NOTE 1 - DESCRIPTION OF THE PLAN

Description of Plan

The following description of Pacific Green Landscape, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan established as of February 1, 1996 and amended as of January 1, 2016. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws.

Economic Group Pension Services, Inc. serves as the Plan's third-party administrator. Newport Trust Company serves as the Plan's Custodian ("Custodian").

Eligibility

The Plan covers all employees of Pacific Green Landscape, Inc. (the "Company" or "Employer") who have attained age twenty-one and those that are eligible for Company benefits after one year of service consisting of 1,000 hours service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute 1% to 100% of their compensation on a pretax basis, as defined in the Plan, up to $19,000 for the year ended December 31, 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of $6,000. Total contributions that participants may contribute for 2019 is $25,000. For the year ended December 31, 2019, there were no contributions that exceeded the maximum allowable amounts as described in the Plan. Upon meeting the eligibility requirements, participants need to opt into the Plan.

Employer Contributions

The Plan elected to contribute safe harbor matching contributions ("QACA safe harbor") in which the Company will make matching contributions equal to 100% of the elective deferral that does not exceed 3% of compensation, plus 50% of the elective deferral that exceeds 3% of compensation does not exceed 5% of compensation. The Company may make discretionary contributions determined on a pro-rata basis of elective deferrals. The Company contributed $64,501 of QACA safe harbor matching contributions to the Plan for the year ended December 31, 2019. There were no Employer discretionary contributions during the year ended December 31, 2019.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Rollover Contributions

The Plan provides for rollover contributions, which represents contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's salary reduction, rollover contributions, the Employer's matching and discretionary contributions, the participant's share in the Plan's earnings and losses and charged with an allocation of administrative expenses which are allocated proportionately among all participants based on their investments in each fund. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested in their contributions to the Plan plus actual earnings thereon. Participants are fully vested in the QACA safe harbor matching contribution immediately. Participants become vested in the Company's discretionary contributions and earnings thereon at a rate of 20% vesting after 2 years of service, 40% vesting after 3 years of service, 60% vesting after 4 years of service, 80% vesting after 5 years of service, and 100% vesting after 6 years of service. A participant automatically becomes fully vested in the entire balance of his or her account upon death, disability or termination of the Plan.

Forfeited Accounts

Upon termination of employment, the unvested portion of a participant's Employer discretionary contribution account is forfeited. Amounts representing forfeitures of Employer discretionary contributions shall be used to pay administrative expenses and reduce Employer contributions to the Plan. At December 31, 2019 and 2018, the forfeited non-vested account had a $119 and $17 balance, respectively. In 2019, $0 of the forfeited account was used.

Notes Receivable from Participants

Participants may request to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans have a term of up to 5 years for general loans and 30 years if the loan qualifies as a home loan. The loans are secured by the balance of the participant's account and bear interest at rates set forth by the Plan Administrator which approximate the prevailing market rates of interest. As of December 31, 2019 and 2018, the interest rates on the outstanding participant loans were 6.75% to 7.50% and 5.25%, respectively. Principal and interest is paid ratably through weekly payroll deductions. Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2019 and 2018.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Participants are entitled to a distribution from their accounts at retirement, termination, death, hardship or upon incurring permanent disability. Participants may elect to receive a distribution of their account in lump sum or installments, equal to the value of the participant's vested interest in his or her account. However, if such a participant's vested account balance is less than $1,000, the Plan Administrator may roll the balance into an individual retirement account or make a lump sum distribution. Participants may defer distribution if the vested account balance is greater than $1,000.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement. If a hardship withdrawal is made, all voluntary employee contributions to the Plan must be suspended for six months.

Administrative Expenses

The Employer pay expenses incurred for the administration and operation of the Plan. Other administrative fees associated with distributions and loans are paid for by the participant. For the year ended December 31, 2019, the third party administrative expenses paid by the Plan were $22,557.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contribution accounts. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosure*. FASB ASC 820 provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access for assets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – These investments are stated at fair value based upon quoted net asset value of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Money market funds – These investments are public investment vehicles using $1 for the net asset value based on investments held by the fund, and therefore, are excluded from the fair value hierarchy in accordance with Auditing Standards Update ("ASU") 2015-07 (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per share (or its Equivalent).*

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

The Plan presents in the Statement of Changes in Net Assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold during the year. Interest income is recorded on the accrual basis. Dividends (if declared) are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Distributions

Distributions are submitted to the Plan Administrator for review and approval. Upon approval, they are forwarded to the Custodian for processing. As of December 31, 2019 and 2018, there were no amounts payable to the Plan participants.

Benefits Due to Terminated Participants

Funds due to participants that have terminated employment, but have not yet been distributed are not presented as liabilities in the Statement of Net Assets Available for Benefits. They are reflected in the Statement of Changes in Net Assets Available for Benefits when paid.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by a custodian need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed the independent auditors, PKF, LLP, not to perform any auditing procedures with respect to information certified by the Custodian, Newport Trust Company, as of December 31, 2019 and 2018, and for the year then ended December 31, 2019.

The Custodian has provided and certified all information in the financial statements and the supplemental schedule with regard to the investments and investment income of the Plan. This includes the cost and market values of the investments, the activity therein, the net appreciation or depreciation in fair value of investments, interest and dividend income, notes receivable from participants, and the information included on the supplemental schedule of assets (held at end of year). The Custodian has certified to the Plan Administrator that this information is complete and accurate.

NOTE 4 - FAIR VALUE MEASUREMENTS

The following summarizes the investments by classification and method of valuation, within the fair value hierarchy, in accordance with the requirements of FASB ASC 820 as described in Note 2 as of December 31, 2019 and 2018:

	December 31, 2019	Level 1	Level 2	Level 3
Mutual funds	$ 2,297,988	$ 2,297,988	$ -	$ -
Total	$ 2,297,988	$ 2,297,988	$ -	$ -

	December 31, 2018	Level 1	Level 2	Level 3
Mutual funds	$ 1,825,817	$ 1,825,817	$ -	$ -
Total	$ 1,825,817	$ 1,825,817	$ -	$ -

NOTE 5 - TAX STATUS

The Plan has received its determination letter from the Internal Revenue Service dated March 31, 2014 indicating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure within the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 6 - RISKS AND UNCERTAINTIES (continued)

In March 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state, and local authorities leading to an overall decline in economic activity which could result in significant changes in overall Plan participation, a decline in Plan assets value, and other material adverse effects to the Plan's financial status. The Plan Administrator is not able to reliably estimate the length or severity of this outbreak and the related financial impact.

NOTE 7 - SUBSEQUENT EVENT

The Plan Administrator has evaluated subsequent events, as defined by FASB ASC 855, *Subsequent Events*, through the date that the financial statements were available to be issued on September 25, 2020.
