LEISURE SPORTS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Leisure Sports, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1992 by Leisure Sports, Inc. to provide retirement benefits for employees of Leisure Sports, Inc. and certain affiliates (collectively referred to as the "Company"). The Plan is a defined contribution plan covering all eligible employees who have attained 21 years of age, and effective January 1, 2018, completed 3 months of service. Union employees and non-resident aliens with no U.S. source income are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). The Investment Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 3, 2019, the Company sold a majority of its assets. As a result of its sale, on March 14, 2019, the accounts of employees of LSI Silvercreek LLC, an adopting employer of the Plan, were transferred out of the Plan to the TriNet 401(k) Plan (an existing plan utilized by the acquiring company). No other participants' accounts were transferred. This sale resulted in the termination of a large number of participating employees such that a partial plan termination was triggered. Accordingly, all affected employees became 100% vested in their account balances (See Note 7).

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Each year, participants may elect to contribute up to 100% of their eligible compensation on either a pre-tax or post-tax (Roth) basis, as defined in the Plan, with maximum contributions of $19,000 for the year ended December 31, 2019 plus annual catch-up contributions of $6,000 for participants who have attained age 50 before the end of the Plan year. Participants may also make rollover contributions from other qualified retirement plans, subject to approval by the plan administrator. Participant contributions are 100% vested at all times.

During the year ended December 31, 2018, all eligible participants were automatically enrolled with a contribution rate of 3% of eligible compensation, unless the employee affirmatively elected otherwise. All automatically enrolled employees may subsequently elect to stop or change the automatic contribution percentage. Effective January 1, 2019, pursuant to a new plan adoption agreement, the automatic enrollment feature was removed from the Plan provisions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching or profit sharing contributions to the Plan, subject to limitations imposed by applicable provisions of the IRC. For 2019, the Company made matching contributions to each active participant's account in an amount equal to the lesser of 50% of the participant's contributions or 3% of the participant's eligible compensation, limited to a maximum annual employer contribution of $8,400. The discretionary profit sharing contributions, if any, are allocated in the ratio that each participant's eligible compensation bears to the total compensation paid to all eligible participants for the Plan year. A participant must complete 6 months of service and be employed on the last day of the Plan year to be eligible for the discretionary profit sharing contributions. The Company only made discretionary matching contributions for the year ended December 31, 2019.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions, the Company's discretionary matching contributions and allocations of the Company's discretionary profit sharing contributions, if any, and Plan investment earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contributions plus actual earnings or losses thereon is based on years of continuous service. The vesting schedule is as follows:

Years of Vesting Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into various mutual funds and exchange traded funds ("ETFs") available under the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants – Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear fixed interest as determined under the Plan's provisions. Principal and interest are paid ratably through payroll deductions or note repayments made directly to the Plan after termination of employment. The loan term must not be longer than five years, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be up to fifteen years.

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching early retirement age of 60 years, termination of service, disability, or death. A participant may be eligible to receive an in-service distribution upon attainment of age 59½. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump-sum distribution or a direct rollover distribution of the participant's vested interest in his or her account. If a terminated participant's account is $1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between $1,000 and $5,000 will be directly rolled over into an individual retirement account ("IRA") unless other specific instructions are received from the participant. Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½ (See Note 9).

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts may be used to pay administrative expenses and fund future employer contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts amounted to $36,136 and $35,480, respectively. There were forfeitures of $109 used to pay administrative expenses during the year ended December 31, 2019.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and 2019, respectively.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid from the Plan assets are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds: Valued at the closing price reported on the active market on which the individual ETFs are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

As of both December 31, 2019 and 2018, one individual investment accounted for approximately 10% of total investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 10,465,060	$ -	$ -	$ 10,465,060

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Inc., authorized agent for Ascensus, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the information presented in Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

NOTE 5 – TAX STATUS

The Plan adopted the Ascensus Trust Company Defined Contribution Prototype Non-Standardized Profit Sharing Plan that received an opinion letter dated January 1, 2018, in which the IRS stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC. Although the Plan has not received a determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Vanguard Group, Inc. manages certain Plan investments and is an affiliate of the Plan's trustee and recordkeeper, Ascensus. Therefore, these transactions qualify as party-in-interest transactions.

Ascensus received revenue from certain of the mutual funds' service providers. This revenue was used to offset certain amounts owed to Ascensus for their administrative services to the Plan. Investment management related expenses, including these revenue sharing amounts, are included in net appreciation or depreciation of fair value of investments.

Fees paid directly by the Plan to Ascensus for asset custodial, recordkeeping and administrative services amounted to approximately $16,000 for the year ended December 31, 2019 and are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

The Plan also incurred and paid fees to the investment advisor amounting to approximately $57,000, which are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Effective January 3, 2019, the Company sold a majority of its assets. This sale resulted in the termination of a large number of participating employees such that a partial plan termination was triggered. Accordingly, all affected employees became 100% vested in their account balances.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the list of funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 9 – SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

In April 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security (the "CARES Act") that was signed into law on March 27, 2020. These provisions are applicable for qualified participants and include an increase in loan amounts to the lesser of the participant's account balance or $100,000 for a loan issued through September 23, 2020; the ability of participants who have Plan loan repayments due in 2020 to defer such repayments until after December 31, 2020; and a new COVID-19 related distribution up to $100,000 through December 31, 2020. The CARES Act also allows any participant subject to a 2020 required minimum distribution to waive such distribution. The Plan will also implement certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), including a delay in the commencement date for required minimum distributions to age 72. Written amendments to the Plan's prototype plan document to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan has evaluated subsequent events through September 29, 2020, the date the financial statements were available to be issued.
