NOTE 1 - Description of the Plan

The following description of the UnitedHealth Group Puerto Rico Savings Plan (the “Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Optum Services (Puerto Rico) LLC (the “Company”) under the laws of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company is the plan sponsor. The UnitedHealth Group Employee Benefits Plans Administrative Committee (“Plan Administrator”) is responsible for oversight of the Plan. The UnitedHealth Group Employee Benefits Plans Investment Committee (“Investment Committee”) determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective June 21, 2019, the Catamaran PD of Puerto Rico, LLC 1156(e) Savings Plan merged into the Plan with net assets of $306,807.

Eligibility

In general, eligible employees may make salary deferral contributions to the Plan upon employment with the Company. Participants become eligible for employer matching contributions once they are credited with one year of service. Employees whose employment is governed by the terms of a collective bargaining agreement (unless such collective bargaining agreement provides for the inclusion of those employees in the Plan), persons who the Company classifies as leased employees, and certain other classifications of employees are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to the maximum dollar amount permissible under the Internal Revenue Code of Puerto Rico (“the Code”). Elective contributions include pretax deferrals and rollover contributions. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

The Company makes a matching contribution equal to 100% of applicable contributions up to 3% of eligible compensation, plus 50% of the next 3% of eligible compensation for a maximum contribution of 4.5% per payroll period as defined in the Plan document. The Company may, in its discretion, make a profit sharing contribution to the Plan for the benefit of its eligible participating employees. The Company did not elect to make a discretionary profit sharing contribution for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, rollover contributions, matching contributions, an allocation of the discretionary profit sharing contributions, if any, and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Investments Classification

All investments are participant directed. The Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and earnings thereon. Matching contributions and employer discretionary profit sharing contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Years of Service	Vesting
Less than 2 years	0%
2 or more	100%

Notwithstanding the vesting schedule above, matching contributions and employer discretionary profit sharing contributions, if any, will become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: death, the later of attainment of normal retirement age (age 65) or the 5th anniversary of the participation commencement date, disability, attainment of early retirement age (age 55) and completing 5 years of service, partial plan termination with respect to the participant or complete termination of the Plan.

Forfeited Accounts

As of December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,421 and $0, respectively. Forfeitures can be used to reduce future employer contributions, pay certain administrative expenses or can be reallocated to participant accounts. No forfeitures were used during the year ended December 31, 2019.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, or termination of employment, as defined in the Plan document. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. With the Plan Administrator approval, participants may withdraw all or part of their employee contributions in the event of financial hardship.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2019 and 2018.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 1, 2020, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Banco Popular de Puerto Rico ("the Trustee"), has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund: Valued at the closing price reported on the active market on which the fund is traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2019			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 1,380,417	$ 1,380,417	$ -	$ -
Money market fund	3,311	3,311	-	-
Total investments at fair value	$ 1,383,728	$ 1,383,728	$ -	$ -

	December 31, 2018

Money market fund	1	1	-	-
Total investments at fair value	$ 310,802	$ 310,802	$ -	$ -

NOTE 5 – Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 – Related Party and Party-in-interest Transactions

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 - Tax Status

The Plan is maintained on a master plan document sponsored by the Trustee. The Puerto Rico Treasury Department ("PR Treasury") has determined and informed the Trustee by a letter dated May 22, 2012, that the master plan document and the related trust are designed in accordance with the applicable sections of the Puerto Rico Internal Revenue Code of 2011 ("the 2011 Code"), as amended. The plan's request for a determination letter under Section 1081.01 of the 2011 Code, submitted July 31, 2018, is pending review by the PR Treasury. The Plan Administrator believes the trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan had investments of $697,323 concentrated in three investments and $210,121 concentrated in four investments, respectively, that each accounted for more than 10% of Plan investments.

NOTE 10 – Delinquent Participant Contributions

For the year ended December 31, 2019, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled $56,567, were corrected during 2019. Additionally, the Company compensated participants for lost earnings resulting from the delay in contributions.
