Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mag Instrument, Inc. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Mag Instrument, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mag Instrument, Inc. (the Company and Plan Administrator). Employees become eligible to participate in the Plan after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan Management is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan agreement, on a pre-tax basis, an after-tax basis (Roth 401(k)), or a combination of both. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Each year, the Company may elect to make, solely at its own discretion, a non-elective contribution for employees who have completed a year of service and are employed on the last day of the Plan year. The Company made no non-elective contributions for the years ended December 31, 2019 and 2018. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined in the Plan agreement. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Active participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance. The interest rate, determined at the time of the loan, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2019, interest rates on participant loans ranged from 4.25% to 6.50%. For the year ended December 31, 2018, interest rates on participant loans ranged from 4.25% to 6.25%.

1. Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other severance of employment, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their accounts to other tax deferred accounts or remain in the Plan until they are legally required to begin taking distributions. Installment payments are permitted for required minimum distributions. In-service distributions are permitted at age 59 ½. The Plan may make mandatory complete distributions following severance from employment for participants with vested account balances up to $1,000.

Forfeited Accounts

Upon termination of employment of a participant, any non-vested portion of Company contributions is forfeited. At December 31, 2019 and 2018, the balance in forfeited accounts totaled $2,419 and $2,065, respectively. These accounts will first be used to pay future administrative expenses and then to reduce future Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Nonpayment of loans is considered a default and treated as a deemed distribution.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In March of 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. Although Plan Management is continuing to monitor and assess the effects of the pandemic on the Employer's business and its Plan, the ultimate impact of COVID-19 is highly uncertain and subject to change. The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) is federal legislation that addresses qualified retirement plans in response to COVID-19. Plan Management has elected to adopt select provisions of the CARES Act into their Plan Agreement, effective April 6, 2020.

Plan Management has evaluated subsequent events through September 18, 2020, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the Custodian of the Plan, has certified to the completeness and accuracy of the following information, which is included in the financial statements as of and for the years ended December 31, 2019 and 2018, and the supplemental schedule at December 31, 2019:

	2019	2018
Investments at fair value	$ 11,919,685	$ 11,101,811
Net appreciation (depreciation) in fair value of investments	1,927,549	(477,355)
Dividends	52,533	36,692
Other income	2,502	2,229

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurement (Continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: a stable value fund invested in investment contracts and security-backed contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurement (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,430,133	$ -	$ -	$ 4,430,133
Collective investment trust	-	4,077,693	-	4,077,693
Total investments in the fair value hierarchy	$ 4,430,133	$ 4,077,693	$ -	8,507,826
Investments measured at net asset value [(a)]				3,411,859
Total investments at fair value				$ 11,919,685

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,271,046	$ -	$ -	$ 3,271,046
Collective investment trust	-	3,595,724	-	3,595,724
Total investments in the fair value hierarchy	$ 3,273,064	$ 3,595,724	$ -	6,866,770
Investments measured at net asset value [(a)]				4,235,041
Total investments at fair value				$ 11,101,811

[(a)] In accordance with *Subtopic 820-10, Fair Value Measurement-Overall*, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Stable value collective trust fund	$ 3,411,859	N/A	Daily	12 months

4. Fair Value Measurement (Continued)

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 4,235,041	N/A	Daily	12 months

5. Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian for the Plan. Transactions with such investments qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

7. Tax Status

The IRS has determined and informed Wells Fargo Bank, N.A. (Wells Fargo) by a letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement offered by Wells Fargo, and adopted by the Plan, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

Mag Instrument, Inc. Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mag Instrument, Inc. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Mag Instrument, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mag Instrument, Inc. (the Company and Plan Administrator). Employees become eligible to participate in the Plan after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan Management is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan agreement, on a pre-tax basis, an after-tax basis (Roth 401(k)), or a combination of both. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Each year, the Company may elect to make, solely at its own discretion, a non-elective contribution for employees who have completed a year of service and are employed on the last day of the Plan year. The Company made no non-elective contributions for the years ended December 31, 2019 and 2018. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined in the Plan agreement. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Active participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance. The interest rate, determined at the time of the loan, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2019, interest rates on participant loans ranged from 4.25% to 6.50%. For the year ended December 31, 2018, interest rates on participant loans ranged from 4.25% to 6.25%.

1. Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other severance of employment, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their accounts to other tax deferred accounts or remain in the Plan until they are legally required to begin taking distributions. Installment payments are permitted for required minimum distributions. In-service distributions are permitted at age 59 ½. The Plan may make mandatory complete distributions following severance from employment for participants with vested account balances up to $1,000.

Forfeited Accounts

Upon termination of employment of a participant, any non-vested portion of Company contributions is forfeited. At December 31, 2019 and 2018, the balance in forfeited accounts totaled $2,419 and $2,065, respectively. These accounts will first be used to pay future administrative expenses and then to reduce future Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Nonpayment of loans is considered a default and treated as a deemed distribution.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In March of 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. Although Plan Management is continuing to monitor and assess the effects of the pandemic on the Employer's business and its Plan, the ultimate impact of COVID-19 is highly uncertain and subject to change. The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) is federal legislation that addresses qualified retirement plans in response to COVID-19. Plan Management has elected to adopt select provisions of the CARES Act into their Plan Agreement, effective April 6, 2020.

Plan Management has evaluated subsequent events through September 18, 2020, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the Custodian of the Plan, has certified to the completeness and accuracy of the following information, which is included in the financial statements as of and for the years ended December 31, 2019 and 2018, and the supplemental schedule at December 31, 2019:

	2019	2018
Investments at fair value	$ 11,919,685	$ 11,101,811
Net appreciation (depreciation) in fair value of investments	1,927,549	(477,355)
Dividends	52,533	36,692
Other income	2,502	2,229

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurement (Continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: a stable value fund invested in investment contracts and security-backed contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurement (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,430,133	$ -	$ -	$ 4,430,133
Collective investment trust	-	4,077,693	-	4,077,693
Total investments in the fair value hierarchy	$ 4,430,133	$ 4,077,693	$ -	8,507,826
Investments measured at net asset value [(a)]				3,411,859
Total investments at fair value				$ 11,919,685

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,271,046	$ -	$ -	$ 3,271,046
Collective investment trust	-	3,595,724	-	3,595,724
Total investments in the fair value hierarchy	$ 3,273,064	$ 3,595,724	$ -	6,866,770
Investments measured at net asset value [(a)]				4,235,041
Total investments at fair value				$ 11,101,811

[(a)] In accordance with *Subtopic 820-10, Fair Value Measurement-Overall*, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Stable value collective trust fund	$ 3,411,859	N/A	Daily	12 months

4. Fair Value Measurement (Continued)

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 4,235,041	N/A	Daily	12 months

5. Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian for the Plan. Transactions with such investments qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

7. Tax Status

The IRS has determined and informed Wells Fargo Bank, N.A. (Wells Fargo) by a letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement offered by Wells Fargo, and adopted by the Plan, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mag Instrument, Inc. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Mag Instrument, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mag Instrument, Inc. (the Company and Plan Administrator). Employees become eligible to participate in the Plan after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan Management is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan agreement, on a pre-tax basis, an after-tax basis (Roth 401(k)), or a combination of both. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Each year, the Company may elect to make, solely at its own discretion, a non-elective contribution for employees who have completed a year of service and are employed on the last day of the Plan year. The Company made no non-elective contributions for the years ended December 31, 2019 and 2018. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined in the Plan agreement. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Active participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance. The interest rate, determined at the time of the loan, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2019, interest rates on participant loans ranged from 4.25% to 6.50%. For the year ended December 31, 2018, interest rates on participant loans ranged from 4.25% to 6.25%.

1. Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other severance of employment, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their accounts to other tax deferred accounts or remain in the Plan until they are legally required to begin taking distributions. Installment payments are permitted for required minimum distributions. In-service distributions are permitted at age 59 ½. The Plan may make mandatory complete distributions following severance from employment for participants with vested account balances up to $1,000.

Forfeited Accounts

Upon termination of employment of a participant, any non-vested portion of Company contributions is forfeited. At December 31, 2019 and 2018, the balance in forfeited accounts totaled $2,419 and $2,065, respectively. These accounts will first be used to pay future administrative expenses and then to reduce future Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Nonpayment of loans is considered a default and treated as a deemed distribution.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In March of 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. Although Plan Management is continuing to monitor and assess the effects of the pandemic on the Employer's business and its Plan, the ultimate impact of COVID-19 is highly uncertain and subject to change. The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) is federal legislation that addresses qualified retirement plans in response to COVID-19. Plan Management has elected to adopt select provisions of the CARES Act into their Plan Agreement, effective April 6, 2020.

Plan Management has evaluated subsequent events through September 18, 2020, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the Custodian of the Plan, has certified to the completeness and accuracy of the following information, which is included in the financial statements as of and for the years ended December 31, 2019 and 2018, and the supplemental schedule at December 31, 2019:

	2019	2018
Investments at fair value	$ 11,919,685	$ 11,101,811
Net appreciation (depreciation) in fair value of investments	1,927,549	(477,355)
Dividends	52,533	36,692
Other income	2,502	2,229

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurement (Continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: a stable value fund invested in investment contracts and security-backed contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurement (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,430,133	$ -	$ -	$ 4,430,133
Collective investment trust	-	4,077,693	-	4,077,693
Total investments in the fair value hierarchy	$ 4,430,133	$ 4,077,693	$ -	8,507,826
Investments measured at net asset value [(a)]				3,411,859
Total investments at fair value				$ 11,919,685

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,271,046	$ -	$ -	$ 3,271,046
Collective investment trust	-	3,595,724	-	3,595,724

Investments measured at net asset value [(a)]				4,235,041
Total investments at fair value				$ 11,101,811

[(a)] In accordance with *Subtopic 820-10, Fair Value Measurement-Overall*, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Stable value collective trust fund	$ 3,411,859	N/A	Daily	12 months

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 4,235,041	N/A	Daily	12 months

5. Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian for the Plan. Transactions with such investments qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

7. Tax Status

The IRS has determined and informed Wells Fargo Bank, N.A. (Wells Fargo) by a letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement offered by Wells Fargo, and adopted by the Plan, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

To the Plan Administrator and Trustees of
Mag Instrument, Inc. Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mag Instrument, Inc. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Mag Instrument, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mag Instrument, Inc. (the Company and Plan Administrator). Employees become eligible to participate in the Plan after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan Management is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan agreement, on a pre-tax basis, an after-tax basis (Roth 401(k)), or a combination of both. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Each year, the Company may elect to make, solely at its own discretion, a non-elective contribution for employees who have completed a year of service and are employed on the last day of the Plan year. The Company made no non-elective contributions for the years ended December 31, 2019 and 2018. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined in the Plan agreement. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Active participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance. The interest rate, determined at the time of the loan, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2019, interest rates on participant loans ranged from 4.25% to 6.50%. For the year ended December 31, 2018, interest rates on participant loans ranged from 4.25% to 6.25%.

1. Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other severance of employment, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their accounts to other tax deferred accounts or remain in the Plan until they are legally required to begin taking distributions. Installment payments are permitted for required minimum distributions. In-service distributions are permitted at age 59 ½. The Plan may make mandatory complete distributions following severance from employment for participants with vested account balances up to $1,000.

Forfeited Accounts

Upon termination of employment of a participant, any non-vested portion of Company contributions is forfeited. At December 31, 2019 and 2018, the balance in forfeited accounts totaled $2,419 and $2,065, respectively. These accounts will first be used to pay future administrative expenses and then to reduce future Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Nonpayment of loans is considered a default and treated as a deemed distribution.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In March of 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. Although Plan Management is continuing to monitor and assess the effects of the pandemic on the Employer's business and its Plan, the ultimate impact of COVID-19 is highly uncertain and subject to change. The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) is federal legislation that addresses qualified retirement plans in response to COVID-19. Plan Management has elected to adopt select provisions of the CARES Act into their Plan Agreement, effective April 6, 2020.

Plan Management has evaluated subsequent events through September 18, 2020, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the Custodian of the Plan, has certified to the completeness and accuracy of the following information, which is included in the financial statements as of and for the years ended December 31, 2019 and 2018, and the supplemental schedule at December 31, 2019:

	2019	2018
Investments at fair value	$ 11,919,685	$ 11,101,811
Net appreciation (depreciation) in fair value of investments	1,927,549	(477,355)
Dividends	52,533	36,692
Other income	2,502	2,229

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurement (Continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: a stable value fund invested in investment contracts and security-backed contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurement (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,430,133	$ -	$ -	$ 4,430,133
Collective investment trust	-	4,077,693	-	4,077,693
Total investments in the fair value hierarchy	$ 4,430,133	$ 4,077,693	$ -	8,507,826
Investments measured at net asset value [(a)]				3,411,859
Total investments at fair value				$ 11,919,685

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,271,046	$ -	$ -	$ 3,271,046
Collective investment trust	-	3,595,724	-	3,595,724
Total investments in the fair value hierarchy	$ 3,273,064	$ 3,595,724	$ -	6,866,770
Investments measured at net asset value [(a)]				4,235,041
Total investments at fair value				$ 11,101,811

[(a)] In accordance with *Subtopic 820-10, Fair Value Measurement-Overall*, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Stable value collective trust fund	$ 3,411,859	N/A	Daily	12 months

4. Fair Value Measurement (Continued)

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 4,235,041	N/A	Daily	12 months

5. Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian for the Plan. Transactions with such investments qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

7. Tax Status

The IRS has determined and informed Wells Fargo Bank, N.A. (Wells Fargo) by a letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement offered by Wells Fargo, and adopted by the Plan, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.
