REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Plan Administrator and Participants
AECOM 401(k) Retirement Plan for Specified Contract Employees

Report on the financial statements

We were engaged to audit the accompanying financial statements of AECOM 401(k) Retirement Plan for Specified Contract Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 8, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2019 and 2018, and for the year ended December 31, 2019, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of or for the year ended December 31, 2019 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 8, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**AECOM 401(k) RETIREMENT PLAN
FOR SPECIFIED CONTRACT EMPLOYEES**

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the AECOM 401(k) Retirement Plan for Specified Contract Employees (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and the *Summary Plan Description* for more complete information.

General: The Plan is a defined contribution plan covering all eligible employees who are members of specified contracts or employed at specific job locations of AECOM Global II, LLC (the “Company”).

The Plan is administered by the Americas Benefits Administration Committee as authorized by AECOM, the parent company of the Company. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Assets of the Plan are held by Bank of America, N.A., the trustee and record keeper (the “Trustee”), except for certain investments. Assets in the separately managed accounts are held by Northern Trust Corporation; the Vanguard investment funds are held by The Vanguard Group and the stable value fund is held at Fidelity Management Trust Company (“Fidelity”) on behalf of the Trustee.

Eligibility: Employees become eligible to participate in the Plan on their date of hire, or as soon as administratively feasible thereafter (“eligible employees,” as defined in the Plan document). If the employee decides not to participate when they are first eligible, they may begin participating anytime, provided they are an eligible employee of the Company at that time.

Participant Contributions: Participants may voluntarily make pre-tax, Roth 401(k) and/or after-tax contributions in any combination between 1 percent and 75 percent of eligible compensation (“Salary Reduction Contributions”), as defined in the Plan document, limited to \$19,000 for the calendar year 2019. Participants who are 50 years of age and over may voluntarily make additional contributions up to \$6,000 in 2019, which are counted as part of the 75 percent limitation imposed by the Plan. Participants also may contribute amounts representing rollovers from other qualified plans. If participants are highly-compensated employees, the maximum contribution percentage may be subject to further limitation.

The Plan also provides for an automatic enrollment feature for employees. A participant’s contribution under the automatic enrollment feature will be one percent pre-tax until either a participant elects to discontinue or change his or her election.

Company Contributions: The Company may make discretionary contributions to eligible participants. No discretionary contributions were made to the Plan in 2019. In addition, certain participants may be eligible to receive Company matching contributions, based on the provisions specified in the Plan document. Also, certain participants receive Company contributions, regardless of whether the participant made a contribution to the Plan. These Company contributions are based on contract or collective bargaining agreement provisions, as specified in

the Plan document. In addition, participants covered under certain contracts governed by the Service Contract Act (“SCA”) receive Company contributions on a per-pay or quarterly basis (“SCA contributions”). SCA contributions are calculated using formulas based on health and welfare insurance premiums held externally to the Plan.

All Company contributions are subject to limitations imposed by applicable provisions of the Internal Revenue Code (the “Code”).

Participant Accounts: Each participant’s account is credited with the participant’s contributions and rollovers, Company contributions, if any, which are directly made to a participant’s account, and allocations of (a) certain Company discretionary or required contributions, if any, and (b) Plan investment earnings or losses. Allocations are based on participant earnings or account balances, as defined by the Plan document. Certain administration fees are paid from the participant’s account. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

Vesting: Participants are 100% vested in their contributions and rollovers at all times. Participants are also 100% vested in Company and SCA contributions at all times, unless the terms of the contract or collective bargaining agreement includes a different vesting schedule for Company contributions, as contained in the Plan document.

Investment Options: Upon enrollment in the Plan, a participant is allowed to direct the investment of his or her account into a variety of diversified investment funds allowed by the Plan. If a participant is automatically enrolled in the Plan and has not selected an investment to invest his or her contributions to the Plan, those contributions are invested in a target date fund, as determined by the Company. Participants may change their selection of investments at any time.

Notes Receivable from Participants: Active participants may obtain loans from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum loan amount permitted is \$1,000; the maximum amount is the lesser of \$50,000 or 50 percent of the participant’s vested account balance. The interest rates are no less than 1% over the prime rate as published in *The Wall Street Journal*, in effect on the first business day of the month in which the loan application is made. Notes receivable from participants bear interest at fixed rates that range from 4.25% to 7.75% at December 31, 2019 and 2018. The repayment period of such loans cannot exceed five years, unless the proceeds are used to buy the participant’s primary residence, in which case longer terms, up to 20 years, are allowed. Prior to January 1, 2016, a participant could have no more than two loans outstanding at the same time. Beginning January 1, 2016, participants could only have one outstanding loan at any time, except those who already had two loans outstanding as of that date. Loans are secured by a promissory note from the participant and his or her vested interest in the Plan. The notes are recorded at cost plus accrued interest. Principal and interest are paid ratably primarily through payroll deductions.

Payment of Benefits: Generally, distributions may be made upon a participant’s termination of employment, disability, or age 59 ½ (in the event of death, payment shall be made to his or her beneficiary or, if none, to his or her legal representatives). Hardship withdrawals, certain in-service withdrawals, and withdrawals of roll-over contributions, as defined in the Plan, are also permitted. Participants may elect to receive their benefits in the form of a lump sum payment, installment payments or a direct rollover distribution to another qualified plan. Participants who separate from service and have vested account balances of less than \$1,000 receive a lump sum

distribution in cash as determined by the Plan administrator. Prior to January 1, 2019, if the participant took a hardship withdrawal, the participant was suspended from making further contributions to the Plan for a six-month period.

Forfeited Accounts: Forfeitures may be used to reduce the Company's contributions, to pay Plan expenses and to restore non-vested accounts of employees who are rehired. The balance of unallocated forfeitures at December 31, 2019, and 2018 was approximately \$0 and \$13,000, respectively. As of December 31, 2019, approximately \$18,000 of forfeitures were used to reduce Plan expenses and no forfeitures were used to offset the Company match for 2019.

Administrative Expenses: The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in investment income (loss) presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Net Assets Transferred to Affiliated Plan: During December 2019, net assets of approximately \$6.5 million, which consisted of approximately \$6.4 million of investments and \$0.1 million of notes receivable from participants, were transferred into the Plan from an affiliated plan of the Company. Also during December 2019, net assets of approximately \$11.0 million, which consisted of approximately \$10.0 million in investments and \$1.0 million in notes receivable from participants, were transferred out of the Plan to an affiliated plan of the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 3 for discussion of fair value measurements.) The cost of investments sold or distributed is determined on the basis of the average cost for each participant. Purchases and sales of securities are reflected on the trade date. Transactions pending clearing with brokers not settled at year-end are recorded as other receivables or payables on the Statements of Net Assets Available for Benefits. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net investment income (loss) of the AECOM DC Retirement Plans Vanguard Master Trust, the AECOM DC Retirement Plans SMA Master Trust, and the AECOM DC Retirement Plans Stable Value Master Trust (collectively, the "Master Trusts") is allocated daily to the Plan based on the ratio of the Plan's investment in the Master Trusts to the total value of the related investments held by each master trust as of the beginning of the day.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Recent Accounting Pronouncements: In February 2017, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update (“ASU”) No. 2017-06, *Employee Benefit Plan Master Trust Reporting* (“ASU 2017-06”). ASU 2017-06 clarifies and updates presentation and disclosure requirements for a plan’s interest in a master trust, and eliminates a redundancy relating to disclosures for plans with 401(h) accounts. ASU 2017-06 is effective for annual reporting periods beginning after December 15, 2018, with early adoption permitted. Upon adoption, ASU 2017-06 is to be applied retrospectively to all periods presented. The Plan adopted ASU 2017-06 for the Plan year ended December 31, 2019, and applied it retrospectively for all periods presented, as required. As a result, the prior year’s disclosure of the Plan’s interest in the Master Trusts have been revised as reflected in Notes 4, 5, and 6.

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (“ASU 2018-13”), which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan’s management is currently in the process of evaluating the impact of the adoption of ASU 2018-13 on its Plan’s financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan’s investments, which are stated at fair value, are disclosed in accordance with the established framework and disclosure requirements described in the FASB Accounting Standards Codification (“ASC”) No. 820-10, *“Fair Value Measurements and Disclosures”* (“ASC 820-10”), which defines fair value, establishes a framework for measuring fair value under current accounting pronouncements that require or permit fair value measurement and enhances disclosures about fair value measurements. ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction, which requires an entity to maximize the use of observable inputs when measuring fair value.

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There were no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – A mutual fund is an investment company registered under the Investment Company Act of 1940 that pools the capital of many investors and invests it in stocks, bonds, short-term money market instruments and/or other securities. These investments are public investment vehicles valued at the closing price reported in the active market in which the investments are traded. These investments are classified within Level 1 of the valuation hierarchy.

Self-directed brokerage accounts – Self-directed brokerage accounts are comprised of investments which are valued at the closing price reported in the active market in which the investments are traded. These investments are classified within Level 1 of the valuation hierarchy.

Cash and certificates of deposit – Cash and certificates of deposits are valued at the cash balance held at year-end and classified within Level 1 of the valuation hierarchy.

Stocks – The fair value of these instruments is based on the closing price per the principal stock exchange on which they are traded and are classified within Level 1 of the valuation hierarchy.

Fixed income instruments – Fixed income instruments are valued based on prices received from the fund custodian. The custodian uses multiple valuation techniques to determine the valuation of fixed income instruments. In instances where there is sufficient market activity, the custodian may utilize a market-based approach through which trades or quotes from similar instruments with comparable durations, yields, and credit ratings are used to determine the valuation of these

instruments. In instances where there is insufficient market activity, the custodian may utilize proprietary valuation models that maximize observable inputs. The valuation models may consider market transactions in comparable securities, the various relationships between securities, and/or market characteristics in order to estimate the relevant cash flows, which are then discounted to calculate the fair values. Fixed income securities, which are valued based on significant observable inputs, are classified within Level 2 of the valuation hierarchy because quoted prices of identical instruments are not readily available in active markets.

Collective investment trusts – A collective investment trust is a trust for the collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan. These investments are valued using the net asset value (“NAV”) provided by the administrator of the collective trust. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The collective investments trusts are not classified within the fair value hierarchy; however, the amounts measured using NAV is disclosed to permit reconciliation of the fair value of investments to the Statements of Net Assets Available for Benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers Between Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions of model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based on the nature of the financial instrument’s size or the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers between levels.

Fair Value Measurements: The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2019 and 2018, respectively. The following tables do not include the Plan’s interest in the AECOM DC Retirement Plans Master Trusts because that information is presented in separate tables (see Notes 4-6).

NOTE 4 – INTEREST IN AECOM DC RETIREMENT PLANS VANGUARD MASTER TRUST

Certain investment assets of the Plan are held in a custody account at The Vanguard Group and consist of an interest in an investment account of the AECOM DC Retirement Plans Vanguard Master Trust (“Vanguard Master Trust”), a master trust established by AECOM and administered by the Trustee. The Vanguard Master Trust combines the Plan’s assets with the assets of two other retirement savings plans sponsored by AECOM for investment and administrative purposes. Although the assets of the three retirement plans are combined in the Vanguard Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment funds to the participating plans. The net investment gain or loss of the Vanguard Master Trust investment funds is allocated by the Trustee to each participating plan based on that plan’s interest in each investment fund, as compared with the total interest of all the participating plans in each investment fund. Investment gains or losses are recognized as earned based on the terms of the investments and the period during which the investments are held by the Vanguard Master Trust.

The following table presents the investments of the Vanguard Master Trust as of December 31:

NOTE 5 – INTEREST IN AECOM DC RETIREMENT PLANS SMA MASTER TRUST

Certain investment assets of the Plan are held in separately managed accounts (“SMA”) in a custody account at Northern Trust Corporation and consist of an interest in an investment account of the AECOM DC Retirement Plans SMA Master Trust (“SMA Master Trust”), a master trust established by AECOM and administered by the Trustee. The SMA Master Trust combines the Plan’s assets with the assets of two other retirement savings plans sponsored by AECOM for investment and administrative purposes. Although the assets of the three retirement plans are combined in the SMA Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment funds to the participating plans. The net investment gain or loss of the SMA Master Trust investment funds are allocated by the Trustee to each participating plan based on that plan’s interest in each investment fund, as compared with the total interest of all the participating plans in each investment fund. Investment gains or losses are recognized as earned based on the terms of the investments and the period during which the investments were held by the SMA Master Trust.

The following table presents the investments and other assets and liabilities of the SMA Master Trust as of December 31:

For the year ended December 31, 2019, investment income of the SMA Master Trust was approximately \$141.0 million, which consisted of net appreciation in fair value of investments.

NOTE 6 – INTEREST IN AECOM DC RETIREMENT PLANS STABLE VALUE MASTER TRUST

Certain investment assets of the Plan are held in a custody account at Fidelity and consist of an interest in an investment account of the AECOM DC Retirement Plans Stable Value Master Trust (“Stable Value Master Trust”), a master trust established by AECOM and administered by the Trustee. The Stable Value Master Trust combines the Plan’s assets with the assets of two other

retirement savings plans sponsored by AECOM for investment and administrative purposes. Although the assets of the three retirement plans are combined in the Stable Value Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment funds to the participating plans. The net investment gain or loss of the Stable Value Master Trust investment funds is allocated by the Trustee to each participating plan based on that plan's interest in each investment fund, as compared with the total interest of all the participating plans in each investment fund. Investment gains or losses are recognized as earned based on the terms of the investments and the period during which the investments are held by the Stable Value Master Trust.

The Stable Value Master Trust in which the Plan's investment assets are held consists of two components: the Fidelity Managed Income Portfolio II ("MIP II") and the URS Income Fund, which was liquidated in 2019. (See Note 7 for discussion of the URS Income Fund.) The MIP II is a collective investment trust which has fully benefit-responsiveness features offered under the Fidelity Group Trust for employee benefit plans. The Stable Value Master Trust holds an indirect investment in the fully benefit-responsive investment contracts within the MIP II; therefore, the investment in MIP II is reported at fair value using the NAV as a practical expedient. The URS Income Fund is a fully benefit-responsive investment contract separately-managed by Fidelity for the Company. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. The investments in the URS Income Fund are presented at contract value in the net assets of Stable Value Master Trust. At December 31, 2019 and 2018, respectively, the MIP II fund was 100.0% and 94.3% of the Stable Value Master Trust. The URS Income Fund was 5.7% of the Stable Value Master Trust at December 31, 2018.

The following table presents the investments of the Stable Value Master Trust as of December 31:

	Stable Value Master Trust		Plan's Interest in Stable Value Master Trust	
	2019	2018	2019	2018
	<i>(expressed in \$000)</i>			
Investments measured at NAV				
Collective investment trust	\$ 445,496	\$ 420,533	\$ 17,175	\$ 16,510
Investments at contract value

Total	<u>\$ 445,496</u>	<u>\$ 445,757</u>	<u>\$ 17,175</u>	<u>\$ 17,499</u>

For the year ended December 31, 2019, investments income of the Stable Value Master Trust was approximately \$10.8 million, which consisted of interest and dividend income.

Net Asset Value per Share — The following tables summarize investments measured at NAV per share as of December 31, 2019 and 2018, respectively:

December 31, 2019	Fair Value (in \$000)	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Other Redemption Restrictions	Redemption Notice Period

NOTE 7 – SYNTHETIC INVESTMENT CONTRACTS

The following information describes the URS Income Fund component of the Stable Value Master Trust. The URS Income Fund consists of synthetic investment contracts (“SICs”). A liquidity agreement (“wrapper”) is entered into for a fee with a financially responsible third party that guarantees a minimum rate of return and provides benefit responsiveness. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value.

There are certain events not initiated by Plan participants that limit the ability of the Stable Value Master Trust to transact with the issuer of a SIC at its contract value. Examples of such events include: the Plan’s failure to qualify under the Code; full or partial termination of the Plan, involuntary termination of employment as a result of a corporate merger, divestiture, spin-off, or other significant business restructuring, which may include early retirement incentive programs or bankruptcy; changes to the administration of the Plan which decreases employee or employer contributions, the establishment of a competing plan by the Plan sponsor, the introduction of a competing investment option, or other Plan amendment that has not been approved by the contract issuers; dissemination of a participant communication that is designed to induce participants to transfer assets from this investment option; events resulting in a material and adverse financial impact on the contract issuer, including changes in the tax code, laws or regulations. The Company does not believe that the occurrence of any of the aforementioned events, which would limit the Stable Value Master Trust’s ability to transact with the issuer of a SIC at its contract value with participants, is probable.

The SICs generally impose conditions on both the Stable Value Master Trust and the issuer. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Stable Value Master Trust to be in default: a breach of material obligation under the contract; a material misrepresentation; or a material amendment to the Stable Value Master Trust agreement. The issuer may be in default if it breaches a material obligation under the investment contract; makes a material misrepresentation; has a decline in its long-term credit rating below a threshold set forth in the contract; is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If the Stable Value Master Trust is unable to obtain a replacement investment contract, in the event of a default of an issuer, withdrawing plans may experience losses if the value of the Stable Value Master Trust’s assets is below contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro-rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to

the Stable Value Master Trust the excess, if any, of contract value over market value on the date of termination.

If a SIC terminates due to a decline in the ratings of the issuer, the issuer may be required to pay to the Stable Value Master Trust the cost of acquiring a replacement contract (i.e. replacement cost) within the meaning of the contract.

If the contract terminates when the market value equals zero, the issuer will pay the excess of contract value over market value to the Stable Value Master Trust to the extent necessary for the Stable Value Master Trust to satisfy outstanding contract value withdrawal requests. Contract termination also may occur by either party upon election and notice.

The URS Income Fund was liquidated in 2019.

NOTE 8 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no audit procedures were performed with respect to the information certified by the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

Information certified by the Trustee includes the value of the Plan's investments and the Plan's interest in the investments held in the Vanguard Master Trust, the SMA Master Trust, the Stable Value Master Trust, and notes receivable from participants included at December 31, 2019 and 2018, in the accompanying Statements of Net Assets Available for Benefits; net appreciation (depreciation) in fair value of investments, interest and dividends, interest in investment income (loss) for the Vanguard Master Trust, the SMA Master Trust, the Stable Value Master Trust and interest income on notes receivable from participants included for the year ended December 31, 2019, in the accompanying Statement of Changes in Net Assets Available for Benefits; and investments and notes receivable from participants included in Schedule H, Line 4i: Schedule of Assets (Held at End of Year).

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10 – TAX STATUS

The Plan received its latest determination letter on December 3, 2015, in which the Internal Revenue Service ("IRS") indicated that the form of the Plan complies with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter.

The Plan administrator believes the Plan continues to be qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 11 – BENEFITS PAYABLE

Net assets available for benefits at December 31, 2019 and 2018 include \$167,761 and \$156,017, respectively, for participants who have withdrawn from the Plan and have requested distribution of benefits, but have not yet been paid.

NOTE 12 – RELATED PARTY TRANSACTIONS

AECOM, the Company's parent company, charges the Plan for certain administrative labor costs. The total cost of administrative labor charged to the Plan by AECOM during the year ended December 31, 2019 was approximately \$53,900. These transactions qualify as party-in-interest transactions.

The Plan holds self-directed brokerage accounts and investments managed by Bank of America, N.A. and their affiliates, and these transactions qualify as party-in-interest transactions. The Plan holds investments managed by Northern Trust Corporation, Fidelity and The Vanguard Group, and these transactions qualify as party-in-interest transactions.

These party-in-interest transactions qualify for prohibited transaction exemptions.

NOTE 13 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

NOTE 14 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to Form 5500 as of and for the year ended December 31:

	<u>2019</u>	<u>2018</u>
	<i>(expressed in thousands)</i>	
Net assets available for benefits per financial statements	\$322,782	\$283,312
Amounts allocated to withdrawing participants	<u>(167)</u>	<u>(156)</u>
Net assets available for benefits per Form 5500	<u>\$ 322,615</u>	<u>\$ 283,156</u>

	2019
	<i>(expressed in thousands)</i>
Net increase per financial statements	\$ 44,019
Net change in amounts allocated to withdrawing participants	<u>(11)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$44,008</u>

NOTE 15 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 2, 2020, the date the financial statements were available to be issue.

The 2019 novel coronavirus (or “COVID-19”) pandemic has affected and may continue to affect economic activity globally. As a result of this pandemic, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 pandemic may continue to affect the Plan. The extent of the impact of the pandemic on the Plan’s investments and the amounts reported in the 2019 Statement of Net Assets Available for Benefits cannot be predicted at this time.

In response to the Coronavirus Aid, Relief, and Economic Security Act (the “CARES ACT”) which was signed into law on March 27, 2020, the Plan implemented changes to its loan policy. The maximum loan limit was temporarily increased to the lesser of \$100,000 or 100% of the eligible participant’s vested balance for a period of 180 days from March 27, 2020. During the period between March 27, 2020 and December 31, 2020, an eligible participant can elect to delay loan payments for one year. Repayments will be adjusted to reflect interest accrued during the delay.

On January 31, 2020, AECOM closed on the sale of its Management Services business, and the resulting new company became Amentum. As a result of the sale, the Plan and one other retirement savings plan related to the sold business, and the participants of those plans transferred to Amentum. In conjunction with the sale, sponsorship and administration of the Plan was transferred to Amentum. These two retirement savings plans participated in the Master Trusts (Notes 4,5, and 6), and due to the transfer of the plans, they are no longer participating plans in those Master Trusts. The name of the Plan was changed to Amentum 401(k) Retirement Plan.

In connection with the sale of the Management Services business, participants that were part of an AECOM 401(k) plan ceased to be eligible to participate in that plan and became eligible to participate in the Plan. As a result of the change in eligibility, those participants impacted were offered a special election period in February 2020, whereby they could elect to rollover their accounts held in the AECOM 401(k) plan to the Plan, which resulted in the transfer of approximately \$237.2 million in investments and loans.
