TransRe Incentive Retirement Plan  
Notes to Financial Statements

## 1. Description of Plan

The following brief description of the TransRe Incentive Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan’s provisions.

### (a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed in accordance with Internal Revenue Code (“IRC”) section 401(k). Participants in the Plan include U.S. employees of Transatlantic Holdings, Inc. (“THI”) and certain of its subsidiaries (collectively, “TRH”) who are age 18 or older. The Plan is sponsored by THI and the trustee of the Plan is Vanguard Fiduciary Trust Company (the “Trustee”).

The Plan was established on January 1, 2009. Prior to January 1, 2009, participants of the Plan, in general, participated in a defined contribution plan sponsored by American International Group, Inc. (the “AIG 401(k) Plan”). On January 1, 2009, participant balances were transferred from the AIG 401(k) Plan to the Plan and participants no longer participated in the AIG 401(k) Plan.

### (b) Contributions

Eligible employees who make a contribution receive a 100% employer matching contribution on each 1% of their eligible compensation contributed up to a maximum of 5% of their eligible compensation contributed. Participants may contribute up to 60% of their eligible compensation, limited to the annual maximum (excluding eligible catch up contributions for participants age 50 or older) of \$19,000 in 2019.

In accordance with IRC rules, the Plan has an automatic enrollment feature whereby eligible employees who are not participating in the Plan are automatically enrolled with an initial elective deferral election of 3% of their eligible compensation. The elective deferral will increase by 1% per year up to a maximum of 6% for employees who are automatically enrolled. Automatically enrolled participants are given the choice to discontinue or revise their participation in the Plan according to the normal terms of the Plan at any time after their initial automatic enrollment by filing an election with the plan administrator.

### (c) Participant Accounts

Each participant’s account is credited with the participant’s elected contributions, TRH’s contributions and any rollover contributions of the participant. Rollover contributions represent vested account balances transferred by participants of the Plan into the Plan from third party defined contribution plans. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants are permitted to change the investments within their account on a daily basis, subject to certain limitations. All investments are participant directed. Effective January 1, 2019, former employees who remain participants following the end of their employment are charged a general administrative fee of \$152 annually (\$38 per calendar quarter) which is automatically deducted from their Plan account. No general administrative fee is charged to the Plan accounts of current employees.

### (d) Vesting

Participants are always 100% vested in their contributions and rollover contributions plus earnings on these amounts. Participants are 100% vested in TRH’s contributions immediately.

### (e) Notes Receivable from Participants

Participants may borrow from \$1,000 to a maximum of the lesser of \$50,000 or 50% of the present value of their vested account balance. The loans are secured by the participant’s vested balance. Participant loans as of December 31, 2019 bear interest from 4.25% to 6.50%. Participant loans as of December 31, 2018 bear interest from 4% to 6.25%. Participant loans are repaid through payroll deductions.

Notes to Financial Statements

(f) Payment of Benefits

Following the termination of employment with TRH, retirement from TRH, death or disability of a participant, the participant's vested benefits will be paid upon a request for distribution by the participant or their beneficiary for distribution as a lump sum. Participants may also request a distribution of their elective contributions and vested amounts of TRH's matching contributions while still employed by TRH if they are at least 59½ years old or upon a proven hardship, as defined by the Plan. Participants can request a distribution of rollover contributions at any time.

(g) Plan Termination

Although it has not expressed any intent to do so, THI has the right, under the Plan, to terminate the Plan at any time. In the event of termination, the accounts of the participants of the Plan would become fully vested and non-forfeitable.

(h) Forfeited Accounts

Forfeited nonvested accounts totaled \$10,471 for the year ended December 31, 2019. As of December 31, 2019 and 2018, investments totaling \$116,867 and \$103,653, respectively, related to forfeited accounts. Investments related to forfeited accounts are being held by the Trustee pending instructions from the Plan.

(i) Reclassifications

Certain reclassifications and format changes may have been made to prior year amounts to conform to the current year presentation.

## 2. Summary of Accounting Policies

(a) Basis of Presentation

The accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits have been prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the U.S. ("GAAP").

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that affect the reported amounts and related disclosures as of the date of the financial statements and for the period covered by the financial statements. Actual results may differ materially from these estimates.

(c) Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Common collective trust funds are valued at net asset value ("NAV") as a practical expedient.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

TransRe Incentive Retirement Plan  
Notes to Financial Statements

(d) Notes Receivable from Participants

Loans to participants are reported as “notes receivable from participants.” Notes receivable from participants are carried at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

TRH pays a portion of the general administrative expenses of the Plan directly to Vanguard Group, Inc., an affiliate of the Trustee. See Note 1(c) for general administrative expenses charged to participant accounts.

(g) Subsequent Events

Effective January 1, 2020, the Plan was amended to (i) permit Roth contributions, (ii) increase the participant contribution percentage from 60% of eligible compensation to 90% (subject to IRS limits), (iii) limit eligible compensation to base salary (bonuses are excluded) and (iv) change the employer matching formula such that employer matching contributions are made at the rate of 100% of the first 3% of eligible compensation contributed by a participant and 50% on the next 3% of eligible compensation contributed by a participant up to a maximum employer matching contribution of 4.5% of the employee’s contributed eligible compensation.

On March 11, 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus (“COVID-19”) a global pandemic, which has adversely impacted the global economy by disrupting supply chains, lowering equity market valuations, creating significant volatility and disruption in financial markets, and increasing unemployment levels. While the length and severity of this pandemic cannot be reasonably estimated, it has negatively impacted the value of Plan assets.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain CARES Act measures including allowing qualified participants to receive coronavirus-related withdrawals without penalty, relaxing loan repayment rules and increasing plan loan limits.

The Plan has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.

(h) Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (“FASB”) issued guidance that changes the financial statement disclosure requirements for measuring fair value. With respect to financial instruments classified as “Level 3” in the fair value disclosure hierarchy, the guidance requires certain additional disclosures for public entities related to amounts included in other comprehensive income and significant unobservable inputs used in the valuation, while removing disclosure requirements related to an entity’s overall valuation processes. The guidance also removes certain disclosure requirements related to transfers between financial instruments classified as “Level 1” and “Level 2” and provides clarification on certain other existing disclosure requirements. This guidance is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted with respect to any eliminated or modified disclosures. The Plan adopted this guidance in the first quarter of 2020 and the implementation did not have a material impact on its results of operations and financial condition.

In September 2018, the FASB amended the guidance over Defined Contribution Pension Plans for Investments. The intent of this amendment is to no longer imply that a stable value fund would always use the net asset per share practical expedient. Instead, each plan should evaluate whether a readily determinable fair value exists to determine whether a stable value fund may qualify for the practical expedient to measure at net asset value. The Plan adopted this guidance in the first quarter of 2020 and the implementation did not have a material impact on its results of operations and financial condition.

### 3. Fair Value Measurements

#### (a) Fair Value Measurements on a Recurring Basis

The Plan measures the financial instruments included in its investment portfolio at fair value on a recurring basis. The fair value of a financial instrument is the amount that would be received to sell an asset in an orderly transaction between willing, able and knowledgeable market participants at the measurement date.

The degree of judgment used in measuring the fair value of financial instruments generally correlates with the level of pricing observability. Financial instruments with quoted prices in active markets generally have more pricing observability and less judgment is used in measuring fair value. Conversely, financial instruments traded in other-than-active markets or that do not have quoted prices have less observability and are measured at fair value using valuation models or other pricing techniques that require more judgment. An active market is one in which transactions for the asset being valued occurs with sufficient frequency and volume to provide pricing information on an ongoing basis. An other-than-active market is one for which there are few transactions, the prices are not current, price quotations vary substantially either over time or among market makers, or for which little information is released publicly for the asset being valued. Pricing observability is affected by a number of factors, including the type of financial instrument, whether the financial instrument is new to the market and not yet established, the characteristics specific to the instrument and general market conditions.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Whenever available, the Plan obtains quoted prices in active markets for identical assets at the balance sheet date to measure fair value for investments in registered investment companies. Market price data generally are obtained from exchange or dealer markets.

#### (b) Fair Value Hierarchy

Assets recorded at fair value in the statement of net assets available for benefits are measured and classified in a hierarchy for disclosure purposes consisting of three levels based on the observability of inputs available in the marketplace used to measure the fair values as discussed below:

- Level 1: Fair value measurements that are quoted prices (unadjusted) in active markets that the Plan has the ability to access for identical assets. Market price data generally is obtained from exchange or dealer markets. Assets measured at fair value on a recurring basis and classified as Level 1 consist of investments in registered investment companies.
- Level 2: Fair value measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets in active markets and inputs other than quoted prices that are observable for the asset, such as interest rates and yield curves that are observable at commonly quoted intervals. No assets were measured at fair value on a recurring basis and classified as Level 2.
- Level 3: Fair value measurements based on valuation techniques that use significant inputs that are unobservable. These measurements may be made under circumstances in which there is little, if any, market activity for the asset. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment. In making the assessment, factors specific to the asset are considered. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. No assets were measured at fair value on a recurring basis and classified as Level 3.

#### 4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### 5. Related Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds and a common/collective trust managed by affiliates of the Trustee. The Trustee acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

In 2019 and 2018, TRH incurred on behalf of the Plan expenses of \$67,647 and \$21,796, respectively, from Vanguard Group, Inc., an affiliate of the Trustee.

#### 6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed THI by a letter dated October 25, 2017, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator and the Plan's tax counsel believe that the plan continues to be operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
