In order to be eligible to receive the discretionary employer contribution, a participant must be over the age of 18, have 1,000 hours of service, and must be employed by the Company on the last day of the plan year. On June 1, 2003, the Marshall Farms Group, Ltd. Employees Money Purchase Pension Plan was merged into the Plan. The transferred net assets have been included in the participant accounts of the Plan as of that date at their balances as previously carried in their accounts in the Money Purchase Plan. At that time, participants became 100% vested in their accounts previously held in the Money Purchase Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute a percentage of their annual wages to the Plan. The Company makes a safe harbor matching contribution of an amount that equals 100% of salary deferrals up to 5% of the employee's eligible compensation. Additional non-elective contributions may be made at the option of the Company's Board of Directors. The amount of the contributions are not to exceed legal limits set by the Internal Revenue Service.

Participant accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and the Plan's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Non-elective contributions contributed after January 1, 2007 are 100% vested after six years of credited service.

Payment of benefits

Distributions may be made from vested account balances in excess of $5,000, with participant consent, under the following conditions: separation from service, upon attainment of age 50 (distributions limited to non-elective contributions), or upon participant's attainment of normal retirement age of 62 as provided for in the Plan and in government regulations. Vested account balances that are less than $5,000 but greater than $1,000 upon separation of service will be paid in one lump-sum distribution or directly rolled over to an IRA if no distribution election is made in accordance with the provisions of the Plan. Vested account balances under $1,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Notes receivable – participant loans

Participants are entitled to borrow from their accounts subject to certain limitations. The loans are payable over terms up to 5 years, with the exception of a loan used to acquire a principal residence by a participant may be repaid over a longer, reasonable period of time, not to exceed fifteen years. The loans bear interest at the prime rate plus 1% on the date of loan origination. Interest rates range from 4.25% to 6.5%. Principal and interest payments on the loans are redeposited in the participants' accounts based on their current allocation elections. Notes receivable – participant loans are measured and valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Forfeitures

Participants who terminate employment prior to the vesting of the employer non-elective contributions to their retirement accounts forfeit their non-vested portion. Such forfeitures are used to reduce future employer contributions. During the years ended December 31, 2019 and 2018, approximately $45,000 and $71,000 respectively, of forfeitures were used to reduce employer contributions.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of investments and income recognition

Certain investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales are made and recorded as needed, when a contribution is made to the Plan, when a distribution is made from the Plan or when a participant changes his or her investment election.

Historical cost is used to determine the net appreciation (depreciation) of investments, as reported by the Plan's custodian. Interest and dividend income is recorded as earned.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

The Plan has entered into a Revenue Credit program whereby, on a periodic basis, the Plan receives credits to an ERISA account. Qualified plan expenses may be paid from the ERISA account. During the years ended December 31, 2019 and 2018, the Plan received approximately $97,000 and $93,000, respectively, from the Trustee and has reflected the receipt as a deduction from administrative expenses. At December 31, 2019 and 2018 there was approximately $800 and $600, respectively, remaining in the ERISA account, and is included in the Plan's net assets.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Payment of benefits
Benefits are recorded when paid.

Net assets transferred from another plan
As noted in Note A, effective August 1, 2018 all employees of MBR Waverly, LLC became eligible participants of the plan. The Plan allowed those employees to transfer their loans and related investments held for collateral into the Plan and resume making payments in their new plan.

Use of estimates in the preparation of financial statements
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through August 13, 2020, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted, except those described in Note J.

NOTE C: INVESTMENTS AND FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statement of changes in net assets available for benefits.

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that were prepared by the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate:

Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2019

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Instruments whose significant inputs are unobservable

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

Common/collective trust: Valued at the net asset value reported by the fund as a practical expedient. There are no unfunded commitments and investments can be redeemed on a daily basis without restriction and are not subject to redemption notification provisions except in the case of a plan-level liquidation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits.

NOTE D: FAIR VALUE MEASUREMENTS, Cont'd

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

Common/collective trust	-	-	-	2,230,048
Total assets at fair value	$ 42,185,523	$ -	$ -	$ 44,415,571

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

NOTE F: TAX STATUS

The Plan obtained its latest determination letter for the American Funds Distributors, Inc. Prototype Non-Standardized 401(k) Plan in March 2014, in which the Internal Revenue Service stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE F: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2016.

NOTE G: TRANSACTIONS WITH PARTIES-IN-INTEREST

Since American Funds and Smith Barney perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

As described in Note B, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE H: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the accompanying financial statements to the Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	$ 54,416,754	$ 46,846,582
Less:		
Employer contributions receivable	1,764,673	1,569,293
Net assets available for benefits per the Form 5500	$ 52,652,081	$ 45,277,289
Net increase (decrease) in net assets available for benefits per the financial statements	$ 7,570,172	$ (1,427,637)
Add:		
Contribution receivable from employer (prior year)	1,569,293	1,462,337
Less:		
Contribution receivable from employer	1,764,673	1,569,293
Net income (loss) Schedule H (Page 3) Line K per the Form 5500	$ 7,374,792	$ (1,534,593)

NOTE H: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500, Cont'd

The classification of the change in net assets available for benefits for the years ended December 31, 2019 and 2018 differs between the financial statements and Form 5500. However, the total change in net assets for the years then ended agreed between the financial statements and Form 5500, other than as noted above.

NOTE I: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J: SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
