Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Capital Bank and Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian held the Plan's investment assets and executed investment transactions during the year ended December 31, 2019. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

HEALTH GROUP MANAGEMENT, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of Health Group Management, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted by Health Group Management, LLC (the "Plan Sponsor") on August 1, 2013 and covers all eligible employees of the Plan Sponsor who elect to participate after completing three months of service and who have attained age 21. The Plan was amended and restated on January 1, 2015, changing the name of the Plan from Haven Health Group, LLC 401(k) Plan to Health Group Management, LLC 401(k) Plan. The Plan was again amended on August 28, 2018 to add various participating employers to the Participation Agreement. The Plan Document was restated February 29, 2020. An employee will become eligible for participation on the first day of the Plan year quarter coinciding with or next following the date after satisfying the eligibility requirements in the Plan Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended and restated.

Contributions

Participants may defer pretax compensation up to an annual maximum of the lesser of 100% of eligible compensation or the applicable IRS limits. The total of participant and employer contributions for a given year cannot exceed the lesser of $54,000 or 100% of the participant's annual compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Each year, the Plan Sponsor makes a matching contribution to each participant which is calculated based on a percentage of a participant's elected deferrals and eligible Plan compensation as defined in the Plan Agreement. For the year ended December 31, 2019, the Plan Sponsor's matching contribution was $317,127.

In addition, the Plan Sponsor may make a discretionary profit-sharing contribution to be determined by the Plan Sponsor and allocated to participants who are employed on the last day of the Plan year. Each eligible participant will receive a portion of this discretionary profit-sharing contribution based on their eligible compensation. The Plan Sponsor did not make a discretionary profit sharing contribution to the Plan for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's matching contribution, and (b) the Plan earnings (losses),and charged with an allocation of any administrative expenses paid by the Plan. The allocation of the Plan Sponsor's profit-sharing contribution is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Earnings on investments include interest income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. This vesting occurs ratably over a four-year period commencing on the participant's date of hire. Participants are considered fully vested upon attainment of retirement age, retirement due to disability or death, and upon termination of the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants account and bear interest rates ranging from 4.25% to 6.5%, which is equal to one percentage point above prime rate. Loans shall be repaid over their term in equal monthly installments of principal and interest through payroll deductions. Loan terms are up to five years unless the loan qualifies as a home loan for the participant's principal residence. Loans become due and payable in full in the event of the participant's termination of employment.

Forfeitures
Participants who terminated their employment and are less than 100% vested in their employer's contributions forfeit their non-vested portion. These accounts may be used to offset administrative expenses or to reduce employer matching contributions. The forfeited non-vested employer contributions totaled $27,491 and $21,339 for the years ended December 31, 2019 and 2018, respectively.

Payment of Benefits
The Plan provides for retirement benefits to begin at the age of 65, but not later than the sixtieth day of the calendar year following the date in which participants attain the age of 65. Upon termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

If the total vested account balance is $1,000 or less, the participants vested account balance will be distributed automatically in a lump sum. If the total vested account balance exceeds $1,000, but is less than $5,000, the participants vested account balance will be transferred to a third-party benefit payment distributor. If the total vested account balance exceeds $5,000, participants may elect to receive a lump sum amount or substantially equal installments equal to the value of their vested account balance as soon as administratively feasible.

Investment Options
Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the available investment options available to plan participants.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable
As a result of non-discrimination testing for the Plan performed by the Custodian, the Plan was required to return to participants contributions and earnings in the amount of $148,816 and $140,104 as of December 31, 2019 and 2018, respectively, with corresponding reduction to 2019 and 2018 contributions.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain costs and expenses of the Plan are paid directly by participants of the Plan and are included in the Statement of Changes in Net Assets Available for Benefits. Other costs and expenses of the Plan are paid directly by the Plan Sponsor and are not included in the Statement of Changes in Net Assets Available for Benefits.

Date of Management's Review of Subsequent Events
Subsequent events were evaluated through the independent auditor's report date, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the valuation of the Plan's investments held as of December 31, 2019 and 2018:

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2019		
Mutual funds	$ 3,727,818	$ 3,727,818
Total assets at fair value	$ 3,727,818	$ 3,727,818
December 31, 2018		
Mutual funds	$ 2,852,737	$ 2,852,737
Total assets at fair value	$ 2,852,737	$ 2,852,737

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 are reported in net appreciation in fair value of investments.

NOTE 4. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian. The Custodian is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. A portion of the administrative expenses of the Plan were paid for by the Plan Sponsor for the year ended December 31, 2019.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6. TAX STATUS

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC"), which provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan Agreement and the applicable federal laws in order to maintain its qualification. The prototype plan received a favorable opinion letter dated March 31, 2014, stating that the Plan is a qualified plan under the applicable section of the IRC. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Sponsor is not aware of any action or event that has occurred that might affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN
