MICROMASS COMMUNICATIONS 401(K)
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

1. Description of Plan

The following description of MicroMass Communications 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan became effective on January 1, 1995. It is a defined contribution plan covering all full-time employees of MicroMass Communications, Inc. (the "Company") who have completed thirty days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Participants may contribute a percentage of their pre-tax or after-tax annual compensation, not to exceed the maximum allowed by the Internal Revenue Service ("IRS"). The Plan includes an auto-enrollment feature in which participants are enrolled in the Plan at a pre-tax deferral rate of 3% upon meeting eligibility requirements unless they opt-out. The Plan also has an automatic escalation feature whereby the elective employee deferral rate will increase by 1% per plan year to a maximum of 10%. Effective August 1, 2019, the Company began making matching contributions in the amount equal to 25% of the first 4% of employees' eligible compensation that a participant contributes to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualifying retirement plans.

Participant Accounts
Each participant's account is credited with the participant's contribution, the Company's contribution, and allocations of plan earnings. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately 100% vested in the salary reduction amount contributed to the Plan. Participants are vested in the Company's contribution portion of their accounts based on credited years of service. A participant is fully vested after four years of credited service.

Payment of Benefits
Generally, the participant becomes eligible to receive benefits on their normal retirement age (65), death, disability, termination of service, or other reasons of proven financial hardship. For retirement, death or disability, the participant may receive 100% of their account balance in a lump sum account. Participants are also eligible to take in-service withdrawals once they attain age 59 ½. Participants who terminate their employment will receive their vested account balance under the same option as above. If the vested balance is less than $5,000, a lump sum distribution is made. Post severance distributions may be made in a lump sum or in installments only if participant is subject to lifetime required minimum distributions. Installments can be paid monthly, quarterly, or annually.

1. Description of Plan (Continued)

Hardship Withdrawals
Upon approval by the plan administrator, a participant may withdraw all or part of their vested contributions for immediate and heavy financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal, including a loan from the Plan. The employee will not be eligible to resume making elective contributions for six months after receiving the hardship withdrawal.

The Bipartisan Budget Act of 2018 changes rules for hardship withdrawals. These changes include (1) eliminating the requirement that a participant obtain a loan from the Plan before requesting a hardship withdrawal; (2) including earnings on elective deferral contributions as part of a hardship withdrawal; and (3) eliminating the requirement that a participant suspend their contributions for a six-month period after receipt of a hardship withdrawal. Plans can start implementing these changes as early as January 1, 2019, but all changes must be implemented by January 1, 2020.

Forfeited Accounts
At December 31, 2019, forfeited non-vested accounts totaled $199. Forfeited accounts are used to reduce non-elective contributions or matching contributions or to pay Plan expenses as permitted by the Plan's provisions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50 percent of their vested account balance. The maximum aggregate dollar amount of notes receivable from any participant may not exceed $50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the twelve month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan. The notes are secured by the balance in the participants' accounts and bear interest at a fixed rate commensurate with the Branch Banking and Trust Company ("BB&T") prime rate plus 1.0% (5.75% at December 31, 2019) as of the date of the new loan. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants were $75,993 and $30,974 at December 31, 2019 and 2018, respectively.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Significant Accounting Policies (Continued)

Plan Expenses
Certain plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participants' accounts.

Payment of Benefits
Benefits are recorded when paid.

Cash and Cash Equivalents
The Plan considers all invested cash balances to be cash equivalents.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in the value of investments are allocated to the participant accounts based on participant holdings in each fund.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

3. Federal Income Taxes

The Plan has adopted a prototype non-standardized profit sharing plan document. This document received an opinion letter dated March 31, 2014, in which the IRS stated that the document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As allowed by the IRS, the Plan is relying on the opinion letter issued on the prototype document for its own qualification. The prototype has been amended for changes required by the IRS since receiving the opinion letter. The plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

3. Federal Income Taxes (Continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BB&T, the trustee of the Plan, has certified as being complete and accurate as of December 31, 2019 and 2018 and for the years then ended, the investments and notes receivable from participants on the statement of net assets available for benefits and the investment activity reflected in the statement of changes in net assets available for benefits and the investment information included in the supplemental schedule to the financial statements as of December 31, 2019. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by the Plan's trustee for the respective audit periods.

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total
December 31, 2019:		
Mutual Funds	$ 5,532,164	$ 5,532,164
Total	$ 5,532,164	$ 5,532,164
December 31, 2018:		
Mutual Funds	$ 4,308,235	$ 4,308,235
Total	$ 4,308,235	$ 4,308,235

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based on significant other observable inputs, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 2 or 3 investments in the Plan.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

7. Party-in-Interest Transactions

Plan investments are managed by BB&T. BB&T is the trustee as defined by the Plan and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to BB&T and other parties-in-interest for the record keeping and investment management services were $47,955 for the year ended December 31, 2019. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Prohibited Transactions

During 2019, the Company failed to deposit $23,607 of participant deferrals and loan repayments within the required timeframe as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be a prohibited transaction. The Company calculated and deposited lost earnings in 2019 through the Voluntary Fiduciary Correction Program ("VCFP") to correct for these late remittances. The Company also filed the Form 5330 and paid applicable excise taxes. The excise tax payments were made from the plan sponsor's assets and not from assets of the Plan.

10. Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through August 17, 2020, which is the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan adopted the provisions of the Bipartisan Budget Act of 2018.

In January 2020, the Plan transferred its assets to a new trustee, Reliance Trust Company.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to plan administration and recordkeeping.

As a result of the spread of COVID19, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.
