## 1. PLAN DESCRIPTION

The following description of the Reneson Hotels, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### *General*

The Plan was established in 1997 and last amended effective January 1, 2017. The Plan is a defined contribution and profit sharing plan covering substantially all employees of Reneson Hotels, Inc. (the "Company" or "Plan Administrator") as defined in the Plan agreement. The Plan is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### *Plan Administration*

The Plan's day-to-day operations are administered by ADP Retirement Services, a third party administrator. Reliance Trust Company serves as the Plan's Trustee. Overall responsibility for administering the Plan rests with the Plan Administrator. Merrill Lynch serves as custodian of the Plan's assets.

### *Participant and Eligibility*

Participation in the Plan is voluntary for all employees, except for employees covered by a collective bargaining agreement who are not eligible to participate in the Plan. An employee is eligible to participate in the Plan after attaining age 21, and have completed a minimum of 1,000 hours of service. Employees can begin participation in the Plan as of the day they become eligible.

### *Contributions*

Participants can make either salary reduction contributions from pre-tax income or after-tax Roth contributions. Participants may elect to make a contribution into the Plan of up to the lesser of 90% of eligible compensation (which excludes bonuses) or $19,000 for 2019. In accordance with the Code, all participants who have reached the age of 50 are eligible to make an additional contribution of $6,000.

The Company elected to make a safe harbor matching contribution in accordance with statutory requirements. Participants are entitled to receive safe harbor matching contributions equal to 100% of participant's elective deferrals up to the first 3% of participant's eligible compensation, plus 50% of participant's elective deferrals up to the next 2% of participant's eligible compensation. The Company's safe harbor matching contribution is calculated and paid on a pay period basis. The Company's discretionary profit sharing contributions are allocated to each eligible participant account based upon the participant's compensation to total compensation of all participants. The Company did not make any profit sharing contributions during the year ended December 31, 2019. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer sponsored retirement plans, of which there where none in 2019. All contributions are deposited in the appropriate investment funds in accordance with the participant's directions and the Plan's provisions.

**1. PLAN DESCRIPTION** (continued)

***Participant Accounts***

A separate account is established and maintained for each participant and is credited, as applicable, with the participant's contributions and the Company's matching contribution, and the allocation of the respective investment income or losses by investment fund option, net of related investment fees. Investment income or losses are allocated to the participant's account in relation to the investment performance of each fund and the proportion of each participant's account balance to the total balance in each fund. The benefit to which a participant is entitled equals the participant's accumulated vested account balance.

***Vesting***

Participant account balances for safe harbor matching vest immediately at 100%. Employer profit sharing contributions vest at a rate of 33.3% per year and are fully vested after the completion of 3 years of service. As of December 31, 2019 and 2018, there were no forfeiture balances.

***Notes Receivable from Participants***

Participants may obtain loans in the lesser amount of 50% of their total vested account balance or $50,000, subject to a minimum of $500 per loan. Repayment of the loan must be made through payroll deductions over a maximum of five years or up to thirty years for the purchase of a principle residence. Repayment can also be made by paying off the loan balance early. Interest rates are set by the Plan Administrator at the inception of the loan. Loans are secured by the balance in the participant's account. Interest rates ranged from 4.00% to 9.25% on loans outstanding as of December 31, 2019 and 2018, and mature at various dates through September 2045. A loan that is in default is treated as taxable distribution from the Plan of the entire outstanding balance of the loan (a "deemed distribution"). For the year ended December 31, 2019, deemed distributions amounted to $4,393, and were included in benefits paid to participants on the statement of changes in net assets available for benefits.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred.

***Payment of Benefits***

Payment of benefits of a participant's account balance is made upon retirement, or in the event of death, disability, or termination. In-service distributions are available only to those participants who have not left the Company provided the participant is 59½. Payment may be made in a lump-sum amount or as defined in the Plan. The amount of the benefit is equal to the vested amount in his or her account. Benefits are recorded when paid.

**1. PLAN DESCRIPTION** (continued)

***Hardship Withdrawals***

Participants may receive hardship withdrawals against their account balance for immediate and heavy financial needs such as unreimbursed medical expenses, purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, to pay for post-secondary education expenses, or to pay for funeral expenses.

Such reasons for hardship withdrawal are permitted by the provision of the Code and the Plan agreement.

***Income Tax Status***

The Company adopted a prototype standardized defined contribution plan that received a favorable opinion from the Internal Revenue Service on July 16, 2014, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan had been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan will be allocated among the participants and their beneficiaries, and the participants' accounts will become fully vested.

**2. SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The Plan prepares its financial statements on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

**2. SIGNIFICANT ACCOUNTING POLICIES** (continued)

***Use of Estimates in Preparing Financial Statements***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are stated at fair value based on quoted net asset value of the shares held by the Plan at year end (see Note 4). The related unrealized appreciation or depreciation of investments is recorded in the statement of changes in net assets available for benefits. Investment transactions are recorded on a trade-date basis. Unrealized appreciation or depreciation is determined based on the fair value of assets at the end of the Plan year. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend rate.

The Plan's exposure to losses in the event of nonperformance of investments managed by the investment manager is limited to the carrying value of such instruments. The Plan's concentrations of risk are dictated by the Plan's provisions as well as those of ERISA and the participant's investment preference.

***Risks and Uncertainties***

The Plan provides for various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

There is significant evaluation by Congress and other agencies of regulatory and accounting issues surrounding pension plans. It is possible future changes in regulations may have a significant effect on Plan operations and/or investments.

***Administrative Expenses***

All reasonable expenses necessary to operate and administer the Plan are generally shared by the Company and the Plan.

***Subsequent Events***

Management has evaluated events and transactions for potential recognition or disclosure through September 30, 2020, which represents the date the financial statements were available to be issued (Note 6).

## 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following is a summary of information included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Reliance Trust Company, the Trustee of the Plan, and furnished by the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate at December 31, 2019 and 2018, and for the year ended December 31, 2019:

1. Statements of Net Assets Available for Benefits - Investments and Notes Receivable from Participants
2. Statement of Changes in Net Assets Available for Benefits - Investment Income and Interest Income on Notes Receivable from Participants
3. Supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year)

## 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820, *Fair Value Measurement* are described as follows:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2:* Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets measured at fair value. The Plan has not made any changes in the methodologies used as of December 31, 2019 and 2018.

**4. FAIR VALUE MEASUREMENTS** (continued)

***Mutual Funds***

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Money Market Fund***

Investments in a money market fund are classified within Level 1 of the fair value hierarchy. The money market fund is valued at daily NAV based on closing prices as reported by the fund and the money market fund investments held by the Plan are deemed actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

| | ***Assets at Fair Value as of December 31, 2019*** | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 7,042,193 | $ - | $ - | $ 7,042,193 |

| Total assets at fair value | $ 8,206,679 | $ - | $ - | $ 8,206,679 |

| | ***Assets at Fair Value as of December 31, 2018*** | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 5,936,864 | $ - | $ - | $ 5,936,864 |

| Total assets at fair value | $ 6,807,764 | $ - | $ - | $ 6,807,764 |

For years ended December 31, 2019 and 2018, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3. The Plan did not hold any Level 3 assets as of December 31, 2019 and 2018.

## 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2019, administrative expenses paid to the third party administrator amounted to $40,025. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the balances in the participant's accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

## 6. SUBSEQUENT EVENTS

In April 2020, the Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The ongoing and evolving coronavirus ("COVID-19") outbreak, which was designated as a pandemic by the World Health Organization on March 11, 2020, has caused substantial volatility in financial markets. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the statement of net assets available for benefits as of December 31, 2019 cannot be predicted at this time.

## 7. RECONCILIATION OF FINANCIAL STATEMENTS TO THE SCHEDULE H OF FORM 5500

On the Form 5500, the Plan Administrator presents delinquent participant loans that have been deemed distributed during the plan year as an expense if, as of the end of the plan year, the participant is not continuing to make repayments under the loan. In the financial statement, however, the Plan reports delinquent loans for active participants as participant loans since no distributable event occurred, in accordance with accounting principles generally accepted in the United States of America. The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2019 and 2018, and net increase in net assets available for benefits for the year ended December 31, 2019 to Form 5500.
