Note 1 - Plan Description

The following description of Fidelitone Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers all employees, with the exception of independent contractors, of Fidelitone Holding Corp. and Subsidiaries and Fidelitone Last Mile, Inc. (collectively, the "Company" or Fidelitone) who have completed one month of service from their original hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Company matching contributions once they attain the age of 18 and have completed one month of service and profit-sharing contributions once they have completed at least 1,000 hours of service. Employees must be employed on the last day of the plan year to receive a profit-sharing contribution. On June 15, 2019, the Plan was amended to include Remar, Inc. (Remar) and Fidelitone Last Mile Brokerage, LLC as adopting employers.

Contributions

The Plan provides for employee salary 401(k) deferral contributions or Roth after-tax contributions up to a maximum of 85 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. New participants eligible to participate in the Plan will have an automatic deferral amount of 4 percent of their compensation contributed to the Plan, unless an election is made by the participant to change this amount. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make discretionary matching and profit-sharing contributions to the Plan. For the year ended December 31, 2019, the Company made matching contributions equal to 50 percent of each participant's salary deferrals, not to exceed 4 percent of compensation for the Fidelitone employee group, and matching contributions equal to 100 percent of each participant's salary deferrals, not to exceed 4 percent of compensation for the Remar employee group, as defined in the plan agreement. The Plan did not make a profit-sharing contribution to the Plan for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the employer contributions and plan earnings. Allocations are based on participants' earnings or account balances, as defined in the plan agreement. The Company's discretionary profit-sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employee salary and rollover contributions. Participants vest in employer matching contributions and profit-sharing contributions made by the Company, plus actual earnings thereon, 33 percent after one year of service, an additional 33 percent after the second year, and become fully vested after three years of service.

Note 1 - Plan Description (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant with a vested balance of more than $1,000 may elect to receive a single lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Upon termination of service, participants with a vested balance of less than $1,000 will receive a single lump-sum distribution. In-service withdrawals are available to employees once they are age 59½ or older.

Hardship withdrawals are also permitted by the Plan if certain criteria are met.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures that are not used by the Plan to pay expenses are used to reduce future company contributions. At December 31, 2019 and 2018, forfeited account balances totaled $54,273 and $30,256, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company or its affiliates. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit-responsive unallocated insurance contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 6 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 15, 2020, which is the date the financial statements were available to be issued.

On April 6, 2020, the Plan was amended to suspend employer matching contributions.

Note 3 - Unaudited Information

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Total investments at fair value - Mutual funds	$ 16,451,892	$ 16,451,892	$ -	$ -

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Total investments at fair value - Mutual funds	$ 11,037,574	$ 11,037,574	$ -	$ -

Note 5 - Fair Value Measurements (Continued)

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 6 - Principal Fixed Income Guaranteed Option

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting but may not be less than 1.00 percent. When establishing interest crediting rates for this product, Principal Life considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, or (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.
