We were engaged to audit the accompanying financial statements of the Capital Accumulation Plan for Allegheny Ludlum Corporation – Houston Employees, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Capital Accumulation Plan for Allegheny Ludlum Corporation – Houston Employees

Notes to Financial Statements
December 31, 2019

1. Description of Plan

The following description of the Capital Accumulation Plan for Allegheny Ludlum Corporation - Houston Employees (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all collective bargaining employees of the Houston, PA plant of Allegheny Ludlum, LLC (the Company), a wholly-owned subsidiary of Allegheny Technologies Incorporated (ATI), the Plan sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective June 25, 2015, the Houston, PA plant ceased operations, and contributions for both the employees and the Company ended as a result of the plant closure.

Contributions

Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. A participant may direct these contributions in any percentage increment to any of the Plan's fund options.

Participant Accounts

Each participant's account consists of previous participant contributions, rollover contributions and allocations of (a) previous Company's contributions and (b) plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may change their investment options daily.

Vesting

All participants are 100% vested in their accounts.

Notes Receivable from Participants

Participants that are current active employees of ATI or its subsidiaries may maintain up to three outstanding loans subject to a minimum of \$500 and a maximum equivalent to the lesser of \$50,000 or 50% of their vested account balance. The term of the loan shall not exceed 5 years, unless the purpose of the loan is for the purchase of a primary residence, in which case the residential loan shall be repaid over a period not to exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. All outstanding notes receivable to participants were determined to be deemed distributions in a prior year.

Payment of Benefits

For participants that are current active employees of ATI or its subsidiaries, they may receive a lump-sum amount equal to the value of his or her account upon termination of service. Also, all participants may elect to receive annual installments over a five, ten, or fifteen-year period upon death, disability or retirement.

Plan Expenses

Certain expenses which arise from the administration of the Plan are paid by the Company and excluded from these financial statements. All expenses which arise from an individual investment reduce the return on that individual investment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

2. Significant Accounting Policies

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information

provided by the investment managers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement Plan". This new guidance modifies the disclosure requirements on fair value measurements, including removal and modifications of various current disclosures as well as some additional disclosure requirements for Level 3 fair value measurements. Some of these disclosure changes must be applied prospectively while others retrospectively depending on requirement. This guidance is required to be adopted by the Plan beginning in fiscal year 2020 with early adoption permitted for modified and eliminated disclosures. The Plan does not plan to early adopt this guidance. The adoption of these changes is not expected to have an impact on the Plan's financial statements other than disclosures.

3. Trust Certification (Unaudited)

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation of investments, and interest and dividend income for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company (Vanguard), the trustee of the Plan.

4. Fair Value Measurements

In accordance with accounting standards, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, and establishes a framework for measuring fair value.

The accounting standards establish a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

Determination of Fair Value

Fair value is based upon quoted market prices, where available. If listed prices or quotes are not available, fair value is based upon models that primarily use, as inputs, market-based or independently-sourced market parameters, including yield curves, interest rates, volatilities, equity or debt prices, foreign exchange rates and credit curves. In addition to market information, models may also incorporate transaction details, such as maturity. Valuation adjustments, such as liquidity valuation adjustments, may be necessary when the Plan is unable to observe a recent market price for a financial instrument that trades in inactive (or less active) markets. Liquidity adjustments are not taken for positions classified within Level 1 (as defined below) of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Valuation Hierarchy

The three levels of inputs to measure fair value are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Valuation Methodologies

The valuation methodologies used for assets and liabilities measured at fair value, including their general classification based on the fair value hierarchy, includes the following:

- Registered investment companies – these investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of

the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in a market that is active, and therefore is classified within Level 1 of the valuation hierarchy.

The following tables present the financial instruments carried at fair value by caption on the statements of net assets available for benefits and by category of the valuation hierarchy (as described above). The Plan had no assets classified within Level 2 or Level 3 of the valuation hierarchy as of December 31, 2019 and 2018. There were no reclassifications of assets between levels of the valuation hierarchy for the periods presented.

Assets measured at fair value on a recurring basis:

December 31, 2019	Level 1	Level 2	Level 3	Total
Interest in registered investment companies	\$ 6,095,705	\$ —	\$ —	\$ 6,095,705
Total assets at fair value	\$ 6,095,705	\$ —	\$ —	\$ 6,095,705
December 31, 2018	Level 1	Level 2	Level 3	Total
Interest in registered investment companies	\$ 5,727,653	\$ —	\$ —	\$ 5,727,653
Total assets at fair value	\$ 5,727,653	\$ —	\$ —	\$ 5,727,653

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated October 13, 2015, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The earliest tax year open to U.S. Federal examination is 2016.

6. Transactions with Parties-in-Interest

Certain plan investments are shares of mutual funds managed by Vanguard. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 2, 2020, the date that the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustments to our disclosures in the financial statements except for the matters described in the following paragraphs.

Subsequent to the Plan's December 31, 2019 fiscal year, the coronavirus (COVID-19) pandemic has caused a global slowdown of economic activity and significant volatility and disruption of financial markets. COVID-19 could materially and adversely affect the Plan, its operations, and its performance. Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law which provides both plan sponsor and participant relief. ATI has decided to voluntarily adopt the following provisions from the CARES Act as they relate to the Plan effective May 8, 2020:

2020 Required Minimum Distributions

- For employees and retirees at least age 70½ (or age 72 in 2020), the CARES Act waives required minimum distributions from the plan for the 2020 calendar year. As a result, automatic payments scheduled for December 2020 will not be made.
- If a participant was required to receive a payment by the end of the year and they still want to receive it, they may still request it.

Management of the Plan is unable to accurately predict how the coronavirus will affect the results of Plan operations because the severity and duration of the pandemic are uncertain. However, while it is premature to accurately predict the ultimate impact of these developments, the Plan's results for the year ended December 31, 2020 may be materially impacted.
