1) Plan Description

General

The following description of Welocalize, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of Welocalize, Inc. (the Employer), except for nonresident aliens, residents of Puerto Rico, and periodic hourly field service employees under the age of 21 with less than 1,000 hours of service during the year. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Fidelity Workplace Services, LLC serves as the third-party administrator and recordkeeper that processes and maintains the records of participant data. Fidelity Management Trust Company (Fidelity) has been engaged to serve as the trustee of the Plan. The Employer serves as the plan administrator and is responsible for the day-to-day operations and oversight of the Plan.

Investments

Upon enrollment in the Plan, a participant may direct their account balance into any of the investment options offered by the Plan. These investment options include income, growth, target date, value, and money market funds. Subject to certain limitations by the funds, participants may change their investment options and transfer amounts between investment options daily.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions and related earnings thereon. Vesting in the Employer's discretionary profit-sharing contributions and matching contributions is based on the following schedule:

Years of service	Percentage of vesting
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Contributions

Participants may contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. In addition, participants may elect to contribute Roth deferrals. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (the Code). Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in compensation.

1) Plan Description (Continued)

Rollover Contributions
Participants are permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

Employer Contributions
As defined in the Plan document, the Employer may match a portion of participant contributions on a discretionary basis. During the year ended December 31, 2019, the Employer matched 50% of employee deferrals up to 3% of a participant's compensation, determined based on plan year contributions. Subsequent to year end, the Plan was amended to determine Employer matching contributions based on a per pay period basis (see Note 9). Employer matching contributions for the year ended December 31, 2019 totaled $735,786, including $127,382 of reallocated forfeitures. The Employer may also make discretionary profit-sharing contributions to the Plan. The Employer did not make any discretionary profit sharing contributions for the year ended December 31, 2019.

Participant Accounts
Each participant's account is credited with the participant's contributions and Employer discretionary matching contributions, if any, as well as, allocations of the Employer discretionary profit-sharing contributions, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding note balance in the participant's account during the prior 12 months. The notes are secured by the participant's vested account balance and no more than three outstanding notes are permitted at any time. Effective November 8, 2019, the Plan was amended to allow no more than one outstanding note at a time. Such notes bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the note is used to purchase a principal residence. The specific terms and conditions of such notes are established by the trustees of the Plan. Notes mature at various dates through May 2029. The interest rate on these notes range from 4.25% - 6.50% as of December 31, 2019. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Benefit payments are available to participants upon retirement (age 65), termination of employment, death, in-service withdrawals upon attainment of age 65, or disability. Former employees of Park IP Translation Services and Zenfile may make in-service withdrawals upon attainment of age 59 ½. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for hardship purposes. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

1) Plan Description (Continued)

Forfeitures
Terminating participants of the Plan are paid the current value of the vested balance in their accounts as soon as administratively feasible. Unvested amounts are forfeited and used to reduce administrative expenses with any remaining forfeitures reducing the Employer's discretionary contribution. As of December 31, 2019 and 2018, unallocated forfeitures totaled $116,890 and $127,328, respectively. During 2019, $127,382 of forfeitures were used to reduce Employer contributions.

2) Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the note balance is reduced, and a benefit payment is recorded based on the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Plan administrative and recordkeeping fees are paid by the Plan and included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

See accompanying independent auditor's report.

3) Information Certified by Trustee

The plan administrator has elected the alternative method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by Fidelity, the trustee, as of December 31, 2019 and 2018 and for the year ended December 31, 2019, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

A summary of the Plan's financial information, which has been certified by the Plan's trustee, is presented as follows:

December 31,	2019	2018
Interest-bearing cash	$ 332,146	$ 199,088
Investments, at fair value	$ 22,449,908	$ 16,142,235
Notes receivable from participants	$ 374,228	$ 425,420

For the Year Ended December 31,	2019
Dividends and interest income	$ 2,000,934
Interest income on notes receivable from participants	$ 23,428
Net appreciation in fair value of investments	$ 2,455,394

4) Fair Value Measurements

The framework for measuring fair value, Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2
Inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

See accompanying independent auditor's report.

4) Fair Value Measurements (Continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds
Valued at quoted market prices in an exchange and active market.

Common Stock and Preferred Stock
Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Common stock	$ 107,649	$ -	$ -	$ 107,649
Preferred stock	22,512	-	-	22,512
Mutual funds	22,319,747	-	-	22,319,747
Total investments, at fair value	$ 22,449,908	$ -	$ -	$ 22,449,908

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Common stock	$ 423	$ -	$ -	$ 423
Mutual funds	16,141,812	-	-	16,141,812
Total investments, at fair value	$ 16,142,235	$ -	$ -	$ 16,142,235

See accompanying independent auditor's report.

5) Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee; therefore, these transactions qualify as party-in-interest transactions. Investment advisory services are provided by UBS Financial Services, Inc. (UBS). Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. During 2019, the Plan made direct payments totaling $58,042 to Fidelity for recordkeeping services and $56,294 to UBS for investment advisory services. The Employer directly pays any other fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

7) Tax Status

The Plan is using a prototype plan that received an opinion letter on March 31, 2018, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under the applicable requirements of the Code. The Employer believes that the Plan is designed, and operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified. As such, no provision for income taxes has been included in the Plan's financial statements. Management believes there are no uncertain tax positions requiring recognition in the financial statements.

8) Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9) Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, September 9, 2020, the date the financial statements were available to be issued. Except as noted below, were no events that required recognition or disclosure in the financial statements.

Effective May 1, 2020, the Plan was amended to calculate Employer matching contributions on a per payroll basis (see Note 1).

1) Plan Description

General

The following description of Welocalize, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of Welocalize, Inc. (the Employer), except for nonresident aliens, residents of Puerto Rico, and periodic hourly field service employees under the age of 21 with less than 1,000 hours of service during the year. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Fidelity Workplace Services, LLC serves as the third-party administrator and recordkeeper that processes and maintains the records of participant data. Fidelity Management Trust Company (Fidelity) has been engaged to serve as the trustee of the Plan. The Employer serves as the plan administrator and is responsible for the day-to-day operations and oversight of the Plan.

Investments

Upon enrollment in the Plan, a participant may direct their account balance into any of the investment options offered by the Plan. These investment options include income, growth, target date, value, and money market funds. Subject to certain limitations by the funds, participants may change their investment options and transfer amounts between investment options daily.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions and related earnings thereon. Vesting in the Employer's discretionary profit-sharing contributions and matching contributions is based on the following schedule:

Years of service	Percentage of vesting
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Contributions

Participants may contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. In addition, participants may elect to contribute Roth deferrals. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (the Code). Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in compensation.

1) Plan Description (Continued)

Rollover Contributions
Participants are permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

Employer Contributions
As defined in the Plan document, the Employer may match a portion of participant contributions on a discretionary basis. During the year ended December 31, 2019, the Employer matched 50% of employee deferrals up to 3% of a participant's compensation, determined based on plan year contributions. Subsequent to year end, the Plan was amended to determine Employer matching contributions based on a per pay period basis (see Note 9). Employer matching contributions for the year ended December 31, 2019 totaled $735,786, including $127,382 of reallocated forfeitures. The Employer may also make discretionary profit-sharing contributions to the Plan. The Employer did not make any discretionary profit sharing contributions for the year ended December 31, 2019.

Participant Accounts
Each participant's account is credited with the participant's contributions and Employer discretionary matching contributions, if any, as well as, allocations of the Employer discretionary profit-sharing contributions, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding note balance in the participant's account during the prior 12 months. The notes are secured by the participant's vested account balance and no more than three outstanding notes are permitted at any time. Effective November 8, 2019, the Plan was amended to allow no more than one outstanding note at a time. Such notes bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the note is used to purchase a principal residence. The specific terms and conditions of such notes are established by the trustees of the Plan. Notes mature at various dates through May 2029. The interest rate on these notes range from 4.25% - 6.50% as of December 31, 2019. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Benefit payments are available to participants upon retirement (age 65), termination of employment, death, in-service withdrawals upon attainment of age 65, or disability. Former employees of Park IP Translation Services and Zenfile may make in-service withdrawals upon attainment of age 59 ½. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for hardship purposes. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

1) Plan Description (Continued)

Forfeitures
Terminating participants of the Plan are paid the current value of the vested balance in their accounts as soon as administratively feasible. Unvested amounts are forfeited and used to reduce administrative expenses with any remaining forfeitures reducing the Employer's discretionary contribution. As of December 31, 2019 and 2018, unallocated forfeitures totaled $116,890 and $127,328, respectively. During 2019, $127,382 of forfeitures were used to reduce Employer contributions.

2) Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the note balance is reduced, and a benefit payment is recorded based on the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Plan administrative and recordkeeping fees are paid by the Plan and included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

See accompanying independent auditor's report.

3) Information Certified by Trustee

The plan administrator has elected the alternative method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by Fidelity, the trustee, as of December 31, 2019 and 2018 and for the year ended December 31, 2019, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

A summary of the Plan's financial information, which has been certified by the Plan's trustee, is presented as follows:

December 31,	2019	2018
Interest-bearing cash	$ 332,146	$ 199,088
Investments, at fair value	$ 22,449,908	$ 16,142,235
Notes receivable from participants	$ 374,228	$ 425,420

For the Year Ended December 31,	2019
Dividends and interest income	$ 2,000,934
Interest income on notes receivable from participants	$ 23,428
Net appreciation in fair value of investments	$ 2,455,394

4) Fair Value Measurements

The framework for measuring fair value, Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2
Inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

See accompanying independent auditor's report.

4) Fair Value Measurements (Continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds
Valued at quoted market prices in an exchange and active market.

Common Stock and Preferred Stock
Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total

Total investments, at fair value	$ 16,142,235	$ -	$ -	$ 16,142,235

See accompanying independent auditor's report.

5) Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee; therefore, these transactions qualify as party-in-interest transactions. Investment advisory services are provided by UBS Financial Services, Inc. (UBS). Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. During 2019, the Plan made direct payments totaling $58,042 to Fidelity for recordkeeping services and $56,294 to UBS for investment advisory services. The Employer directly pays any other fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

7) Tax Status

The Plan is using a prototype plan that received an opinion letter on March 31, 2018, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under the applicable requirements of the Code. The Employer believes that the Plan is designed, and operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified. As such, no provision for income taxes has been included in the Plan's financial statements. Management believes there are no uncertain tax positions requiring recognition in the financial statements.

8) Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9) Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, September 9, 2020, the date the financial statements were available to be issued. Except as noted below, were no events that required recognition or disclosure in the financial statements.

Effective May 1, 2020, the Plan was amended to calculate Employer matching contributions on a per payroll basis (see Note 1).
