(1) Description of Plan

The following description of the Dietzgen Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which are available from the plan administrator.

(a) General

The Plan is a defined contribution plan sponsored by Dietzgen Corporation (the "Company") for the benefit of its full-time employees who have completed two months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established effective January 1, 2016, at which time elective deferrals and matching contributions could be made to the Plan.

The Plan operated under an agreement with ADP, LLC ("ADP") to act as recordkeeper of the Plan as of December 31, 2018 and from January 1, 2019 through December 2, 2019. ADP enters into a trust agreement with a third party trustee to hold the investments and execute investment transactions of the Plan during the year. At year end, all investments and related investment activity are certified. Reliance Trust Company ("RTC") served as trustee as of December 31, 2018 and from January 1, 2019 through December 2, 2019. The Plan transferred all assets to Principal Life Insurance Company ("Principal") effective December 3, 2019. Principal Life Insurance Company holds the investments and executes the investment transactions of the Plan. At December 31, 2019, all investments and related investment activity are certified by Principal.

(b) Contributions

Participants may contribute up to 90% of annual compensation on pre-tax or after-tax basis, as defined in the Plan and subject to Internal Revenue Service ("IRS") limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

At its discretion, the Company may elect to contribute an amount equal to a discretionary percentage of the participant's elective deferrals. No such discretionary contributions were made during the 2019 plan year.

(c) Investment Options

Participants may direct contributions to any of the investment options offered by the Plan. The investment options include pooled separate accounts and common/collective trusts. Fund allocation percentages may be changed by participants at any time.

(1) Description of Plan - Continued

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Company contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 2 years	0%
2-3 years	20%
3-4 years	40%
4-5 years	60%
5-6 years	80%
6 years or more	100%

(f) Notes Receivable from Participants

Eligible participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime + 2%. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service due to death, disability or retirement, a participant shall be 100% vested in their accounts under the Plan. Normal retirement age under the Plan is 65. The Plan provides for benefit distributions by lump-sum payment. The Plan also allows for in-service withdrawals for those 59 ½ or older.

The Plan allows participants to withdraw a portion of their elective deferral account in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

(1) Description of Plan - Continued

(h) Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to reduce the Plan's ordinary and necessary administrative expenses for the plan year and to reduce the Company's contribution in the following year. There were no forfeited non-vested accounts for the 2019 and 2018 plan years.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values of registered investment companies, pooled separate accounts and common collective trusts are based on quoted market prices in active markets. See Note 4 for further information regarding fair value measurements.

The Invesco Stable Asset Trust ("Trust") is a collective trust of Invesco Trust Company ("Invesco"). The trust's primary investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Trust may invest in bank, insurance company and other financial institution investment contracts ("GIC's") and synthetic GIC's. The Trust offers four (4) classes of units, and each unit class holds separate net assets. The Trust is valued by Invesco by unit class based on the net assets within that class, which represents the fair value of the underlying investments, by it units outstanding at the valuation date. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value, which occurs on a daily basis. Net investment income is declared daily and paid monthly. This investment was sold during 2019 with the change in providers discussed in Note 1(a).

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition - Continued

The Principal Lifetime Hybrid Funds and Principal Stable Value Fund ("Funds") are collective trust fund investments from Principal. The fund's primary investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The investments underlying the collective trust fund include other publicly traded investment funds and are valued at the respective fund's net asset value ("NAV"). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value, which occurs on a daily basis. Net investment income is declared daily and paid monthly.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Administrative expenses of the Plan may be paid from the forfeiture account or directly by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(g) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities as stated in the plan agreement. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Information Prepared and Certified by the Trustee or Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC and Principal, the trustee or custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Total investments at fair value and notes receivable from participants as of December 31, 2019 and 2018, as shown in the statements of net assets available for benefits;
- Total investment income and related investment activity for the year ended December 31, 2019, as shown in the statement of changes in net assets available for benefits;
- The Schedule of Assets (Held at End of Year) as of December 31, 2019 included in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value:

Common Collective Trusts

The common collective trust accounts are valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Pooled Separate Accounts

The pooled separate accounts are valued at quoted market prices for similar assets and liabilities in active markets, which represent the NAV of shares held by the Plan at year end and are classified as Level 2 investments.

Registered Investment Companies

Registered investment companies are valued at the NAV in an active market and are classified as Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

		Fair Value Measurements at December 31, 2019 Using		
Description	**Total**	**Observable Inputs (Level 1)**	**Significant Other Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Pooled separate accounts	$ 13,606	-	13,606	-
Common/collective trusts at NAV	336,670 **(a)**			
Total investments at fair value	$ 350,276			

(4) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

		Fair Value Measurements at December 31, 2018 Using		
Description	Total	Observable Inputs (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 150,181	150,181	-	-
Common/collective trusts at NAV	49,036 **(a)**			
Total investments at fair value	$ 199,217			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.*

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(6) Tax Status

The Plan has adopted the ADP prototype plan which obtained a favorable opinion letter dated July 8, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan document has been amended; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Effective December 3, 2019, the Plan adopted a Volume Submitter Profit Sharing Plan which obtained a favorable opinion letter dated March 31, 2014, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2019 and 2018 to Form 5500:

		2019	2018
Net assets available for benefits per the financial statements	$	351,549	203,369
Excess contribution payable		1,906	-
Net assets available for benefits per Form 5500	$	353,455	203,369

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to net income per Schedule H of Form 5500:

Net increase in net assets per the financial statements	$	148,180
Excess contribution payable		1,906
Net income per Form 5500	$	150,086

(8) Subsequent Events

The Plan has evaluated subsequent events through October 5, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") declared the coronavirus originating in Wuhan, China (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

(8) Subsequent Events - Continued

Additionally, March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.

The Plan has implemented the relief provisions available under the CARES Act effective January 1, 2020.

Effective January 1, 2020, the Plan adopted The Bipartisan Budget Act of 2018, required for all employee benefit plans, with the following requirements:

- Removes the requirement to exhaust loan distributions prior to receiving a hardship distribution;
- Removes the required six month suspension of participant contributions after a hardship withdrawal.

Both changes were only operational and there is no formal executed document yet, which is acceptable as the Plan is not required to be formally amended for these legislations until 2021.
