Independent Auditors' Report

Plan Administrator and Participants
Ewing Automotive Group 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ewing Automotive Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information, summarized in Note 4, which was certified by Prudential Retirement Insurance and Annuity Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Ewing Automotive Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participants of the Plan are eligible employees of Ewing Buick-Plano LP, Autohaus LLC, and Third-Fourth LLC (the "Companies").

General

The Plan is a defined contribution plan established by the Companies under the provision of Section 401(a) of the Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC for the benefit of eligible employees of the Companies.

The Plan covers substantially all employees of the Companies who have completed 60 days of service, as defined, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the Companies (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's custodian, Prudential Retirement Insurance and Annuity Company, is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of eligible compensation as defined in the Plan, subject to the maximum contribution allowed under the limits of IRC §401(k), §402(g), §404 and §415. The Plan permits pre-tax deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employees who have completed 60 days of service, as defined, are eligible for the employer contributions, provided they are at least 21 years of age. These contributions are subject to certain limitations. During the years ending December 31, 2019 and 2018, the Companies made pretax matching contributions for each participant not to exceed 10 percent of the first 6 percent of a participant's compensation, as defined. The Companies may also contribute a discretionary profit sharing contribution to the Plan at the option of the Companies' board of directors.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions and the earnings received on those contributions. Vesting in the Company's contribution portion of their accounts and the earnings thereon is based upon vesting years of service with the Companies, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Participants who leave the Companies before they are vested in the Companies' contributions forfeit their non-vested portion. Forfeited non-vested accounts are used to pay administrative expenses or to reduce future employer matching contributions.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of 50 percent of their vested balance less any outstanding loans or $50,000 reduced by the excess, if any, of the highest amount of loans outstanding within the previous twelve-month period over the balance of loans outstanding on the date the loan is made, whichever is less. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years. The loans are secured by the balance in the Participant's account and bear interest ranging from 3.25% to 5.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Upon termination of employment, the Plan will make a mandatory distribution if the participant's account balance is less than $5,000. In addition, in-service and hardship distributions are permitted if certain criteria are met. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $7 and $0, respectively. Forfeitures of terminated participant's non-vested accounts are applied to Plan expenses, allocated as additional discretionary non-elective contributions, or allocated as additional discretionary matching contributions. In 2019 and 2018, $4,944 and $9,291 in forfeiture account funds were used to reduce employer contributions respectively. In 2019 and 2018, $3,929 and $7,589 in forfeiture account funds were used to pay plan expenses, respectively.

Expense Offset Arrangements

Certain fees incurred by the Plan for investment management services and recordkeeping are paid to vendors indirectly through revenue sharing arrangements with the Plan's fund providers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Companies for these expenses. Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document, and taxable to the participant.

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of the fully benefit-responsive investments. Changes in market value are reflected in operations. Mutual funds and guaranteed income accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

Contract value is the relevant measurement attribute for the portion of net assets available for benefits which are attributed to a fully benefit responsive investment contract. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the investment contracts on a contract value basis.

The Prudential Guaranteed Income Fund ("GIF") is a group annuity insurance contract issued by Prudential Retirement Insurance and Annuity Company ("PRIAC'') and is backed by the full faith and creditworthiness of the issuer. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The GIF is a traditional guaranteed investment contract ("GIC") and deemed to be fully benefit-responsive. Since the GIF is fully benefit-responsive, contract value is the relevant measurement. Contract value, as reported by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid with 90 days' notice or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid either with 90 days' notice or over time.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The net interest crediting rate under the contract was 1.20% and 1.15% as of December 31, 2019 and 2018, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments with different investment strategies. These investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements (see Note 11). Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding charge to corrective distributions and are reflected in the Statements of Net Assets Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding charge to corrective distributions and are reflected in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits as of and for the years ended December 31, 2019 and 2018. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 2020.

3. FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* (formally FASB Statement No. 157), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of levels 1, 2 or 3.

3. FAIR VALUE OF INVESTMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at other than fair value.

Insurance company general account funds: Valued at contract value as estimated by Prudential Retirement Insurance and Annuity Company. Contract value is based upon a cost approach, which is equal to deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,318,767	$ -	$ -	$ 11,318,767
Total investments at fair value	$ 11,318,767	$ -	$ -	$ 11,318,767

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,971,709	$ -	$ -	$ 8,971,709
Total investments at fair value	$ 8,971,709	$ -	$ -	$ 8,971,709

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate as of and for the years ended December 31:

	2019	2018
Investments at fair value:		
Mutual funds	$ 11,318,767	$ 8,971,709
Investments at contract value:		
Insurance company general account funds	2,974,317	2,502,622
Total investments	14,293,084	11,474,331
Notes receivable from participants	302,472	328,164
	$ 14,595,556	$ 11,802,495
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	$ 2,034,119	$ (911,086)
Interest and dividends	148,163	152,855
	$ 2,182,282	$ (758,231)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through June 2027. Payments include interest at a reasonable and fair rate based on the prevailing rates charged by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan. Notes receivable from participants are held at amortized cost which approximates fair value.

Participant loans earned interest of $11,946 and $14,849 for the years ended December 31, 2019 and 2018, respectively, and is included in the Statements of Changes in Net Assets Available for Benefits.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2019 and 2018, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of the Trustee and the third-party administrator and therefore, these transactions qualify as party-in-interest transactions. Such transactions under ERISA regulations are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. Upon termination, all participants would become 100 percent vested in their account balances and all benefits would be distributed to participants.

9. INCOME TAX STATUS

The Companies have adopted the Prudential Insurance Company of America Defined Contribution Prototype Plan. The Internal Revenue Service has issued an opinion letter dated April 29, 2014 stating that the prototype plan is acceptable under Section 401(a) of the IRC. The Companies are relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan was amended June 1, 2015, to bring the Plan into Compliance with the Pension Protection Act of 2006, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 for the years ended December 31,

	2019	2018
Net assets available for benefits per the financial statements	$ 14,404,710	$ 11,711,545
Excess contribution payable	190,846	90,950
Net assets available for benefits per Form 5500	$ 14,595,556	$ 11,802,495
Net increase (decrease) in net assets available for benefits per the financial statements	$ 2,693,165	$ (1,026,145)
Change in excess contributions	99,896	4,914
Net increase in net assets available for benefits per Form 5500	$ 2,793,061	$ (1,021,231)

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 1, 2020, the date the financial statements were available to be issued.

Effective April 1, 2020 the Plan adopted the Fidelity Basic Plan Document No. 17. Fidelity Management Trust Company will serve as Trustee of the Plan going forward from the effective date. As part of the adoption, the Plan was amended to cover substantially all employees of the Companies who have completed 60 days of service, as defined, provided they are at least 18 years of age.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity and triggered significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a "qualifying individual" is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management has evaluated the optional provisions of the CARES Act and has implemented the following provisions: (1) coronavirus-related distributions for qualifying individuals up to $100,000 and (2) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized). Written amendments to the Plan to reflect these operational changes will be formally adopted at a later date as allowed by the applicable law and guidance from the Internal Revenue Service.
