EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 and 2018

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN

The Commodity Truck Acquisition, LLC Employee Benefit Plan (the "Plan") was adopted by Commodity Truck Acquisition, LLC (the "Company") on January 1, 1999 and was most recently amended and restated on January 1, 2015. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and have attained age 18. The Plan excludes union employees whose employment is governed by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

2. **Contributions.** For the years ending December 31, 2019 and 2018, participants may contribute up to $19,000 and $18,500, respectively, of pretax annual compensation, as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

   The Company may contribute a discretionary matching contribution equal to a percentage, to be determined by the employer, of the participant's salary deferrals. The Company did not make discretionary matching contributions during the years ended December 31, 2019 and 2018.

   The Company may contribute a basic safe harbor matching contribution or an enhanced safe harbor matching contribution. The Company did not make safe harbor contributions during the years ended December 31, 2019 and 2018.

   The Company may contribute a discretionary profit sharing contribution to be determined by the employer. The Company did not make discretionary profit sharing contributions during the years ended December 31, 2019 and 2018.

3. **Participants Accounts.** Separate accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined.

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

4. **Vesting.** Participants are immediately vested in their contributions and employer safe harbor contributions plus related earnings. Vesting in the Company's matching and profit sharing contribution portions of their accounts, plus related earnings, is based on years of continuous service. Company matching and profit sharing contributions vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service. Participants also become fully vested upon reaching age 65, in the event of death or upon suffering a permanent disability while employed with the Company.

5. **Investment Options.** Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant-directed.

6. **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or a reasonable period of time for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.5%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The loans in default as of December 31, 2019 and 2018 were $53 and $51, respectively.

7. **Payment of Benefits.** Participants are eligible to receive a distribution of their account balance, to the extent vested, upon termination of employment, retirement, death or disability. A participant may receive the value of the vested interest in his or her account as a lump-sum distribution, an annuity, or a direct rollover. Terminated employees with account balances greater than $1,000 may elect to keep their vested account balances in the Plan after termination. As of December 31, 2019 and 2018, net assets included vested account balances of terminated employees totaling $287,365 and $281,899, respectively.

8. **Forfeited Accounts.** Participants forfeit the unvested portion of their accounts upon the completion of a five-year severance or, if earlier, upon receipt of distribution of the vested account balance in the Plan. Forfeitures are used first to pay administrative expenses and next to reduce the Company's contributions as provided in the Plan. There were no forfeitures for the years ended December 31, 2019 and 2018.

9. **Plan Administration.** Great-West Life & Annuity Insurance Company ("Great-West") serves as the Plan's custodian. The Company provides accounting and administrative services to the Plan at no cost and pays contract administration fees and asset management fees. Administrative expenses totaling $2,318 and $2,177 for the years ended December 31, 2019 and 2018, respectively, were paid by the Plan.

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

10. **Plan Termination.** The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income on participant notes is recorded on the accrual basis.

Investment Valuation and Income Recognition

Investments, except for the guaranteed investment contract, are reported at fair value. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 9 for discussion of fair value measurements. The Plan's investment in the guaranteed investment contract is valued at contract value (Note 3).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Management has determined its Key Guaranteed Portfolio Fund ("Guaranteed Fund") with Great-West to be fully benefit-responsive.

Investments in pooled separate accounts are valued at estimated fair value as reported by Great-West, as determined by the quoted market prices of similar investments.

Investment income is recorded when earned. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Investments in nonmarketable limited partnerships are valued at their unit price, or equivalent, based on the fair value of underlying assets in the partnership.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INVESTMENT CONTRACT

The Plan invests in the Great-West Guaranteed Fund, a guaranteed investment contract. The Guaranteed Fund is a benefit-responsive contract entered into with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Guaranteed fund is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 3 – INVESTMENT CONTRACT (CONTINUED)

The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the plan to transact at less than contract value is not probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The interest rate was 1.2% and 1.1% as of December 31, 2019 and 2018, respectively. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 4 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS

The following financial data was certified by the custodian of Plan assets of the Plan as of and for the years ended December 31, 2019 and 2018 in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan adopted the Volume Submitter Profit Sharing Plan with CODA, which obtained its latest determination letter on March 31, 2014. In this letter, the Internal Revenue Service states that the Plan qualifies, in form, under Section 401(a) of the Code, and the underlying trust is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for periods prior to 2016.

NOTE 6 – RECONCILIATION WITH FORM 5500

The Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018 differs from the 2018 IRS Form 5500 in the amount of $4,653, and represents the amount of participant contributions receivable as of December 31, 2017.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts and the Guaranteed Fund are managed by Great-West. Great-West is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

There were no party-in-interest transactions that are prohibited by the Employee Retirement Income Security Act of 1974 Section 406 and for which no statutory or administrative exemption exists.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

NOTE 9 – FAIR VALUE MEASUREMENTS

The Plan's investments, except for the guaranteed investment contract (Note 3), are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820-10 *Fair Value Measurements and Disclosures* provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 – The fair value of investments is based on quoted net asset values ("NAV") of the shares held by the Plan at year-end.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value Measurement
Pooled separate accounts*	$ -	$ -	$ -	$ 2,171,025
Limited partnership interest*	$ -	$ -	$ -	$ 153,857

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value Measurement
Pooled separate accounts*	$ -	$ -	$ -	$ 1,787,916
Limited partnership interest*	$ -	$ -	$ -	$ 159,596

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

* This category includes pooled separate accounts and a limited partnership interest that are designed to deliver safety and stability by preserving principal and accumulating earnings. Valued at the NAV of units held by the Plan at year end. The NAV is determined by the trustee of the fund and is based on the fair value of the underlying assets held by the fund. In accordance with ASC 820, Fair Value Measurement, certain investments are measured at fair value using the NAV (or its equivalent) practical expedient that have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Company's management through September 16, 2020, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2019 that required recognition or disclosure in the current period financial statements.
