Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Applied Card Systems, Inc. 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 3, which was certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, collectively "Great-West", except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Great-West as of December 31, 2019 and 2018, and for the year ended December 31, 2018, that the information provided to the plan administrator by Great-West is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Great-West, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Applied Card Systems, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, originally adopted April 1, 1998 and since amended, is a defined contribution plan covering all employees of Applied Card Systems, Inc., Applied Card Systems of Pennsylvania, Inc., Applied Bank, Backroom Services, Inc., Roch Capital Inc., and J'S MVP 2200 Concord Pike, LLC (collectively, the "Company") who have completed one month of service and are age 18 or older. Entry into the Plan is limited to the first day of each calendar month during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by a committee consisting of officers appointed by the board of directors of the Company. No officer or employees receives compensation from the Plan. The Plan's assets are managed by Great-West Trust Company, LLC and Great-West Life Annuity Insurance Company ("Great-West").

Contributions

Each year, participants may contribute an amount of pretax annual compensation, as defined by the Plan, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers").

The Company may make a discretionary contribution to the profit-sharing component of the Plan. This contribution is allocated to each participant in the ratio of that participant's compensation to the total of all participants' compensation and is vested based on years of continuous service. There were no discretionary contributions made during the Plan year ended December 31, 2019.

Participants direct the investment of all contributions offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary contribution, if any, and investment earnings, and is charged with withdrawals and an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests in the Company's discretionary contribution based on the years of service as follows:

Years of Service	Vesting %
1 or less	0%
2	25%
3	50%
4	100%

Forfeited Accounts

Forfeited non-vested accounts totaled $0 at December 31, 2019 and 2018, respectively. Forfeitures may be used to satisfy Plan related administrative expenses, reduce future Company contributions, or be allocated to participant accounts at the Company's discretion. No forfeited non-vested accounts were allocated to participant accounts for the year ended December 31, 2019.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' accounts and bear interest at 1% above the prime rate at the date of origination. Participants may not have more than two outstanding notes at any one time. Principal and interest are paid ratably through bi-weekly payroll deductions. Note terms range from one to five years, or greater for the purpose of acquiring a principal residence. The Plan had notes receivable from participants with interest rates ranging from 4.25% to 6.00% and maturity dates through 2028.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant is entitled to receive the value of his or her account in a lump-sum distribution, annuity or annual installments. A participant who is otherwise terminated is entitled to receive his or her vested accrued benefit. A terminated participant whose accrued benefit is not greater than $5,000 shall receive his or her payment in a lump sum. Those with an accrued benefit greater than $5,000 may choose to receive payment in either a lump sum or in monthly installments. Participants who reach age 59½ or who are disabled may withdraw all or a portion of their salary deferral contributions. Hardship withdrawals from a participant's deferral and rollover contribution accounts are permitted when certain criteria are met. The participant's deferral contributions are suspended for a period of six months following a hardship distribution.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, as well as disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, with the exception of the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines valuation policies utilizing information provided by Great-West. See Note 4 for discussion of fair value measurements.

The fully benefit-responsive investment contract is valued at contract value (Note 5). Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately presented as an expense in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principle and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to certain individual participant transactions are charged directly to the participant's account. Other administrative expenses such as investment management, consulting fees and record keeping fees are paid by the Plan and may be allocated to participants.

A Plan Expense Account ("PEA") is maintained by Great-West which may be used to pay Plan expenses. Asset based payments are calculated based upon an average daily balance of the investments for the month. During the year ended December 31, 2019, the PEA paid $24,108 for certain Plan expenses.

3. Certified Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West has certified to the completeness and accuracy of all investments and notes receivable from participates reported in accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, Line 4(i)-Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to information certified by Great-West, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2019 and 2018.

Mutual funds: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end. NAV is the price used to sell the investment on the open market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,375,131	$ -	$ -	$ 14,375,131
Total Investments	$ 14,375,131	$ -	$ -	$ 14,375,131

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,820,768	$ -	$ -	$ 11,820,768
Total Investments	$ 11,820,768	$ -	$ -	$ 11,820,768

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits, if any. For the years ended December 31, 2019 and 2018, there were no transfers in or out of levels 1, 2 or 3.

5. Investment Contract With Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Great-West (the "Issuer"). The Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals, losses on underlying investments and administrative expenses. The Issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus or minus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Fair value approximates contract value at December 31, 2019 and 2018, totaling $828,564 and $987,771, respectively.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The crediting rate was 2.15% as of December 31, 2019 and 2018.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their Company contributions and earnings thereon.

7. Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC") and, therefore, the related trust is tax exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Party-In-Interest Transactions

Included in the Plan's investments is a fully benefit-responsive investment contract and mutual funds managed by an affiliate of Great-West, as defined by the Plan. Additionally, the Plan issues notes receivable to its participants which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Transactions through the PEA would qualify as party-in-interest transactions.

10. Reconciliation to Form 5500

The following is a reconciliation of the Plan's net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 15,367,816	$ 12,925,866
Accrued expenses	15,500	30,500
Deemed distributed loans	(44,562)	(43,860)
Net assets available for benefits per the Form 5500	$ 15,338,754	$ 12,912,506

The following is a reconciliation of the net increase in net assets available for benefits on the statement of changes in net assets available for benefits per the financial statements to the net decrease per the Form 5500 for the year ended December 31, 2019:

Net increase in net assets per the statement of changes in net assets available for benefits	$ 2,441,950
Less 2019 change in accrued expenses	(15,000)
Less 2019 change in deemed distributed loans	(702)
Net increase per Form 5500	$ 2,426,248

11. Subsequent Events

The Plan evaluated subsequent events for recognition or disclosure through October 5, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Company's financial condition, liquidity, and future results of operations. Management is actively monitoring the impact of the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Company is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2020.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increase the available loan amount as described in Note 2 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020
