### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## NOTES TO FINANCIAL STATEMENTS

### The Great Lakes Construction Co. and Related Companies Employee Stock Ownership Plan

#### **1 Description of Plan**

The following description of The Great Lakes Construction Co. and Related Companies Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

##### ***General:***

The Great Lakes Construction Co. (the “Company”) established The Great Lakes Construction Co. and Related Companies Employee Stock Ownership Plan on September 15, 1980. Effective May 11, 2018, the Great Lakes Construction Logistics, LLC was added as an employer to the Plan.

The Plan operates as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the ESOP Committee comprised of five or more persons, including at least three non-management members of the Board of Directors of the Company and two Company management members, one of which is the Chief Executive Officer. ESOP committee members serve one-year terms.

##### ***Eligibility:***

All employees of the Company, with the exception of college interns, are eligible to participate in the Plan. Employees whose employment is governed by a collective bargaining agreement and independent contractors are excluded from participation in the Plan. Participants who are not employed on the last day of the Plan year are generally not eligible for an allocation of Company contributions for such year.

##### ***Contributions:***

Each year, the Company may make discretionary contributions to the Plan solely at the discretion of the Company's Board of Directors. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

##### ***Participants' Account:***

Each participant's account is credited with an allocation of the Company's discretionary contribution and Plan earnings and losses thereon. Contributions to the Plan are allocated to each eligible participant based upon the participant's eligible compensation for the Plan year, as defined by the Plan. Plan earnings or losses are allocated annually based on each participant's account balance.

##### ***Diversifications:***

Any participant or former participant who has attained the age of 55 with at least 10 years of service/participation may diversify a portion of the assets in their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the Company stock allocated to their account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. The election to diversify is made subsequent to year-end based upon the shares of Company stock in the participant's account at year-end.

## NOTES TO FINANCIAL STATEMENTS

### The Great Lakes Construction Co. and Related Companies Employee Stock Ownership Plan

#### 1 Description of Plan, Continued

##### ***Vesting:***

Vesting in the participant's account balance is based on years of service. A participant is vested as follows:

| Years of Service                    | Vested % |
|-------------------------------------|----------|
| Less than One Year                  | 0%       |
| One Year but less than Two Years    | 20%      |
| Two Year but less than Three Years  | 40%      |
| Three Year but less than Four Years | 60%      |
| Four Year but less than Five Years  | 80%      |
| Five or More Years                  | 100%     |

##### ***Forfeitures:***

The non-vested portion of a terminated participant's account under the Plan shall constitute a forfeiture. Forfeitures are allocated to the accounts of active participants based on the same formula used to allocate Company contributions. During 2019 and 2018, approximately \$35,474 and \$62,932, respectively, were forfeited into the suspense account and redistributed to eligible participant accounts. The outstanding forfeiture balance was \$0 for both years.

##### ***Payment of Benefits:***

Upon termination of service by reason of retirement, death or total and permanent disability, a participant may elect to receive a lump sum amount equal to the value of his or her account or annual installments over a future period not longer than the life of the participant or participant's beneficiary. Payment of benefits will be in the form of cash or Company stock, or both. A participant may designate that the entire payment be in the form of Company stock. If cash is required for distributions, the Company may make additional contributions or the Plan has the ability to obtain a loan collateralized by the Company stock.

If the participant's account balance is less than \$1,000, the Plan may make an automatic lump-sum distribution to the participant equal to the participant's vested interest in his or her account. The Plan requires the mandatory repurchase by the Company of terminated participants' holdings of the Company stock. The repurchase schedule is based on a participant's continuous years of service prior to termination. The repurchase period ranges from one lump-sum repurchase in the first year following separation to installment repurchases over a five-year period, as defined. The mandatory repurchase period begins on the last day of the Plan year following the Plan year in which a participant's termination occurs. Proceeds from the sale of Company stock for terminated participants that did not elect a distribution from the Plan are transferred into a Qualified Default Investment Account which is currently held in a mutual fund.

#### **1 Description of Plan, Continued**

##### ***Parties-in-Interest:***

The Great Lakes Companies, Inc. stock is held by the ESOP and is a party-in-interest and related party to the Plan. In addition, the Plan has a number of service providers and these providers qualify as parties in interest under ERISA.

##### ***Put Option:***

Under federal income tax regulations, Company stock that is held by a Plan and its participants and is not readily tradeable on an established market or subject to trading limitations, must include a put option. The put option provided by the Company allows participants and beneficiaries to require the Company to repurchase any shares distributed to them within a sixty-day period from the date of distribution at the most recent annual fair market value as reported by an independent third party appraiser. If the put option is not exercised within the initial sixty-day period it may be exercised within an additional sixty-day period in the following Plan year. If the put option is not exercised in either period, the mandatory repurchase of terminated participants' holdings of Company stock will occur over a one to five year period, as defined.

##### ***Voting Rights:***

The trustee, a designated individual at the Plan Sponsor, votes on behalf of the Plan and is required to vote on behalf of the collective best interest of Plan participants and beneficiaries. Plan participants may vote directly on issues related to the merger, sale or liquidation of the Company.

#### **2 Summary of Significant Accounting Policies**

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

##### ***Recent Accounting Pronouncements:***

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in the disclosures related to fair value measurement.

##### ***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Company common stock is valued by an independent third party appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

## 2 Summary of Significant Accounting Policies, Continued

### *Use of Estimates:*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### *Administrative Fees:*

Substantially all administrative fees are paid by the Company.

### *Benefit Payments:*

Benefit payments are recorded when paid or stock is distributed.

### *Plan Termination:*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### *Risks and Uncertainties:*

The Plan's investments include investments in mutual funds and employer stock. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

### *Subsequent Events:*

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 17, 2020, which is the date the financial statements were available to be issued.

## 3 Tax Status

On September 17, 2013, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

#### 3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

#### 4 Investment in Company Stock

Plan investments are carried at fair market value and consist of voting common stock. The fair market value per share of the stock, as determined by an independent appraiser, was \$100.70 and \$92.10 at December 31, 2019 and 2018, respectively.

A summary of the Plan's investments is as follows:

|                  | <b>December 31</b>   | December 31   |
|------------------|----------------------|---------------|
|                  | <b>2019</b>          | 2018          |
| Number of Shares | <b>502,511</b>       | 555,779       |
| Cost             | <b>\$ 7,592,075</b>  | \$ 7,803,577  |
| Market Value     | <b>\$ 50,602,817</b> | \$ 51,187,270 |

#### 5 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- \* Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- \* Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  - \* Quoted prices for similar assets or liabilities in active markets
  - \* Quoted prices for identical or similar assets or liabilities in inactive markets
  - \* Inputs other than quoted prices that are observable for the asset or liability
  - \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

## NOTES TO FINANCIAL STATEMENTS

### The Great Lakes Construction Co. and Related Companies Employee Stock Ownership Plan

#### 5 Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

\* Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

##### ***Mutual Funds:***

The fair value of the mutual funds are based on quoted market prices. This investment is classified within Level 1 of the valuation hierarchy.

##### ***Common Stock:***

The fair value of the Company common stock held by the plan is valued at fair value based upon an independent appraisal. These instruments are classified within Level 3 of the valuation hierarchy. This appraisal was based upon the market valuation method consistent with prior years. The appraiser took into account historical cash flow and net income, return on assets, return on equity, revenue multiples, EBIT multiples, EBITDA multiples, and public company comparables. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which the ESOP Committee, along with the Board of Directors, reviews in detail, discusses and approves. The results of this process are documented in minutes of the Plan. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
