Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the First Credit Union Cash Balance Defined Benefit Retirement Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financials statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Matrix Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

<p style="text-align: center;">FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN NOTES TO THE FINANCIAL STATEMENTS</p>

NOTE 1: DESCRIPTION OF PLAN

The following description of the First Credit Union Cash Balance Defined Benefit Retirement Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined benefit plan available to employees of the Credit Union. An employee is eligible to participate in the Plan on the January 1st or July 1st following completion one year of credited service and has attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Securities Act of 1974 (ERISA).

Pension Benefits

Normal Retirement Benefits - At the normal retirement age (65), with five years of participation, participants will be entitled to receive a normal retirement benefit. The normal retirement date is the first day of the month coinciding with or next following the participant's Normal Retirement Age and will be equal to 3% accumulation Cash Balance pay credits beginning July 1, 2013 with interest based on the 30 year Treasury rate, plus frozen accrued benefits accumulated to May 22, 2009. Payment of benefits will begin as soon as practicable following Normal Retirement Date. The Normal Form of this benefit is a Straight Life annuity for single participation or its actuarial equivalent 50% Joint and Survivor Benefit for married participants. Participants may elect other options under the plan.

Early Retirement Benefits - Participant's Early Retirement Date is the first day of the month coinciding with or next following the date they have attained age 55 and completed 10 years of service with the employer. Early retirement benefits shall equal the greater of (1) the Accrued Benefit reduced by 5/9ths of 1% for each of the first sixty complete calendar months, and 5/18ths of 1% for each complete calendar month in excess of sixty calendar months that the Early Retirement Date precedes Normal Retirement Date, or (2) the Actuarial Equivalent of the Accrued Benefit if that benefit is distributed in a form other than a nondecreasing life annuity payable over the participant's lifetime. Payment of the Early Retirement benefits will begin as soon as practicable following the date the participant elects to receive payment and will be paid in the same form as the normal retirement date.

Late Retirement Benefits - The benefit participants will receive at the late retirement date generally takes into account the requirement that they continue to earn or "accrue" benefits past the normal retirement age. Late retirement benefits are the greater of the accrued benefit actually accrued as of the end of the plan year at retirement or the actuarial equivalent of the benefit entitled to as of the close of the plan year immediately preceding actual retirement date.

Disability Pension - Disability benefits shall be equal to the early retirement benefit without regard to age and service requirements. Disability of the participant will be determined as per ERISA.

Death Benefits - In the event of the death of a participant, the amount paid to a surviving spouse is equal to the actuarial equivalent of the vested accrued benefit.

Vesting: Vesting in the plan is based on years of continuous service. Vesting prior to June 30, 2013, was a one year cliff, with 100% vesting after one year of service. Vesting after June 30, 2013 is equivalent to 0% less than three years and 100% at three years or more.

<p style="text-align: center;">FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN NOTES TO THE FINANCIAL STATEMENTS</p>

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation: The Plan's financial statements are on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Realized gains and losses on security transactions are computed on the basis of average cost of investments sold. Interest from investments is recorded as earned on the accrual basis.

Recent Accounting Pronouncements: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, effective for annual reporting periods beginning after December 15, 2019. The amendments in this ASU either removed or modified disclosure requirements related to fair value measurements in accordance with Topic 820. The Plan administrator is currently evaluating this guidance to determine the impact on its financial statements.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' accumulated pension credits as determined under the Plan ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employees' service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2019, were as follows:

Investment return	4.00%
Mortality	PRI 2012 Mortality Table Projected by Scale MP 2019 for Employees before retirement PRI 2012 Mortality Table Projected by Scale MP 2019 for Annuitants after retirement
Salary increases	3.00%

<p style="text-align: center;">FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN NOTES TO THE FINANCIAL STATEMENTS</p>

The foregoing actuarial assumptions are based on the presumptions that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2020 and 2019. Had the valuations been performed as of December 31st, there would be no material difference.

Payment of benefits: Benefit payments to participants are recorded upon disbursements.

Administrative Expenses: The majority of the Plan's expenses are paid by the Plan.

Subsequent Events: Credit Union Management has evaluated subsequent events through October 1, 2020, the date on which the financial statements were available to be issued.

NOTE 3: FUNDING POLICY

Contributing employers may be required to make contributions to the Plan. Employee participants are not required to contribute to the Plan.

The Plan's funding policy is for the Credit Union to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During the 2019 plan year, the Credit Union made no contribution to the Plan as there was no minimum funding amount due to funded status of plan based on actuarial calculations.

NOTE 4: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated after providing for any administrative expenses:

- a) benefits attributable to employee contributions, taking into account those paid out before termination.
- b) annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the terms of the Plan. The priority amount is limited to the lowest benefit that was payable during those three years. The amount is further limited to the lowest benefit that would be payable under the plan provisions in effect at any time during the five years preceding plan termination.
- c) to benefits guaranteed and insured by the Pension Benefit Guaranty Corporation (PBGC)
- d) to all other vested accrued benefits under the Plan not insured by the PBGC
- e) to all non-vested benefits

<p style="text-align: center;">FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN NOTES TO THE FINANCIAL STATEMENTS</p>

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5: INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation/loss in fair value of investments for the year ended December 31, 2019, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company. This information has not been audited by independent public accountants.

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The availability of inputs relevant to the asset or liability and the relative reliability of the inputs might affect the selection of appropriate valuation technique. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs

- (a) quoted market prices for similar assets or liabilities in active markets;
- (b) quoted market prices for identical or similar assets or liabilities in inactive markets;
- (c) inputs other than quoted market prices that are observable for the asset or liability;
- (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

<p style="text-align: center;">FIRST CREDIT UNION</p> <p style="text-align: center;">CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN</p> <p style="text-align: center;">NOTES TO THE FINANCIAL STATEMENTS</p>

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019:

Collective Investment Trust - The collective investment trust is valued at the net asset value (NAV) per share based on a unit value of the Trust. The Trust invests in various equity and fixed income investments which are observable on the open market. Therefore the investment is deemed to have a "readily determinable value."

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Collective Investment Trust	\$ -	\$ 9,309,088	\$ -	\$ 9,309,088
Total investments at fair value	\$ -	\$ 9,309,088	\$ -	\$ 9,309,088

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Collective Investment Trust	\$ -	\$ 8,269,215	\$ -	\$ 8,269,215
Total investments at fair value	\$ -	\$ 8,269,215	\$ -	\$ 8,269,215

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares and mutual funds managed by CMFG Life Insurance Company through Matrix Trust Company. CMFG Life Insurance Company and Matrix Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

<p style="text-align: center;">FIRST CREDIT UNION CASH BALANCE DEFINED BENEFIT RETIREMENT PENSION PLAN NOTES TO THE FINANCIAL STATEMENTS</p>

NOTE 8: TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 30, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax council believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTANTIES

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 10: SUBSEQUENT EVENT

Subsequent to the balance sheet date, a pandemic has been declared by the World Health Organization (WHO) related to the COVID-19 virus. The Credit Union is closely monitoring the impact of the COVID-19 health emergency that is impacting our nation. As the situation evolves, there is a likely disruption to the overall economy which may negatively affect the Credit Union in the next Plan year ending December 31, 2019. As of the date of this report, there is no current financial impact to the Credit Union. However, our priority is the health and safety of our employees, members, business partners, customers and the communities in which we operate.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
