The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers substantially all employees of the Employer. Employees may participate in the salary deferral portion of the Plan after completing 250 hours in a three month consecutive period, and attainment of age 21, with immediate entry. Employees are eligible for discretionary employer matching and profit sharing contributions on the first day of the Plan Year after they completed at least one year of service during the Plan year (as defined in the Plan document), and must be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The EasyK Multiple Employer Plan Board of Directors (the Board) is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may elect to contribute up to 100% of their pre-tax or Roth after-tax compensation, as defined in the Plan document and within statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified plans. Participant contributions are paid to the Plan after each pay period. Effective January 1, 2020, the Plan provides for automatic enrollment of employees. Newly eligible employees are enrolled in the Plan at a salary reduction rate of 2%. Participants may elect to change or stop the payroll deductions at any time.

At its discretion, the Employer may authorize matching and profit sharing contributions. In 2019 and 2018, the Employer authorized a matching contribution equal to 100% of each participant's elective deferral up to 5% of compensation. The Employer funded the 2019 matching contribution in 2020 and funded the 2018 matching contribution in 2019. No profit sharing contributions were authorized in 2019 or 2018.

NOTE 1 - ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Individual participant accounts are maintained by Pentegra Services, Inc. (Pentegra), the Plan Administrator and record keeper. Each account is credited or charged with the participant's contribution, the Employer's contributions, if any, and allocations of investment income and losses on the individual account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Loan and distribution fees are deducted from the respective participants' accounts. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct employee and employer contributions among various mutual funds and collective trusts held by Reliance Trust Company (RTC).

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in employer matching and profit sharing contributions is based on years of credited service, as defined in the Plan document, with 100% vesting after three years. Upon normal retirement (65), death, or disability, participants become fully vested in all benefits.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator at the time of issuance. Interest range from 4.5% to 6.5% on notes receivables outstanding as of December 31, 2019. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits equal to the value of the participant's vested account are paid in a lump-sum or installments. Under certain hardship circumstances, or attainment of age 59 ½, participants may request a lump-sum distribution of their pre-tax or after-tax deferral account balances prior to retirement.

Forfeited Accounts

Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to reduce employer contributions or be reallocated to participants. Forfeited non-vested accounts totaled \$4,656 and \$2,421 at December 31, 2019 and 2018, respectively. During 2019, \$3,237 of forfeitures were used to offset 2018 employer matching contributions. During 2020, \$4,683 of forfeitures were used to offset 2019 employer matching contributions.

NOTE 1 - ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Administrative Expenses

The Plan's investment fund options are subject to investment management fees and certain revenue sharing fees, as disclosed in each fund's prospectus. A majority of these fees are charged directly against each fund's investment performance and, therefore, are included in net appreciation in the accompanying Statement of Changes in Net Assets Available for Benefits. Revenue sharing fees are collected from various mutual fund companies by service providers and are used to offset the Plan's third party administration fees and custodial fees. Participants are charged various quarterly and annual fees for recordkeeping and advisory services. The annual audit fee is paid by the Employer and therefore excluded from these financial statements. Additionally, participant loan and distribution transaction fees charged by service providers are deducted from the accounts of the respective Plan participants and are recorded as expenses by the Plan.

Subsequent Events

In April of 2020, the Plan adopted certain provisions of the SECURE and CARES Acts of 2020. The SECURE Act provisions include expanding eligibility for certain part-time employees, beginning in 2021. The CARES Act provisions allow participants who are financially impacted by the COVID-19 pandemic to take loans or penalty-free withdrawals up to a maximum of \$100,000 during 2020.

The date to which events occurring after December 31, 2019, have been evaluated for possible adjustment to the financial statements or disclosure therein is September 24, 2020, which is the date on which the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – Valued at the NAV of units of each bank collective trust. The NAV is based on the fair value of the underlying investments held by the collective trust less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Investments measured at net asset value (collective trust funds)				778,865

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments measured at fair value based on NAV per share as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust funds	\$ 778,865	n/a	Daily	0-30 days

	December 31, 2018

NOTE 4 - INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. RTC, the custodian, has certified that the following data included in the accompanying financial statements, notes, and supplemental schedule is complete and accurate:

- 1) Investments at fair value as of December 31, 2019 and 2018.
- 2) Net appreciation in fair value of investments and dividends for the year ended December 31, 2019.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedule.

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Pentegra is the Plan Administrator and named fiduciary. Pentegra Trust Company (PTC) provides directed trustee services under a discretionary agreement with the Board. Certain Plan investments are units of participation in a collective trust managed by RTC, the custodian of the Plan. Therefore, transactions with Pentegra, PTC, and RTC qualify as party-in-interest transactions. Revenue sharing received by Pentegra from various mutual fund companies is retained for service costs. Fees paid by the Plan to Pentegra and PTC for administrative, trustee, and custodial services amounted to approximately \$15,000 for the year ended December 31, 2019. In addition, approximately \$15,000 was paid to the Plan's investment advisor during 2019.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan operates under provisions of a prototype plan which received an opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the prototype plan, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
