Contributions

Each year 401(K) participants may contribute a percentage of pretax annual compensation as defined in the Plan up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated targeted fund until changed by the participant. The Company contributes a matching contribution equal to 50% of the participant's deferral up to 6% of compensation. Profit sharing amounts may be contributed at the option of the Company.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contribution and all earnings and losses on the participant's selected investments. Each account is also charged with fees and investment expenses for selected investments and for participant notes receivable, as applicable. Profit sharing contributions are allocated using the grouping method where participants are assigned to a group which will share in the profit sharing contribution (if any) made for that group.

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN – (Continued)

Participant Accounts – (Continued)

The profit sharing is cross-tested with a related plan to ensure contributions overall meet requirements. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service. Previously, vesting was based on a 2-20 graded vesting schedule. Effective January 1, 2018 vesting is as follows:

<u>Years of Service</u>	
1	0%
2-3	33%
3-4	67%
4 or more	100%

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions in a wide variety of mutual funds. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years or higher for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 4.25 percent to 7.25 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the participant's life expectancy (or the expectancy of the participant and his or her designated beneficiary).

NOTE 1 - DESCRIPTION OF PLAN – (Continued)

Payment of Benefits – (Continued)

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce employer contributions or pay expenses of the Plan. Forfeitures for the year ended December 31, 2019 were \$40,615.

During the year end December 31, 2019, accumulated forfeitures were applied as follows:

	<u>2019</u>
Reduce match	\$30,038
Reduce profit sharing contribution	4,794

The balance in the forfeiture account was \$42,428 at December 31, 2019 and \$36,118 at January 31, 2019. Employer contributions receivable are recorded net of the anticipated forfeitures to be applied (for 2019 \$40,412 was applied to the match in 2020.)

Amounts Allocated to Withdrawing Participants

At December 31, 2019, net assets available for benefits included approximately \$15,000 for withdrawing participants (under plan force out provisions) which were distributed subsequent to year end.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and as assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment in Common Collective Trust

The Plan offered as an investment option a stable value fund which is a collective investment trust that is invested entirely in a Met Life Group Annuity contract. The fund was recorded at the estimated contract value, as provided by Met Life. During 2019 this option was replaced by a money market fund.

Notes Receivable from Participants

Participant notes receivable are reported at their unpaid principal balances, plus accrued but unpaid interest, if any. No allowance for credit losses has been recorded as of December 31, 2019 or January 31, 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions

Results of testing for 2019 indicate corrective distributions will be necessary. Plan management has determined they are not material to the statements as a whole, so they have not been accrued but will be recorded when corrected in 2020.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review

Subsequent events were evaluated through September 28, 2020, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The December 31, 2019 and January 31, 2019 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$67,033,374 and \$61,545,234 and participant notes receivable (exclusive of accrued interest) of \$567,039 and \$666,059 at December 31, 2019 and January 31, 2019 respectively, and related cash-basis investment income (loss) of \$ \$8,636,101 for the year ended December 31, 2019, which includes interest income on notes receivable from participants.

The following table present the current value of investments at December 31, 2019 and January 31, 2019. All investments of the Plan are participant-directed.

NOTE 3 – INVESTMENTS – (Continued)

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$(6,858,468), as follows:

Mutual Funds	
Realized gains (losses)	\$ 814,946
Unrealized gains (losses)	<u>6,019,064</u>
	6,834,010
Common/Collective Trust	
Realized gains (losses)	44,026
Unrealized gains (losses)	<u>(19,568)</u>
	<u>24,458</u>
	<u>\$ 6,858,468</u>

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- ♦ Quoted prices for similar assets or liabilities in active markets;
- ♦ Quoted prices for identical or similar assets or liabilities in inactive markets;
- ♦ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COHEN & COMPANY
PROFIT SHARING/401(K) PLAN

Notes to Financial Statements

NOTE 4 - FAIR VALUE MEASUREMENTS – (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Assets measured at net asset value or at fair value on a recurring basis as of December 31, 2019 and January 31, 2019 were as follows:

	December 31, 2019	January 31, 2019
	<u>Level 1</u>	<u>Level 1</u>
Mutual funds	\$67,033,374	\$58,812,298

The preceding method described may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Investment Committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE 5 - STABLE VALUE FUND

The Plan offered as an investment option a stable value fund which was replaced as an investment option during 2019 with a money market mutual fund. The fund was a collective investment trust: The Reliance Trust Stable Value Fund, a common collective trust invested entirely in a Met Life Group Annuity Contract. This fund seeks to provide a stable rate of return with preservation of principal and liquidity as the primary objective, by investing primarily in investment contracts issued by insurance companies, banks and other financial institutions.

Because the contract was fully benefit-responsive, meaning participants ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund.

COHEN & COMPANY
PROFIT SHARING/401(K) PLAN

Notes to Financial Statements

NOTE 5 - STABLE VALUE FUND – (Continued)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The average yield and crediting interest rates for funds held at January 31, 2019 and were 0.20% and 2.93%, respectively, which did not change significantly prior to disposition. Overall annualized return for the fund through disposition was approximately 2.4%.

Certain events, such as premature termination of underlying contracts by the fund or termination of the Plan, could limit the Plan's ability to transact at contract value with the fund. The fund and plan administrator believe the occurrence of such event that would also limit the Plan's ability to transact at contract value with plan participants is not probable. No such events occurred; transfers out at disposition were made at contract value.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 - TAX STATUS

The Plan obtained its latest determination letter on March 30, 2018, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

COHEN & COMPANY
PROFIT SHARING/401(K) PLAN

Notes to Financial Statements

NOTE 8 - TAX STATUS – (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files Form 5500, Annual Return/Report of Employee Benefit Plan, in compliance with DOL and IRS regulations. The returns for the years ending January 31, 2017 and subsequent are subject to examination by the IRS, generally three years after filing. For DOL purposes, the returns are subject to review for six years after filing.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Company or its affiliates. No such officer or employee receives compensation from the Plan.

The recordkeeper for the Plan is Schwab Retirement Plan Services, Inc., an affiliate of Charles Schwab Bank which is a trustee with respect to the Plan. Schwab fees paid directly by the Plan totaled \$12,878 for the year ended December 31, 2019. In addition, Charles Schwab Bank and related affiliate(s) may receive indirect compensation from mutual fund companies.

Investment management fees paid to the Plan's pension and investment consulting firm totaled \$3,744.

All these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 – TRANSFERS TO ANOTHER PLAN

Effective February 2012 the Plan amended its definition of eligible employees to exclude certain employees to be covered under a separate profit sharing plan also maintained by the sponsor. Assets held for these employees were transferred to the new plan in January 2013. Additionally each year eligible employees may elect to continue participating in the Plan or elect to transfer assets to the other plan maintained by the sponsor.

PROFIT SHARING/401(K) PLAN

Notes to Financial Statements

NOTE 10 – TRANSFERS TO ANOTHER PLAN – (Continued)

Once an election is made, it is irrevocable and the participant is no longer eligible to participate in this Plan. In accordance with Plan provisions, these employees do not contribute to the Plan during the year.

One additional election was made for the year ended December 31, 2019. Participant accounts approximating \$5.8 million were transferred for electing participants from both the prior and current years.

NOTE 11 - RECONCILIATION OF THE FINANCIAL STATEMENT TO FORM 5500

Net assets available for benefits per the financial statements were the same as per Schedule H of Form 5500 at December 31, 2019 and January 31, 2019. The statement of changes in net assets available for benefits was consistent with the income and expense statement included on Schedule H of Form 5500 for the years ended December 31, 2019.

NOTE 12 – CHANGE IN YEAR END

Plan management has decided to change the plan year end to a calendar year to be consistent with the sponsor year end. This change was effective for the current plan year resulting in a short 11 month year ended December 31, 2019.

NOTE 13 – SUBSEQUENT EVENTS

Effective January 1, 2020 the Sequoia employers were no longer affiliated with the sponsor and assets for their participants totaling approximately \$9.0 million were transferred to a new plan.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among other, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
