have the opportunity to participate in the retirement plan sponsored by this company. As such, the Plan will be properly amended to reflect these changes.
