1 - DESCRIPTION OF PLAN

GENERAL

The Eyemart Express, LLC 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on August 1, 1994 and subsequently restated December 17, 2014, covering substantially all employees of Eyemart Express, LLC (the "Company" or "Plan Administrator"). Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West" or "Trustee") serve as the record-keeper and Trustee. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation immediately upon attaining the age of twenty-one and completing six months of service, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company discretionary matching contributions, and an allocation of Plan earnings and losses and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee pre-tax elective deferrals and Company contributions. A participant may elect to contribute any portion of his or her pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for Company discretionary non-elective or matching contributions in amounts to be determined by the Company. For the year ended December 31, 2019, the Company elected to contribute a discretionary matching contribution of 75% of participant elective deferrals, up to 5% of participants' eligible compensation. The Company contributed $569,260 in discretionary matching contributions for the year ended December 31, 2019.

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or severance of employment, a participant's benefits are payable in a lump-sum or installment payments equal to all or any portion of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service ("IRS"). Account balances of $5,000 or less as the time of distribution will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement plan, based on certain criteria, as defined in the Plan document.

1 - DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct both employee contributions and Company contributions into a variety of mutual funds of registered investment companies and a group annuity contract in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in rollover contributions, elective deferrals, and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant vests in Company matching contributions plus actual earnings, thereon, immediately after three years of qualified service, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts may be used to pay Plan expenses or reduce future Company matching contributions. At December 31, 2019 and 2018, forfeitures available total $21 and $137, respectively. For the year ended 2019, forfeitures in the amount of $124,531 were used to reduce Company discretionary matching contributions.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in his or her account balance, including all Company discretionary matching contributions, subject to payment of liquidation costs and expenses.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive group annuity contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive group annuity contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 5 – Group Annuity Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements", which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual Funds of Registered Investment Companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 14,551,679	$ -	$ -	$ 14,551,679
Total investments, at fair value	$ 14,551,679	$ -	$ -	$ 14,551,679

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 11,365,400	$ -	$ -	$ 11,365,400
Total investments, at fair value	$ 11,365,400	$ -	$ -	$ 11,365,400

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

Investments:	2019	2018
Mutual funds of registered investment companies, at fair value	$ 14,551,679	$ 11,365,400
Group annuity contract, at contract value	485,274	423,336
Total investments	$ 15,036,953	$ 11,788,736
Interest and dividends	$ 656,881	
Net appreciation of fair value of investments	$ 2,176,209	

5 – GROUP ANNUITY CONTRACT

The Key Guarantee Portfolio Fund is a fully benefit-responsive group annuity contract issued by Great-West Life & Annuity Insurance Company ("Group Annuity Contract" or "GIC"). There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Employer-initiated events such as early retirement incentives, Plan termination, spin-offs, or mergers
- Premature termination of the contract
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- A Plan change that materially alters the amount of contributions or withdrawals to be directed in or out of the contract;
- A change in the Plan's investment options; or
- A change in the investment philosophy for the Plan's stable value option (or comparable investment option).

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; and therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a group annuity contract. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Great West Trust Company, LLC, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination tests for the years ended December 31, 2019 and 2018. As a result, excess contributions payable amounting to $167,637 and $128,367, respectively, are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits, and as a reduction to contributions in the related Statement of Changes in Net Assets Available for Benefits.

10 – RECONCILIATION TO THE 2019 FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the form 5500 as of December 31:

	2019	2018

Add: excess contributions payable	167,637	128,367
Net assets available for benefits per the form 5500	$ 15,036,953	$ 11,788,736

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the form 5500 for the year ended December 31, 2019:

	2019
Net increase in net assets available for benefits per the financial statements	$ 3,151,442
Add: excess contributions payable as of December 31, 2019	167,637
Add: participant contributions receivable as of December 31, 2018	36,508
Add: Company contributions receivable as of December 31, 2018	20,997
Less: excess contributions payable as of December 31, 2018	(128,367)
Net increase in net assets available for benefits per the form 5500	$ 3,248,217

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Plan has evaluated events or transactions occurring after December 31, 2019, the Statements of Net Assets Available for Benefits date, through September 21, 2020, the date the financial statements were ready to be issued, and determined no such events or transactions that would impact our financial statements for the year ended December 31, 2019, except as follows:

In March 2020, the World Health Organization categorized the outbreak of coronavirus ("COVID-19") as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the U.S. and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is unable at this time to estimate the full impact on the Plan's financial statements.

Effective April 6, 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") during 2020, including the following:

- allowing participants to take distributions of up to $100,000 from the Plan, and
- deferring minimum required distributions.
