The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who have completed 500 hours of service within the six month period following their date of hire and who are at least 21 years of age are eligible to participate in the Plan. The Plan allows employees to begin participating on the first day of each month immediately following or coinciding with the date the eligibility requirements are met.

Contributions

The Plan permits eligible participants to contribute up to 100% of compensation, subject to certain Internal Revenue Code limitations ($19,000 and $18,500 for 2019 and 2018, respectively; $25,000 and $24,500 for employees over the age of 50 for 2019 and 2018, respectively). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a fixed default deferral rate set at 2% of eligible pretax compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. The automatic deferral percentage increases 1% per year, up to a maximum of 6% of compensation. The Plan provides for discretionary matching contributions and discretionary profit sharing contributions by the Company. There were no such contributions for the year ended December 31, 2019.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and any employer contributions, as well as the participant's share of his investment income or loss, less an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for up to five years. A loan term greater than five years is available for the purchase of a principal residence. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for reasons defined in the Plan document.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum equal to the value of his or her vested account balance, to roll over the vested balance into another qualified plan, or to leave the vested balance in the plan if greater than $5,000. Participants may also elect an in-service distribution after attaining age 59½.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses of the Plan or to reduce future employer contributions. During the year ended December 31, 2019, no forfeitures were used to pay Plan expenses or allocated to eligible participants as discretionary employer contributions. As of December 31, 2019 and 2018, there were $15,244 and $15,063, respectively, of forfeitures that have not yet been applied to Plan expenses or allocated to eligible participants.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies. See Note 4 – Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

New Accounting Standards to be Adopted in the Future

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13 Fair Value Measurement, which eliminates certain disclosures, including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. The new standard is effective for the year ending December 31, 2020. Early adoption is permitted. Management is currently evaluating the effect that implementation of the new standard will have on Plan financial statements.

Date of Management's Review

Subsequent events have been evaluated through September 22, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following information included in the accompanying financial statements was certified as complete and accurate by the custodian as of December 31:

	2019	2018
Investments, at fair value	$ 3,458,950	$ 2,846,495
Notes receivable from participants	70,328	74,555
Net appreciation in fair value of investments	305,700	
Interest income on notes receivable from participants	3,031	
Dividend income	248,044	
Interest income	1,072	
Other income	628	

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value on a recurring basis in the statement of net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 – "Fair Value Measurements and Disclosures." This pronouncement defines fair value, establishes a framework for measuring fair value, enhances fair value disclosure requirements and creates a three-level valuation hierarchy for disclosure of fair value measurement. This valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels of the inputs to the valuation methodology are defined as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

- Level 1 – Observable, quoted market prices (unadjusted) in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data. This input level includes those financial instruments that are valued using models or other valuation methodologies where substantially all of the assumptions are observable in the marketplace, can be derived from observable market data or are supported by observable levels at which transactions are executed in the marketplace.

- Level 3 – Unobservable inputs that are not corroborated by market data. This level of input includes financial instruments whose fair value is estimated based on internally developed models or methodologies utilizing significant inputs that are generally less readily observable from observable sources.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Group annuity contract: Valued based on observable inputs through the review of existing contracts and readily available financial information of the issuer.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at the End of the Reporting Period Using Inputs Considered as:		
	Fair Value at December 31, 2019	Level 1	Level 2	Level 3
Mutual Funds	$ 3,399,705	$ 3,399,705	$ -	$ -
Group annuity contract	59,245	-	59,245	-
Total investments at fair value	$ 3,458,950	$ 3,399,705	$ 59,245	$ -

		Fair Value Measurements at the End of the Reporting Period Using Inputs Considered as:		
	Fair Value at December 31, 2018	Level 1	Level 2	Level 3
Mutual Funds	$ 2,653,411	$ 2,653,411	$ -	$ -
Group annuity contract	193,084	-	193,084	-
Total investments at fair value	$ 2,846,495	$ 2,653,411	$ 193,084	$ -

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. No officer or employee of the Company receives compensation from the Plan. Certain Plan expenses are paid directly by the Plan sponsor.

Certain administrative functions are performed by the Plan's record-keeper and third-party administrator. Plan expenses include participant loan fees, distribution fees and fund (custodial) fees, which are paid by Plan participants. Fees paid to the record-keeper and third-party administrator were $7,219 for the year ended December 31, 2019 and are included in administrative expenses in the statement of changes in net assets available for benefits.

Certain administrative functions are performed by the investment brokers of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Total fees were $12,529 for the year ended December 31, 2019 and decrease the net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

NOTE 6 – TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, eligible participants will become 100% vested in their account balances.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Schedule H of Form 5500 at December 31:

	2019	2018
Net assets available for benefits per the financial statements	$ 3,529,278	$ 2,921,050
Less: deemed loan distributions	(10,901)	(18,260)
Net assets per Schedule H of Form 5500	$ 3,518,377	$ 2,902,790

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500, CONTINUED

The following is a reconciliation of net increase per the financial statements to net income per Schedule H of Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	$	608,228
Less: deemed loan distributions at December 31, 2019		(10,901)
Add: deemed loan distributions at December 31, 2018		18,260
Net income per Schedule H of Form 5500	$	615,587

NOTE 10 – SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a global pandemic. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Due to this uncertainty, Plan management is unable to estimate the total impact the pandemic will have on the Plan
