INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Aran Eye Associates, P.A. 401(k) Profit Sharing Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aran Eye Associates, P.A. 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by MassMutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), referred to as "supplemental information," as of or for the year ended December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Aran Eye Associates, P.A. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. More complete information regarding items such as employee and employer contributions, eligibility, vesting, and benefit provisions, may be found in the Plan agreement. Participants should refer to the Plan agreement for a more complete description of the Plan's provision, which is available upon request.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2018.

Eligibility Requirements - To become eligible, participants must have completed 1,000 hours of service with the employer, Aran Eye Associates, P.A. (the "Company"). An employee must be the age of 21 to become eligible. Participants may enter the Plan as an active member on the first day of each plan quarter coincident with or next following the date they become eligible.

Contributions - Participants may elect to make voluntary pre-tax contributions, to defer and contribute the lesser of $56,000 of combined employee and employer contributions or up to 100% of annual compensation, including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Contributions are subject to certain limitations established by the Internal Revenue Service. The maximum pre-tax contribution for the years ended December 31, 2019 and 2018 were $19,000 and $18,500, respectively.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution. For the 2019 and 2018 Plan years, a maximum catch-up contribution of $6,000 was allowed.

The Plan allows for discretionary employer matching contributions of 25% for the year ended December 31, 2019.

Rollovers - The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Payment of Benefits - Participants may receive an amount equal to the value of their vested interest upon the termination of employment, death, disability or retirement. The form of payment is a lump sum distribution, or participants may have their account balance transferred to an individual retirement account or other qualified plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and the Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Percentage - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's contributions after three years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures - Forfeited amounts are reallocated to participants in the same manner as employer contributions. At December 31, 2019, forfeited nonvested accounts totaled $35,565.

Death and Disability Provisions - Upon death and disability of participants, the accrued benefits will be paid to the beneficiaries as designated by the participants.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Investment Options - Upon enrollment in the Plan, a participant may direct their contributions to be vested in one or more of the investment options available to the Plan.

Notes Receivable from Participants – *FASB ASC 962-310-45-2* requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest.

The maximum amount of a participant's outstanding loans cannot exceed the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or one-half the present value of the participant's vested account balance.

Participants are limited to five outstanding loans at any one time. Principal and interest are paid ratably through payroll deductions. The maximum term of any loan is five years. The loans are secured by no more than one-half of the participant's vested account balance

Concentration of Credit Risk - Concentration of credit risk with respect to notes receivable from participants is limited due to the notes receivable being secured by 50% of the participant's vested account balance and the maximum loan amount allowed per the loan policy.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

In accordance with ASC Topics 946 and 962, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and the statement of changes in net assets available for benefits is prepared using contract value for the fully benefit-responsive investment contract.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan's administrative expenses are deducted from investment earnings before those earnings are credited to participants' accounts. Audit fees are paid by the Company.

Investment Valuation and Income Recognition – The Plan provides for investments in pooled separate accounts and a fixed income account, which is held within a fully benefit-responsive guaranteed investment contract ("GIC"). The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

As discussed above, the Plan accounts for fully benefit-responsive investment contracts in accordance with ASC Topics 946 and 962. Generally, contract value of the Talcott Resolution Life Insurance Company Fixed Account is equal to contributions plus credited interest minus participant withdrawals and fees. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to a market value adjustment. The fair value of the Talcott Resolution Life Insurance Company Fixed Account which consists of an underlying GIC owned by the Plan is determined using the market approach. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches.

Dividends are recorded on the ex-dividend date. Purchases and sales transactions are recorded on a trade date basis. Any gain or loss resulting from the sale of fund units is determined as the difference between the sales proceeds and the cost of units sold. Investment income is recorded on the accrual basis of accounting.

Investment income consists of interest or dividend income, gains, and unrealized appreciation or depreciation in the market value of investments.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments in mutual funds, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Risk and Uncertainties - The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Excess Contribution Payable - The Plan is required to return contributions received during the plan year in excess of the Internal Revenue Code ("IRC") limit. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants in March 2020.

New Accounting Pronouncements - On August 28, 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards update (ASU) 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying, and adding certain disclosures. The standard will be effective beginning January 1, 2020.

NOTE 3 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") has determined and informed the prototype plan sponsor that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the Opinion Letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the plan administrator has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition as a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 - asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 - other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 - significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual Funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

ASU No. 2015-07, *Fair Value Measurement (Topic 820)*: *Disclosure for Investments in Certain Entities That Calculate Net Asset value per Share (or its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. As such, as of December 31, 2019 and 2018 investments held in mutual funds and measured at fair value have not been categorized within the fair value hierarchy.

Investment Contracts:

Investment contracts funds are measured at contract value for financial statement purposes. ASU No. 2015-12 *Defined Benefit Pension Plans (Topic 960):* (Part I) *Fully Benefit-Responsive Investment Contracts*, *Defined Contribution Pension Plans (Topic 962)* and *Health and Welfare Benefit Plans (Topic 965),* includes removing the fully benefit-responsive investment contract from the fair value hierarchy and other Topic 820 fair value disclosures for all periods presented. As a result, the Plan has removed the fair value of its fully benefit-responsive investment contract for presentation and disclosure purposes.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

NOTE 5 – INVESTMENT CONTRACTS

Group Variable Funding Agreement:

In 2015, the Plan entered into a fully benefit-responsive GIC with Harford Life Insurance Company to fund the Plan that includes a fixed income account. Effective April 2019, Harford changed its name to Talcott Resolution Life Insurance Company ("Talcott"). Talcott maintains the contributions in a general account, which is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Talcott is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan may terminate the agreement at any time. The insurance company may terminate the agreement and settle at amounts that differ from contract value if any of the following events occur:

- The Plan fails to maintain its special tax qualified or exempt status under 401(a) of the Code;
- The Plan fails to provide Talcott information necessary for Talcott to perform as stipulated in the agreement and the Plan fails to remedy the failure within 31 days from the date the Plan is notified;
- The Plan trust is amended in a way that adversely affects Talcott's obligations under the Agreement;
- All group variable funding agreements in this class of business are amended, changed or altered due to changes in any applicable laws and Talcott determines that their obligations under this Agreement or ability to maintain this class of business are thereby materially affected;
- The assets held or the participants covered under the Agreement are less than the amount required for the Agreement to be a group funding agreement under any applicable insurance law;

NOTE 5 – INVESTMENT CONTRACTS (CONTINUED)

- The Plan changes such that the Plan is no longer considered to be an entity which is authorized or eligible to sponsor this Agreement;

- No contributions are made to Talcott during any consecutive 12 month period; or

- At any time the contributions or balances are less than the amount required for this class of business under Talcott's underwriting standards in effect as of the Agreement Effective Date.

The occurrence of each of these events that would limit the ability of the plan to transact at contract value with plan participants is not probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the fixed account at December 31, 2019 was $250,731 and the contract value was $256,575. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting. The crediting interest rate at December 31, 2019 was 1.55%. The average yield based on actual interest credited to participants for the contract for the year ended December 31, 2019 was 1.28%.

Group Annuity Contract:

In 2015 the Plan entered into a Group Annuity Contract (GAC) with Talcott, formerly known as Harford Life Insurance Company, to fund the Hartford Lifetime Income (HLI) Share Investment Option in the Plan. Under the contract, the Plan may authorize the purchase of income annuities as plan participants contribute or transfer amounts to the Plan's HLI share option.

Participants will receive a guaranteed income benefit when they reach retirement age. All income shares purchased under the contract provide $10 monthly life annuity with guaranteed return per income share. Unless otherwise agreed, the purchase assumes a "beginning date", which is the first day of the month on or after the participant's 65th birthday. Talcott may also require that payments under each annuity start as of the date that is specified by them that is on or after January 1st of the calendar year in which the participant will attain age 70. If the total annuity payments made to the participant is less than the guaranteed return, the difference is paid to the beneficiary in a lump sum.

The fair value (and contract value) of the HLI Share Investment Option as of December 31, 2019 was $454, which reflects the cash-out value of the income shares.

Prior to the distribution of an annuity certificate, a participant may elect to surrender all or any specified portion of the income shares previously purchased on his life under the contract and transfer such amount to any other available investment facility under the Plan. In addition, a participant who has received the distribution of an annuity certificate from the Plan may elect to receive the cash-out value of such income shares at any point up to the later of 30 days following the distribution of the annuity certificate and the participant's actual beginning date.

Talcott, or the Plan, may terminate the contract effective on the date specified in the notice or, if later, 60 days after receipt of the notice. Any income shares purchased prior to discontinuance of the contract continue in force and are not affected by the discontinuance; however, no income shares annuities may be purchased after discontinuance.

NOTE 5 – INVESTMENT CONTRACTS (CONTINUED)

The Plan may request a surrender with respect to income shares purchased for participants and require participants to settle at amounts that differ from the guaranteed benefit income under the contract if any of the following events occur:

- A participant terminates employment prior to full vesting or who is not fully vested as of the effective date of a contract discontinuance, but only with respect to income shares that the Plan determines are not vested.
- The Plan needs to pay a proportionate amount of any Plan expenses paid from participants' Plan account balances.
- The Plan needs to make mandatory distributions permitted by Code §411(a)(11).
- The Plan needs to make such other distributions that are required or necessary to satisfy Code requirements applicable to the Plan.

The occurrence of each of these events that would limit the ability of the plan to provide participants with the guaranteed income benefit under the contract is not probable of occurring.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Under the Department of Labor's Rules and Regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. MassMutual Life Insurance Company ("MassMutual") has provided certification as to the completeness and accuracy of the investments and related transactions, including investment income, participant loans, and fees, as presented in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018 and in the statement of changes in net assets available for benefits for the year ended December 31, 2019. The accompanying supplemental schedule also includes investment information certified by MassMutual as being complete and accurate.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include certain investments managed by MassMutual, the Plan's custodian. MassMutual performs recordkeeping and administrative functions such as handling contributions and benefit payments. Accordingly, these transactions are considered party-in-interest transactions and are exempt from prohibition under ERISA of 1974.

NOTE 8 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 30, 2020, which is the date the financial statements were available to be issued.

On January 30, 2020, The World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic based on the global exposure.

NOTE 8 – SUBSEQUENT EVENTS (CONTINUED)

On March 27th, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. Section 2202 of the CARES Act provides for expanded distribution options and favorable tax treatment for up to $100,000 of COVID-19 related distributions from eligible retirement plans to qualified individuals, as well as special rollover rules with respect to such distributions.

It also increases the limit on the amount a qualified individual may borrow from an eligible retirement plan and permits a plan sponsor to provide qualified individuals up to an additional year to repay their plan loans.

The Plan implemented the CARES Act on April 15, 2020 and experienced an increase in COVID-19 related distributions and loan relief request.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Company's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial conditions, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Company is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for the fiscal year 2020.
