NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the CT Consultants, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"). Participants should refer to the Plan agreement for more complete information. The Plan, established February 1, 1979, is a defined contribution plan to encourage employee savings to provide benefits upon an employee's retirement. The Plan covers significantly all employees of CT Consultants, Inc. (the "Company") who have completed three months of credited service and have attained the age of 21. Upon meeting the eligibility requirements, employees are auto-enrolled with a 3% deferral unless otherwise elected. These rates will be automatically increased by one percentage point every July 1st up to a maximum rate of 8% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the Company which is responsible for controlling and managing the operations and administration of the Plan.

Contributions

Participants may contribute up to 50% of their compensation to the Plan subject to limitations contained in the Internal Revenue Code ("IRC") on a pre-tax basis or Roth post-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes discretionary matching contributions, as determined each year by its Board of Directors, which shall not exceed 50% of the participant's elective contribution up to a maximum of 35% of compensation. The Company made matching contributions of 12% of participants' deferrals during 2019. The Company may also make a discretionary profit sharing contribution which shall be credited pro-rata to each participant's profit sharing account based on the ratio of each participant's compensation to the total compensation of all participants, subject to certain limitations as defined in the Plan agreement. No profit sharing contributions were made during 2019.

Participant Accounts

The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, Company matching and profit sharing contributions and related earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The net value of each participant's account is established daily. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may make a daily election directing the plan administrator to change the employee contribution amount and allocation of the funds invested or to be invested in each of the available investment accounts. In addition, participants can reposition funds and change future investment direction.

Vesting

Participants are at all times vested in their elective and voluntary contributions, Company matching contributions and earnings thereon. Profit sharing contributions and earnings thereon vest to participants at a rate of 20% annually after two years of service and become fully vested after six years of service. Participants also become fully vested at age 65, upon death or if disabled. Any forfeited amounts are used to offset future Company contributions or to pay plan expenses. \$1,941 of forfeitures was used to pay expenses in 2019. Unallocated forfeitures were \$742 and \$2,647 at December 31, 2019 and 2018, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Payment of Benefits

A participant, upon retirement, termination, disability or the attainment of age 59½ or a participant's beneficiary upon the participant's death, may elect to receive a lump-sum amount equal to the value of his or her vested account, or receive an annuity based on normal life expectancy of the participant or the participant's beneficiary. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's vested account balance, subject to certain restrictions.

Termination Provisions

The Company anticipates and believes that the Plan will continue indefinitely, however, the Company reserves the right to terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, the participants will become 100% vested in their profit sharing contributions and the assets then remaining in the fund will be allocated and distributed to participants in accordance with the terms of the Plan.

Notes Receivable From Participants

The Plan permits limited borrowing by a participant against the value of his or her account based upon participant contributions made under the Plan. The maximum loan balance may not exceed \$50,000 or 50% of the participant's total vested account balances. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the prevailing rates as determined by the plan administrator. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Great-West Trust Company, LLC, the Trustee of the Plan, and Great-West Life & Annuity Insurance Company of New York, the Custodian of the Plan. See Note 4 and Note 5 for discussion of fair value measurements and the guaranteed investment contract, respectively.

Purchases and sales of securities are recorded on the settlement-date basis. There is no significant difference between settlement-date basis and trade-date basis for the periods presented. Interest and dividend income is recorded when received. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

All administrative expenses of the Plan are paid by the Company or Plan at the option of the Company or are offset with revenue sharing payments received by the Plan from investment fund managers.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2020, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee and Custodian have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2019 and 2018, the schedule of assets (held at end of year) at December 31, 2019, the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019 and the investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The Plan's only investments measured at fair value are units of registered investment companies. The following is a description of the valuation methodology used for these assets:

- Investments in registered investment companies are valued based on their quoted closing market prices in active markets for identical investments. These are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2018 to 2019. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Guaranteed Investment Contract

The Plan holds an investment contract which meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting interest rate, which may not be less than 0%, is based on a formula agreed upon with the issuer. Such interest rates are reviewed at least annually for resetting. The contract cannot be terminated before the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Guaranteed Investment Contract (Continued)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Party-in-Interest Transactions

The Plan pays certain administrative fees and invests in certain investments managed by the Custodian and the Trustee, or their affiliates. Therefore, these transactions qualify as party-in-interest transactions. Fees related to these transactions were \$6,369 during 2019.

Note 7. Income Tax Status

The prototype document on which this Plan is based obtained a determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the prototype. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Event

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Accordingly, the effects of the pandemic on the Plan's current and future operations are unknown at this time.
