Report of the Financial Statements

We have audited the accompanying financial statements of Greater Wisconsin Multi-Employer Retirement Income Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Greater Wisconsin Multi-Employer Retirement Income Plan as of December 31, 2019, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As further discussed in Note 9 to the financial statements, the Plan terminated effective December 31, 2012, due to the mass withdrawal of all employers from the Plan. In accordance with accounting principles generally accepted in the United States of America, the accompanying financial statements are presented using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules as detailed in the table of contents, are presented for the purpose of additional analysis and are not a required part of the financial statements, but some of which are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Other Matter – 2018 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2018 were audited by the accounting firm Freyberg Hinkle Ashland Powers & Stowell, S.C., which merged with Sikich LLP on November 1, 2019. The report dated June 6, 2019 expressed an unmodified opinion on those financial statements.

1. DESCRIPTION OF PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for additional information.

General

The Plan is a multi-employer defined benefit plan covering individuals who are represented by the United Steelworkers of America AFL-CIO for collective bargaining purposes and who are employees of a company (Employer) that participated in the Plan during the individual's employment with that company.

As described in Note 9, effective December 31, 2012, the Plan was terminated due to the withdrawal of all employers.

The Plan is subject to the provisions of ERISA, as amended.

Administration

The Plan's assets available for pension benefits are held in a fund administered by the Greater Wisconsin Employer-Union Pension Trust Fund (Trustee). The Plan has an agreement with the Trustee to hold, invest, and distribute the Plan's assets under the provisions of the Plan agreement. Additionally, the Trustee provides certain services relative to the administration of the Plan.

Pension benefit

The normal retirement benefit is attained at the older of age 65, or the participant's age on the date five years after entering the Plan. Participants retiring after the normal retirement age receive increased benefits of 6%-10% for each year their actual retirement age follows the normal retirement age. The Plan permits an early retirement benefit at age 55 for those participants with ten or more years of service. If early retirement is taken, the amount of the monthly pension benefits is reduced by a factor for each year prior to the normal retirement age.

Participants' monthly benefits for each earned accrual service unit are determined by the various collective bargaining agreements. Earned accrual service units are the sum of service units earned after the date the Employer began participation in the Plan (future accrual service units) plus each year of service earned prior to the date the Employer began participation in the Plan (past accrual service units). Future accrual service units are earned at the rate of 0.1 service unit for each 180 hours of service without limitation. However, participants with 870 to 1,979 service hours in a year are given credit for a full year of service (1.0 future accrual service unit).

1. DESCRIPTION OF PLAN (Continued)

Vesting

Active participants become 100% vested after five years of service. Participants terminating with less than five years of service forfeit the rights to their accumulated pension benefits.

Disability Benefits

Active participants with ten or more years of service (five years for participants with Greater Wisconsin Employer Pension Fund Office – Administration Group) were entitled to disability benefits if they become permanently and totally disabled. This benefit was eliminated from the Plan effective January 1, 2011 unless a disability pension was awarded on or before April 30, 2010. The monthly disability benefits were equal to the participant's accrued monthly pension benefits as of the date of disability. Disability payments are paid until normal retirement age at which time participants begin receiving normal pension benefits.

Death Benefits

Monthly surviving spouse benefits, payments of which are deferred to the participant's earliest retirement date, are equal to one-half of the participant's accrued monthly pension benefits under the one-half survivorship option as of the date of death. Monthly surviving spouse benefits, payable immediately, are equal to one-half of the participant's accrued monthly pension benefits as of the date of death.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan adopted the liquidation basis of accounting December 31, 2012 and the accompanying financial statements of the Plan have been prepared on this basis, which agrees with the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities; and changes therein, disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Accordingly, actual results may differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Credit Risk

The Plan maintains its checking account in a financial institution in excess of federally insured limits. As of December 31, 2019 and 2018, the Plan had $275,145 and $273,867, respectively, deposited in excess of the FDIC insurance limits. The Plan has not experienced any losses on such accounts and believes it is not exposed to any significant credit risks on.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Office Equipment

Office equipment is recorded at cost less accumulated depreciation and does not purport to represent replacement or realizable value. Depreciation is provided on the straight-line method over the estimated useful lives of three to five years. It is the Plans policy that acquisitions or repair, maintenance, or betterments that materially prolong the useful lives of assets in excess of $500 are capitalized. Depreciation expense for the years ended December 31, 2019 and 2018, was $895 and $856, respectively.

New Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2016-02, “Leases (Topic 842)” to increase the transparency and comparability about leases among entities. The new guidance requires lessees to recognize a lease liability and a corresponding lease asset for virtually all lease contracts. It also requires additional disclosure about leasing arrangements. ASU No. 2016-02, as amended by ASU 2020-05, is effective for nonpublic entities for fiscal years beginning after December 15, 2021 and interim periods within fiscal years beginning after December 15, 2022. ASU 2016-02 originally specified a modified retrospective transition method which requires the entity to initially apply the new leases standard at the beginning of the earliest period presented in the financial statements. In July 2018, FASB issued ASU No. 2018-11, “Targeted Improvements” providing a second, optional transition method which allows the entity to apply the new standard at the adoption date and recognize a cumulative-effect adjustment to the opening balance of net assets in the period of adoption. The Plan is currently assessing the impacts of this new standard, including the two option transition methods.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements (Continued)

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements.* This standard is intended to improve the effectiveness od disclosures in the notes to the financial statements and modify the disclosure requirements on the fair value measurements in Topic 820, Fair *Value Measurements.* ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 with early adoption permitted. The Plan is currently evaluating the impact of this ASU.

Subsequent Events

Subsequent events are events or transactions that occur after year-end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that are existed at year-end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year-end but arose after that date (that is, unrecognized subsequent events).

The Plan has evaluated subsequent events through July 23, 2020, the date on which the financial statement was available to be issued. Except as disclosed in footnote 11, management has determined that there were no other significant unrecognized subsequent events through that date.

3. RETIREE ALLOCATED CONTRACTS

Certain retired employees are covered under a prior pension plan, which in turn is covered by “allocated” contracts with an insurance company. The insurance company has retained and guaranteed these retiree payments.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of commingled trust funds managed by the Russell Investment Company Commingled Employee Benefit Funds Trust. Russell Trust Company is the investment manager as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services was $124,571 and $143,853 for the years ended December 31, 2019 and 2018 respectively.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The following describes the three levels of fair value hierarchy:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan had no level 1, 2, or 3 assets at December 31, 2019 and 2018.

The Plan's assets are invested with Russell Trust Company. Russell Trust Company is the trustee and investment manager of the Commingled Employee Benefits Funds which offers participation in numerous collective, common, or commingled trust funds providing various investment objectives to ERISA qualified purchasers. Securities are valued on the basis of market valuations provided by independent pricing services when such prices are available and reliable. If market quotations are not readily available for a security or if subsequent events suggest that a market quotation is not reliable, fair value is determined, using procedures established by and under the general supervision of the trustee. The trustee may involve subjective judgments as to the fair value of securities. The value of Russell Trust Company Commingled Trust Funds in the accompanying financial statements at NAV per unit outstanding as of December 31, 2019 and 2018 was $27,821,572 and $29,780,876. There has been no change in the methodology used at December 31, 2019 and 2018.

5. FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values and are not necessarily an indication of the risk associated with investing in those securities. Furthermore, although the Plan believes its valuation method is appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. UNFUNDED PRESENT VALUE OF NON-FORFEITABLE BENEFITS

In accordance with the mass withdrawal, and corresponding termination of the Plan that was effective December 31, 2012, the actuary has calculated the unfunded present value of non-forfeitable benefits, based on assumptions and methods prescribed by the Pension Benefit Guaranty Corporation (PBGC). The unfunded present value of non-forfeitable benefits as of valuation date, December 31, 2019 and 2018 are as follows:

	2019	2018
Unfunded present value of non-forfeitable benefits (per PBGC assumptions)		
Pensioners and beneficiaries	$ 67,186,980	$ 64,796,558
Non-retired participants (including 10 surviving spouses)	31,280,486	33,824,867
Administrative expense loading	956,685	996,970
Total unfunded present value of non-forfeitable benefits	$ 99,424,151	$ 99,618,395

7. OFFICE RENT

The Plan leases its office space which requires monthly payments of $1,134. The lease expires August 2020, therefore, the liabilities for future lease payments is $9,072. Rent expense for the years ended December 31, 2019 and 2018 was $13,430 and $13,168.

8. TAX STATUS

The Internal Revenue Service (IRS) issued its latest determination letter dated September 24, 2015, applicable to amendments adopted through November 14, 2014 and proposed amendments submitted June 29, 2015, which states that the Plan and related trust continues to qualify under the applicable sections of the Internal Revenue Code. The Trustees believe that the Plan continues to qualify and operate as designed.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service.

8. TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions. The U.S. Department of Labor (DOL) informed the Plan by a letter dated December 1, 2019 that they would be conducting an investigation to determine the Plans compliance with the provisions of Title 1 for the time period January 1, 2017 to December 31, 2019. Management believes that the Plan is designed and being properly operated in compliance with the applicable requirements of Title 1.

9. PLAN TERMINATION AND WITHDRAWAL LIABILITY

In December 2012, the last employer withdrew from the Plan, thus leading to the termination of the Plan under ERISA. In accordance with ERISA Section 4219 and the PBGC Regulation 4219, initial mass withdrawal liability calculation was determined to be $39,523,424 as of December 31, 2012 for Seagrave Fire Apparatus, LLC (Seagrave) and for the Greater Wisconsin Employer Pension Fund Office (GWEPF) for the administrative and clerical employees of $928,428.

In accordance with PBGC regulations a redetermination of the liability allocation was performed during 2013. The reallocation of the liability to each employer as of December 31, 2013 was Seagrave $42,608,290 and GWEPF $1,572,893. Monthly payments due for perpetuity from Seagrave are $33,685 and due from GWEPF $788. The amount due from GWEPF is a non-cash transaction as contributions are offset by a charge to employee benefits.

The above withdrawal liability due the Plan has not been booked as the offsetting allowance for the uncollectible amount due to the uncertainty of collection through perpetuity cannot be reasonably estimated.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Should the Plan terminate at some future time, its net assets may not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid is dependent upon the priority of those benefits and the level of the benefits guaranteed by the PGBC at that time.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

10. RISKS AND UNCERTAINTIES (Continued)

The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

11. SUBSEQUENT EVENTS

The Plan will change their day to day administration from being self-administered to using a third-party administrator (TPA), effective August 1, 2020.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Plan management is carefully monitoring the situation and evaluating its options related to the Plan. No adjustments have been made to these financial statements as a result of this uncertainty.
