INDEPENDENT AUDITOR'S REPORT

The Retirement Plans Administrative Committee and Plan Participants of the
Revised Profit Sharing Plan for the Employees of the Government Employees Companies

We have audited the accompanying financial statements of the Revised Profit Sharing Plan for the Employees of the Government Employees Companies (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan of December 31, 2019 and 2018, and the changes in net assets available for plan benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets Held for Investment Purposes at December 31, 2019 and the Schedule of Reportable Transactions for the year ended December 31, 2019 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

REVISED PROFIT SHARING PLAN
FOR THE EMPLOYEES OF THE GOVERNMENT EMPLOYEES COMPANIES

NOTES TO THE FINANCIAL STATEMENTS

Years ended December 31, 2019 and 2018

NOTE A – DESCRIPTION OF PLAN

The following description of the Revised Profit Sharing Plan for the Employees of the Government Employees Companies (the Plan) provides only general information. Participants should refer to the Plan document for a complete description. The Government Employees Companies (the Companies) include GEICO Corporation and certain of its subsidiaries.

Non-highly compensated participants may contribute up to 50 percent of qualified earnings and highly compensated participants are limited to 7 percent of qualified earnings, subject to the maximum dollar amount permitted by the Internal Revenue Code (IRC). Non-highly compensated participants are enrolled in an automatic 1 percent increase each year in their pre-tax contributions until their contribution reaches 10 percent of their pay or the IRC limit, whichever is less, unless they opt out. Highly compensated participants are enrolled in an automatic 1 percent increase each year in their pre-tax contributions until their contribution reaches 7 percent of their pay or the IRC limit, whichever is less. Eligible participants may also make additional “catch-up” contributions as allowed by the IRC. Participants may allocate their contributions between tax-deferred accounts and, beginning November 1, 2007, Roth accounts. The Companies may contribute an amount to be shared by all eligible employees.

Employees automatically become eligible to make a 401(k) elective contribution to the Plan upon their date of hire and are generally eligible to receive a Company contribution after completing one year of service. Vesting is based on years of service at the following rates: 20 percent after two years, 40 percent after three years, 60 percent after four years, 80 percent after five years, and 100 percent after six years.

Withdrawals may be made from after-tax employee contributions made prior to January 1, 1998 (and a pro rata share of the earnings on after-tax contributions withdrawn that were made after December 31, 1986 and before January 1, 1998) and vested employer contributions made prior to January 1, 1993, subject to certain restrictions. Vested employer contributions made on or after January 1, 1993 can only be withdrawn under financial hardship conditions (for periods before September 2013) or after attainment of age 55. Tax-deferred contributions can be withdrawn under financial hardship conditions or after attainment of age 59½. Roth contributions and earnings can be withdrawn tax free after the participant has completed five years of participation and attained age 59½. The five year period begins with the first day of the participant’s taxable year in which he or she first made the Roth elective contribution. The participant can withdraw his or her Roth contributions before the five consecutive year period upon demonstration of financial hardship or attainment of age 59½, but the earnings are subject to taxation.

REVISED PROFIT SHARING PLAN
FOR THE EMPLOYEES OF THE GOVERNMENT EMPLOYEES COMPANIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN – CONTINUED

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in monthly or annual installments which provide payments for a period certain of 5, 10 or 15 years. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan allows participants to borrow funds from their vested accounts subject to certain restrictions. Payroll deductions are required to repay notes receivable over five years or less except in the case of a mortgage-related note which may be repaid over a period of up to 15 years. The interest rate is fixed for the term of the note at the commercial rate of interest charged by area banks on loans which are made under similar circumstances. When a participant terminates, any notes receivable balance must be repaid prior to any account distribution.

The Companies have the right under the Plan to discontinue their contributions at any time. Effective December 31, 2017, the Companies became joint participating employers in the General Re Corporation and Government Employees Companies Savings and Stock Ownership Plan (SOP). The Companies did not contribute to the SOP for the 2019 fiscal period. The Companies made a contribution to the SOP for the 2018 fiscal period in February 2019. Although they have not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Effective December 31, 2019, the Boat America Corporation Employees' Pension & Savings Plan ("Boat America Plan") was legally merged into the Plan. Boat America Plan participants were provided an election window, beginning December 2, 2019 and ending December 27, 2019, to make their own investment selections from the available investment funds under the Plan for both the assets transferred from the Boat America Plan as well as any future contributions by or on behalf of the participant to the Plan. On January 2, 2020, the Boat America Plan assets were liquidated and on January 3, 2020 the cash proceeds were transferred to the Plan.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

REVISED PROFIT SHARING PLAN
FOR THE EMPLOYEES OF THE GOVERNMENT EMPLOYEES COMPANIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE B – SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events: The Plan has performed an evaluation of subsequent events through June 26, 2020. Since December 31, 2019, the outbreak of the novel strain of coronavirus, specifically identified as “COVID-19”, has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 outbreak is unknown, as is the efficacy of the government and central bank interventions. Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted on March 27, 2020, provides for special distribution options, expands permissible loans, and provides loan repayment relief. The Plan is unable to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Plan in future periods.

On June 1, 2020, the General Re Corporation and Government Employees Companies Savings and Stock Ownership Plan (SOP) was amended and restated to discontinue the GEICO Companies’ participation in the SOP portion of the SOP Plan and to transfer assets attributable to participants of the SOP, employed by the GEICO Companies, to the Plan. A temporary restriction on SOP fund changes began on May 27, 2020 and ended on June 1, 2020. SOP account balances of GEICO Companies participants in the amount of \$331,211,203 were transferred to equivalent funds in the Plan.

Use of Estimates: Preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investments: Investments, except for collective trusts and guaranteed investment contracts, are reported at aggregate fair value based upon quoted market prices. Collective trusts are reported at aggregate fair value based on a calculation of the trusts’ unit values. The trusts’ unit values are determined daily, when the New York Stock Exchange is open for trading, by dividing the net asset value of the trust by the number of trust units outstanding. The appreciation or depreciation in the aggregate fair value of investments is reflected in the statements of changes in net assets available for plan benefits. Net realized gains and losses on security sales are determined using the average cost of investments.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Collective trusts consist of Target Retirement Trusts (Trusts). The Trusts invest in corresponding master trusts, which in turn invest in mutual funds using an asset allocation strategy designed for investors planning to retire or leave the workforce in or within a few years of a target year.

Guaranteed investment contracts are reported at fair value using contract value as an approximation. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company (VRIA), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the Plan's ability to transact at contract value with VRIA. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include (a) uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2019 was \$25,184,051. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3% for balances held in the Voya Fixed Account as of November 16, 2017. Effective November 17, 2017 all new investments made in the Voya Fixed Account A were credited interest at a rate of 2%. The credited interest rate on the new fixed account is reviewed and reset on a quarterly basis, but is guaranteed not to drop below 1%.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. No allowance is required as delinquent notes result in an automatic deemed distribution from the participant's account after the cure period.

Administrative Expenses: Some administrative expenses are paid by the Companies. Other administrative expenses (e.g., recordkeeping fees for active participants) are paid by the Plan through deductions from the forfeiture account. Administrative expenses related to participants who are no longer employed are deducted from the participants' accounts.

New Accounting Standards: In August 2018, the Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Changes to the Disclosure Requirements for Fair Value Measurement. The ASU requires entities to disclose the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. The ASU also removes current disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels, and the valuation processes for Level 3 fair value measurements. The Plan will be required to adopt this change for fiscal years beginning after December 15, 2019 with early adoption permitted, and should be applied prospectively for the additions to the disclosure requirements and applied retrospectively to all periods presented for all other amendments. Management is currently evaluating the effect this standard will have on the financial statements.

NOTE C – INVESTMENT OPTIONS

Participants can direct the investment of all contributions to their accounts to a variety of alternatives. In the event a participant does not make an election to direct the investment of employee or employer contributions, such contributions are invested in a default fund which is the Vanguard Target Retirement Trust with the target date closest to the year in which the participant will turn age 65.

Participants had balances in one or more of the following funds or trusts at December 31, 2019:

- Berkshire Hathaway Class B Common Stock Fund - This fund consists primarily of Class B shares of common stock of Berkshire Hathaway Inc., the ultimate parent company of GEICO Corporation, and a small cash balance. The net assets of this fund are owned directly by the Plan. Participants in this fund own units which are valued daily.

NOTE D – INVESTMENTS

U.S. GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the assets or liabilities fall within different levels of the hierarchy, the classification is based on the lowest input that is significant to the fair value measurement of the asset or liability. Classification of assets and liabilities within the hierarchy considers the markets in which the assets and liabilities are exchanged and the reliability and transparency of the assumptions used to determine fair value. The hierarchy requires the use of observable market data when available.

REVISED PROFIT SHARING PLAN
FOR THE EMPLOYEES OF THE GOVERNMENT EMPLOYEES COMPANIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE D – INVESTMENTS – CONTINUED

The levels of the hierarchy and those investments included in each are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets. Mutual funds and common stocks are traded on an exchange in active markets and fair values are based on quoted market prices.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and market-corroborated inputs.

Level 3 – Inputs to the valuation methodology are unobservable for the asset or liability and are significant to the fair value measurement. Guaranteed investment contracts are reported at fair value using contract value as an approximation. Contract value, as reported to the Plan by VRIA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Collective trusts are valued based on the net asset value of the collective trust divided by the number of trust units outstanding. Investments in collective trusts are typically valued, as a practical expedient, utilizing the net asset valuations provided by the underlying private investment companies and or their administrators, without adjustment, when the net asset valuations of the investments are calculated in a manner consistent with U.S. GAAP for investment companies. Although the majority of the master trusts' investments are traded on an exchange in active markets and therefore can be valued based on a quoted market price, the values of the collective trusts are not quoted in an active market. Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy and are shown as a reconciling item.

These valuation techniques involve some level of management estimation and judgment. Where appropriate, adjustments are included to reflect the risk inherent in a particular methodology, model or input used and are reflective of the assumptions that market participants would use in valuing assets or liabilities.

NOTE E – TERMINATIONS, WITHDRAWALS AND FORFEITURES

Following is a summary of terminations, withdrawals and forfeitures for the years ending December 31:

	2019	2018
Terminations and Withdrawals	\$ 222,637,225	\$ 182,432,243
Forfeitures	6,897,438	8,010,396

Forfeitures represent only non-vested contributions by the Companies. Forfeitures in excess of the Trustee's record-keeping fees for active participants are allocated proportionately among remaining active participants as of December 31 of each year based on the participant's earnings for that year. The forfeitures are allocated in the subsequent year. The unallocated forfeitures balance at December 31, 2019 and 2018 were \$7,546,966 and \$8,114,099, respectively.

The amount of forfeitures allocated to participants' accounts were \$6,476,505 during 2019 and \$8,967,915 during 2018. The amount of forfeitures allocated to administrative expenses were \$1,526,299 during 2019 and \$1,499,271 during 2018.

NOTE F – FEDERAL TAXES

The Plan is exempt from taxation in accordance with the provisions of Section 501(a) of the IRC. Employer contributions and income earned from Plan investments are not taxable to participants until distributed. Employee contributions made from pre-tax earnings are taxed upon distribution. Employee contributions made from after-tax earnings are not subject to additional income tax upon distribution. Pre-tax distributions and earnings may be subject to an excise tax when distributed.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

REVISED PROFIT SHARING PLAN
FOR THE EMPLOYEES OF THE GOVERNMENT EMPLOYEES COMPANIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE F – FEDERAL TAXES – CONTINUED

The Plan obtained its latest determination letter on February 5, 2018. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has indicated it will take the necessary steps to maintain the Plan's qualified status. As a result, the Plan administrator believes the Plan is qualified and therefore, is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

NOTE G – PARTY IN INTEREST TRANSACTIONS

The Plan includes investments in shares of mutual funds, collective trusts, a fund of common stock issued by Berkshire Hathaway Inc., the ultimate parent company of GEICO Corporation, and participant notes. The mutual funds, collective trusts and notes are managed by an affiliate of Vanguard Fiduciary Trust Company (VFTC). VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Companies pay certain expenses charged by VFTC. Certain Plan investments are investment funds and the guaranteed investment contracts managed by Voya Institutional Trust Company. Voya Institutional Trust Company is the trustee for the Boat America Plan and recordkeeper, therefore, these investments qualify as party-in-interest transactions. Additionally, personnel and facilities of the Companies have been used to perform administrative functions for the Plan at no charge to the Plan.

NOTE I – RISKS AND UNCERTAINTIES

The Plan includes investments in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for plan benefits.
