NOTE 1 - DESCRIPTION OF PLAN

The following description of the Shermco Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to Internal Revenue Code Section 401(k) provisions. The Plan was established January 1, 1979, and has been amended periodically subsequent to that date. The Plan covers substantially all employees of Shermco Industries, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: Employees are eligible to participate in the Plan if they are age 18 or older and have completed two months of service. Employees become eligible to receive employer contributions upon obtaining the same requirements. An employee can enter the Plan on the first day of the month or immediately following, or coincident, with the date the employee completes the eligibility requirements.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make contributions at the option of the Company's board of directors. Contributions are subject to certain limitations. Plan participants direct the investment of their contributions and the discretionary employer contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20 percent per year. A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installment over a set period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: If a participant terminates employment prior to becoming fully vested, the right to the unvested balance is forfeited. Participant forfeitures of employer contributions may be used to reduce employer contributions and/or to pay Plan expenses. During 2019, $33,150 of forfeited employer contributions were used to offset employer contributions and Plan expenses. The remaining balances of forfeitures available to offset future employer contributions as of December 31, 2019 and 2018 were $140,272 and $59,311 respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Benefit Payments: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below.

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$47,197,226	$ -	$ -	$ 47,197,226

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$33,154,208	$ -	$ -	$33,154,208

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contract, by general type, are presented below:

	2019	2018
Traditional investment contract	$ 2,662,265	$ 2,443,567

Traditional Guaranteed Investment Contract: In 2018, the Plan converted their fully benefit-responsive investment contract held by Great-West Life & Annuity Insurance Company ("Great-West Life"; Issuer) into a new fully benefit-responsive investment contract also held by Great-West Life with similar terms. Great-West Life maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated quarterly based upon contract provisions, and it may not be less than .05%. The Plan's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

(Continued)

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 5 - INVESTMENTS AND NOTES RECEIVABLE - UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income, interest earned on notes receivable from participants, and changes in fair value of the Plan's investments, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company. This information has not been audited by independent accountants.

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. As of December 31, 2019 and 2018, the Plan held an investment contract issued by Great-West Life & Annuity Insurance Company. Great-West Life is the Plan record keeper, and therefore, these transactions and the Plan's payment of fees to Great-West Life qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

(Continued)

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances and Plan assets will be distributed in accordance with the Plan document.

NOTE 11 - SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States and the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. There is significant uncertainty around the duration and the overall impact on economic and market conditions. Due to this uncertainty, we cannot reasonably estimate the impact of COVID-19 on the Plan's investment portfolio. This disruption has had, and may continue to have, a material adverse effect on the Plan's financial position and results for 2020. In response to this uncertainty, in March 2020, Plan management decided to temporarily suspend Company matching contributions to the Plan.

Plan management has evaluated subsequent events for recognition and disclosure through October 1, 2020 which is the date the financial statements were available to be issued.
