Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Trust Company, LLC, the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The AIV, L.P. 401(k) Plan (the Plan) was adopted effective February 1, 1996 to establish a savings and investment plan for the exclusive benefit of the employees of AIV, L.P. and Gulf Coast Modification, L.P. (the Company and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In 2018, the Plan was amended to recognize the prior service of employees from an acquired company, and to allow participation of employees of a new affiliated company.

Basis of Presentation - The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Under this method, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Modification to the cash basis method has been made with respect to the valuation of investments at fair value.

Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits - modified cash basis and the statement of changes in net assets available for plan benefits - modified cash basis.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits - modified cash basis and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits - modified cash basis.

Participant Loans - Loans to participants are reported as a receivable from participants at the unpaid principal balance.

Federal Income Tax - The Company adopted a Volume Submitter Profit Sharing Plan (the Volume Submitter Plan) with deferral arrangements. The Volume Submitter Plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Volume Submitter Plan and related trust constitutes a qualified trust under Section 401(b) of the Internal Revenue Code and is therefore, exempt from federal income taxes. The Volume Submitter Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2019 and 2018.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2019, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2016 forward (with limited exceptions). Tax penalties and interest, if any, would be recorded when paid and would be classified as tax expense in the statement of changes in net assets available for plan benefits - modified cash basis.

Subsequent Events - The Plan has evaluated subsequent events through September 22, 2020, the date the financial statements were available to be issued. The following subsequent events occurred which require disclosure to the financial statements at December 31, 2019:

As a result of the COVID-19 pandemic occurring after December 31, 2019, economic uncertainties have arisen which are likely to negatively affect the Plan's operations. However, the related financial impact and duration cannot be reasonably estimated at this time.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Two optional features within these acts were implemented August 3, 2020, which included allowing eligible individuals to receive coronavirus-related distributions from January 1, 2020, to December 30, 2020, up to an aggregate limit of $100,000 and increased the maximum amount available for a participant loan to the lesser of $100,000 (reduced for outstanding prior loans) or 100% of the present value of the participant's vested account balance, for a loan issued between March 27, 2020 and September 22, 2020. Written amendments to the Plan to reflect these operational changes which will be adopted at a later date in accordance with applicable law and IRS guidance.

No other subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2019.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee (excluding union, leased employees and certain nonresident aliens) is eligible to become a participant in the Plan on January 1, April 1, July 1 or October 1 following the completion of three months of service and attaining age 21.

Contributions - Participants may elect to make contributions (including Roth 401(k) contributions) to the Plan in an annual amount ranging from 1% to 75% of their eligible compensation. Eligible compensation in 2019 is limited to $280,000. Contributions are made through authorized payroll reductions. These contributions by individual employees were limited to $19,000 (participants under 50 years of age) and $25,000 (participants 50 years of age or older) in 2019. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

The Plan is intended to qualify as a Safe Harbor 401(k) Plan by the Company contributing a safe harbor matching contribution equal to the employee's elected deferral that does not exceed 6% of each eligible employee's compensation. The Company may also make additional contributions, in an amount determined solely at the discretion of the Directors. Such additional discretionary contributions, if any, are allocated pro rata to all eligible participants employed at year end based upon the proportion of the participant's compensation to the total compensation of all eligible participants. There were no discretionary contributions during the year ended December 31, 2019.

Each participant account is credited with the participant's contribution, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - Participants are immediately vested in their salary reduction, rollover contributions, and the Company's safe harbor contributions plus actual earnings thereon. Any Company discretionary contributions and related earnings vest as follows:

Full Years of Vesting Service	Vested Interest
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Form of Benefits - Benefits are recorded when paid. Benefits are paid either in a lump sum or installment payments. For participants having attained age 70-1/2, minimum distribution requirements apply. Participant accounts less than $5,000 will be distributed as soon as administratively feasible, with accounts over $1,000 being transferred to an IRA account unless otherwise directed by the participant.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. The interest rates on loans outstanding at December 31, 2019 range from 4.25% to 7.50%.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

NOTE B PLAN DESCRIPTION (CONTINUED)

Forfeitures - Forfeitures of account balances not fully vested are used to reduce future employer contributions. During 2019, all forfeited amounts were used and no forfeiture balance was available at December 31, 2019.

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Two officers of the Company are trustees for the Plan. Any Plan expenses not paid by the Company will be paid by the Plan.

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments at December 31, 2019 and 2018 are recorded at fair value as certified by John Hancock Trust Company, LLC (John Hancock) as follows:

	2019	2018
Pooled separate accounts	$ 19,823,495	$ 15,235,511

Income as certified by John Hancock for the year ended December 31, 2019, is as follows:

Net investment gain from pooled separate accounts	$ 3,837,450
Interest income from participant loans	$ 54,182

John Hancock also certified the participant loan receivable balances at December 31, 2019 and 2018 and the information contained in the supplemental schedule of assets (held at end of year).

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 - Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 - Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments. All investments of the Plan are valued using level 2 inputs.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, including instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2019 and 2018.

Pooled separate accounts are valued by the funds' trustees based on the net asset value of the underlying investments.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by John Hancock Life Insurance Company (U.S.A.). These investments are considered party-in-interest transactions because John Hancock Trust Company, LLC serves as asset custodian of the Plan. The Plan Administrator has approved of these investment options.

NOTE F RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The financial statements classify certain investments and related investment income/loss as pooled separate accounts, whereas the Form 5500 classifies these same investments and related investment income/loss as registered investment companies.
