INDEPENDENT AUDITOR'S REPORT

Administrative Committee
Lake Michigan Credit Union
Cash Balance Defined Benefit Plan and Trust
Grand Rapids, Michigan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lake Michigan Credit Union Cash Balance Defined Benefit Plan and Trust, which comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2019 and 2018, and the related statements of changes in the net assets available for benefits and changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Matrix Trust Company and CMFG Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the year ended of December 31, 2019 and 2018, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules

The supplemental schedules of Assets Held at End of Year and Reportable Transactions as of and for the year ended December 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Lake Michigan Credit Union Cash Balance Defined Benefit Plan and Trust (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering substantially all eligible employees of Lake Michigan Credit Union, the Plan sponsor and its wholly owned entities, and was established in 1967. Employees become eligible to participate in the Plan on the first date of the Plan year after six months of service and attaining 20 years of age. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

Employees with three or more years of service are entitled to annual pension benefits beginning at normal retirement age (65). For employees hired prior to January 1, 2003, there is a defined benefit equal to 30% of the final highest consecutive five-year annual compensation for each year of service plus December 31, 2007 accrued benefits. For employees hired on or after January 1, 2003, the accrued benefit is equal to benefits from the cash balance pension plan.

The cash balance pension plan is funded with 3% of annual compensation based on eligibility and has periodic interest credits based on 30-year US Treasury rates. The Plan permits early retirement. If employees terminate before rendering three years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the credit union's contributions. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly form retirement.

Active employees who become totally disabled receive annual disability benefits that are equal to the early retirement benefits they have accumulated as of the time they become disabled.

If a participant dies without being vested, no benefits will be paid. Should the participant be vested, the benefit arising will be generally payable under a joint and 50% survivor form if the participant is married, and a single lump sum distribution, if single. Other forms of benefits are available upon completion of the proper waiver. *Note 1 continued on next page*

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

Company contribution amounts are actuarially determined. It is the Company's intention to make contributions in amounts sufficient to fund 110% of the Plan's current service cost and the prior two years annuity purchase costs. The Plan has met the ERISA minimum funding requirements for the 2019 and 2018 Plan years.

Plan Operations

The Company has appointed Matrix Trust Company and CMFG Life Insurance Company (Custodians) to act as Custodians and CUNA Mutual Fiduciary Consultants to act as Trustee, and the Company to act as Plan administrator. The Custodians are responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The Plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated Plan benefits at the financial statement date. While management believes it has consistently applied its best judgment in those areas requiring estimates, actual results could differ from those estimates.

Note 2 continued on next page.

NOTES TO FINANCIAL STATEMENTS
NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income from interest and dividends is recorded as it is earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Certain administrative expenses are generally paid directly by the Company and are excluded from these financial statements. Certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

For the year ended December 31, 2019, the Company has evaluated subsequent events for potential recognition and disclosure through September 30, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and plan management is not able at this time to estimate its full impact on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - FAIR VALUE MEASUREMENTS AND DISCLOSURES

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The mutual funds have been valued using the net asset value of the shares held by the Plan at the end of the Plan year. Using quoted prices for identical investments in active markets that the plan has the ability to access is defined as a level 1 measurement method.

The guaranteed investment contract is comprised of an insurance contract that is valued at the net asset value of units of the insurance company’s contracts. The net asset value is used as a practical expedient to estimate fair value. In order to ensure all investments categorized in the fair value hierarchy are classified using a consistent approach, these investments are not categorized in the fair value hierarchy.

NOTE 3 -

Note 3 continued on next page.

FAIR VALUE MEASUREMENTS AND DISCLOSURES (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Total	Level 1	Level 2	Level 3
	$18,729,017	$18,729,017	$ -	$ -

FAIR VALUE MEASUREMENTS AND DISCLOSURES (CONTINUED)

[(a)]In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died or become disabled, and (c) present employees or their beneficiaries. Benefits under the Plan are based on certain employees' compensation (prior to January 1,

NOTES TO FINANCIAL STATEMENTS

NOTE 3 -

2003) and employees' credited amounts of 3% of compensation plus periodic interest credits (after January 1, 2003). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2019 were (a) life expectancy of participants (mortality table based on the RP 2014 employee/annuitant's table projected by scale MP 2019 before and after retirement), (b) retirement age assumptions (normal retirement age), (c) long-term investment return of 4.00%, and (d) salary increases of 4.50%. The interest rate used to discount the obligation for 2019 and 2018 was 6.50%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2020 and 2019. Had the valuations been performed as of December 31, there would be no material differences.

Note 4 continued on next page.

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

Changes to the actuarial assumptions for the current year include mandated changes to mortality and interest rates. The changes also include updating the mortality table to be the same mortality table used for the Funding Target.

NOTE 5 - TERMINATION

Although it has not expressed any intent to do so, in the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination;

2. Annuity benefits that former employees and their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations;

4. All other vested benefits (that is, vested benefits not insured by the PBGC);

5. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Note 5 continued on next page.

NOTE 5 - TERMINATION (CONTINUED)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 6 - INCOME TAX STATUS

The Plan obtained a determination letter dated April 18, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and the net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2019, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodians.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by CUNA Mutual Fiduciary Consultants. CUNA Mutual Fiduciary Consultants is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing rather than a direct payment.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
