INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying statements of the Roush Holdings Employee Stock Ownership Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matter – Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented as of December 31, 2019, for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

General

The following description of the Roush Holdings Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering eligible employees of Roush Holdings, Inc. (the “Company”). The Plan was established effective December 30, 1991, and it operates as a qualified Employee Stock Ownership Plan (“ESOP”) and is designed to comply with Sections 401(a) and 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (“IRC”) of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by an officer of the Company, appointed by the Company’s Board of Directors. The Plan’s trustee is an officer of the Company, appointed by the Company’s Board of Directors. The trustee is responsible for the Plan’s assets and the execution of all Plan transactions in accordance with the Trust Agreement. The Company is the asset custodian and executes all of the Plan’s transactions under the direction of the trustee. The records of the Plan are maintained by a third-party administrator. The Plan includes accounts transferred to the Plan by certain participants from the terminated Roush Hardware Money Purchase Pension Plan (the “MPP”).

Contributions

The Plan provides for discretionary contributions by the Company determined by the Board of Directors of the Plan Sponsor and may be made in the form of a contribution of cash or the Company’s common stock. The Plan does not provide for participant contributions. Contributions are subject to Internal Revenue Service (“IRS”) limitations. Certain provisions of the Plan Sponsor’s corporate debt agreements may place limitations on contributions and other payments made to the ESOP.

The investment income is allocated to the applicable participant accounts based on the ratio of each participant’s account balance to the total of all participant account balances.

Dividends, if declared, on the shares are allocated based on each participant’s stock account balance to the total of all participant stock account balances. No dividends were declared during the years ended December 31, 2019 and 2018.

Entry and Allocation Eligibility

An employee of the Company age 21 or older becomes eligible as a participant in the Plan after attaining one year of service. A participant shall have allocation eligibility as to discretionary contributions and forfeitures for any plan year in which such participant completes 1,000 or more hours of service with the Company and is employed by the Company on the last day of such plan year.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. The Company’s contributions are allocated to eligible participants’ accounts based on the ratio of each eligible participant’s compensation for the year to the total compensation for all participants.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Vesting of employer contributions for any participant terminated for any cause other than death, disability or retirement generally occurs as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

The years of vesting are calculated based on the number of hours of service. A minimum of 1,000 hours of service must be provided to complete a year of vesting service.

Participants who have less than six years of eligible service and are terminated due to death, disability or retirement at age 65 or over are 100% vested.

Payment of Benefits

Upon retirement, disability, death, or vested termination, a participant or designated beneficiary may elect to receive the amount in their account in the form of cash or the Company's common stock, with cash payment for any fractional shares. Distributions will be paid to the participant or designated beneficiary as soon as administratively feasible following the end of the plan year in which the event occurred. If a participant's vested accrued benefit is \$1,000 or less, a lump sum cash payment shall be paid.

Forfeitures

Forfeitures are allocated to participant accounts as provided by the Plan Document. Forfeitures of non-vested accounts were \$219,628 and \$129,568 for the years ended December 31, 2019 and 2018, respectively. As of December 31, 2019 and 2018, there were no unallocated forfeitures.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. Any allocated Company stock with respect to which voting instructions are not given shall be voted in the manner determined by the Plan Administrator.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, nor is it subject to trading limitations including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Company can pay for the purchase in lump sum or with interest over a period of five years if the amount exceeds \$5,000.

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Put Option (Continued)

The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may transfer cash to another Company qualified plan, be paid in cash, or, if otherwise eligible, receive a direct rollover out of the Plan. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan relies significantly on the use of estimates in determining the value of Roush Holdings, Inc. Common Stock, which is the primary investment.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions Paid to Participants

Participant distributions are recognized when paid. Amounts allocated to accounts of participants who have elected to withdraw from the plan have been paid as of December 31, 2019 and 2018.

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standard

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. The Plan adopted this ASU effective January 1, 2019. The effect of adopting the ASU resulted in the removal or modification of certain fair value measurement disclosures presented in the financial statements related to transfers in the fair value hierarchy and reporting of Level 3 valuation processes and rollforward activities.

Administrative Expenses

Trustee and administrative expenses are paid by the Plan Sponsor, which also provides other accounting and administrative support services to the Plan without compensation.

Subsequent Events

Subsequent events have been evaluated through September 17, 2020, which is the date the financial statements were available to be issued.

Due to world-wide disruptions caused by COVID-19 in 2020, the Plan may be adversely impacted. At this time, any financial impact of potential COVID-19 related disruptions are not known.

NOTE 3: INVESTMENTS

In general, the Plan Administrator shall direct the Trustee with respect to the investment of all assets of the Plan except as provided or required related to diversification elections or any other provision of the Plan. The investment in common stock of the Company is recorded at its estimated fair value at year-end, as determined by an annual independent appraisal as of the Company's year-end.

The following is a summary of stock activity for the year ended December 31:

	2019	2018
Shares owned by the Plan at year end	9,080	10,821
Carrying value of shares at year end	\$ 6,290	\$ 5,337
Net appreciation of stock value	\$ 8,653,141	\$ 1,309,308

Pursuant to Section 6.4 of the Plan Document and the contribution limits imposed by IRC Section 404(a), the amounts over the limit can be classified as unallocated and used to offset future contributions or be held by the Plan Sponsor. As of December 31, 2019 and 2018, all shares held by the Plan are allocated. All remaining issued shares are held by the Plan Sponsor as treasury stock.

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019

	Level 3
Common stock	\$ 57,112,545

Assets at Fair Value as of December 31, 2018

	Level 3
Common stock	\$ 57,750,212

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets:

	Level 3 Assets	
	December 31, 2019	December 31, 2018
Contributions	\$ 3,754,662	\$ 3,541,772
Benefits paid to participants	\$ 13,054,315	\$ 5,256,963

Gains and losses (realized and unrealized) included in the changes in net assets for the periods above are reported in the net appreciation in fair value of common stock in the Statements of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodology used for assets measured at fair value.

The fair value of the Company's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market, net asset and income valuation techniques. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

Plan management accumulates the data for the appraiser from the reviewed and projected financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the Company's Board of Directors, review in detail, discusses and approves. The appraiser's report, upon approval, is used to estimate per share value that a participant would receive upon distribution.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments include shares of the Plan Sponsor. Roush Holdings, Inc. is the Plan Sponsor; therefore, these transactions qualify as party-in-interest. As described in Note 2, the Company pays substantially all the expenses of the plan.

NOTE 6: TAX STATUS

The IRS issued its determination letter on November 12, 2014, which stated that the Plan (as amended through December 31, 2013) and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: TAX STATUS (CONTINUED)

applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan principally invests in the common stock of Roush Holdings, Inc. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the Company common stock and the uncertainties inherent in the underlying estimates and assumptions used in the appraisal process, it is at least reasonably possible that changes in the value of the Company common stock will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
