Contributions: The Plan is funded by eligible employee participant elective deferrals of their salaries for income tax purposes. Participants may contribute up to 90% of annual compensation, to the maximum allowed by law. Additionally, the Plan is funded by discretionary Company matching contributions and nonelective contributions at the option of the Company's board of directors. All participants that are eligible to make deferral contributions may designate all or any portion as Roth elective deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Contributions are subject to certain limitations. For the year ended December 31, 2019, the Company matched the lesser of 50% of elective deferrals or 2.5% of eligible compensation.

Participant Accounts: Each participant's account is credited with participant contributions, allocations of the Company's contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service at a rate of 20% per year after one year. A participant is 100% vested after five years of credited service or upon retirement, death, total disability or termination of the plan.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Retirement: The normal retirement date is the date the participant reaches age 65.

Notes Receivable from Participants: Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested account balance, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. They may receive only one loan each calendar year, limited to two outstanding loans at any given time. A participant may not refinance an existing loan or obtain an additional loan for the purpose of paying off any existing loan. A loan setup fee of \$75 is deducted from the participant's account for each new loan processed. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator.

All loans must be repaid in equal payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond ten years from the date of the loan. If a loan is not repaid within its stated period, it will be treated as a taxable distribution to the participant.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant or their beneficiary will receive as benefits, a lump sum. If the balance of the vested account is less than \$1,000, payment will be made in a lump sum as soon as administratively feasible. If the balance is less than \$5,000 but greater than \$1,000, it will be automatically rolled over into an IRA set up for the participants' benefit. Hardship distributions are allowed in accordance with the provisions of the Plan.

Investment Options: Participants direct their contributions and account balances in investment options with Fidelity Investments. The Plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

Forfeitures: Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to reduce the employer contributions; any remaining forfeitures will be used to offset Plan administration expenses. For the year ended December 31, 2019, \$25,251 was forfeited from non-vested accounts. The Plan used forfeitures of \$22,411 during the Plan year ended December 31, 2019 to pay a portion of employer contribution. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$2 and \$4,042, respectively and are allocated in the following plan year.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Plan Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and not included in these financial statements. Fees relating to administration of notes receivable from participants and for certain withdrawals are charged directly to the participant's account and are included in administration expenses. Investment related expenses are deducted from each funds' earnings and are included in net appreciation (depreciation) in fair value of investments.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit allowances has been recorded as of December 31, 2019 and 2018.

Payment of Benefits: Benefits are recorded when paid.

NOTE C.--CERTIFIED INFORMATION

Certain information related to notes receivable from participants and investments disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants and investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividend income, as well as interest income from notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee and custodian of the Plan).

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

**TOY INVESTMENTS, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018**

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$11,716,344	\$ -	\$ -	\$11,716,344
Total investments at fair value	<u>\$11,716,344</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$11,716,344</u>

Assets at Fair Value as of December 31, 2018				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,246,614	\$ -	\$ -	\$10,246,614

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by the trustee and custodian, Fidelity Investments; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

On March 31, 2014, the IRS stated that the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate risk, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Net increase in net assets per the Form 5500	<u>\$1,405,303</u>

NOTE J.--EXCESS CONTRIBUTIONS

Excess contributions in the amount of \$9,855 and \$0 are included in the Plan's statement of net assets available for benefits at December 31, 2019 and 2018, respectively.

NOTE K.--SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The COVID-19 outbreak has resulted in widespread and continuing impacts on the global economy. Financial and credit markets have experienced and may continue to experience significant volatility and turmoil which may impact the fair values of Plan assets. The extent to which COVID-19 impacts the Plan's financial position and results will depend on future developments, which are highly uncertain and cannot be predicted.

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE A.--DESCRIPTION OF PLAN

The following description of the Toy Investments, Inc. (dba Toysmith (Company or Sponsor) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan originally established by the Company effective January 1, 1996 and most recently amended effective January 1, 2019 for regulatory updates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees, other than leased employees and residents of Puerto Rico who are 18 or older. The entry date is the first day of the month following completion of eligibility requirements.

Contributions: The Plan is funded by eligible employee participant elective deferrals of their salaries for income tax purposes. Participants may contribute up to 90% of annual compensation, to the maximum allowed by law. Additionally, the Plan is funded by discretionary Company matching contributions and nonelective contributions at the option of the Company's board of directors. All participants that are eligible to make deferral contributions may designate all or any portion as Roth elective deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Contributions are subject to certain limitations. For the year ended December 31, 2019, the Company matched the lesser of 50% of elective deferrals or 2.5% of eligible compensation.

Participant Accounts: Each participant's account is credited with participant contributions, allocations of the Company's contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service at a rate of 20% per year after one year. A participant is 100% vested after five years of credited service or upon retirement, death, total disability or termination of the plan.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Retirement: The normal retirement date is the date the participant reaches age 65.

Notes Receivable from Participants: Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested account balance, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. They may receive only one loan each calendar year, limited to two outstanding loans at any given time. A participant may not refinance an existing loan or obtain an additional loan for the purpose of paying off any existing loan. A loan setup fee of \$75 is deducted from the participant's account for each new loan processed. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator.

All loans must be repaid in equal payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond ten years from the date of the loan. If a loan is not repaid within its stated period, it will be treated as a taxable distribution to the participant.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant or their beneficiary will receive as benefits, a lump sum. If the balance of the vested account is less than \$1,000, payment will be made in a lump sum as soon as administratively feasible. If the balance is less than \$5,000 but greater than \$1,000, it will be automatically rolled over into an IRA set up for the participants' benefit. Hardship distributions are allowed in accordance with the provisions of the Plan.

Investment Options: Participants direct their contributions and account balances in investment options with Fidelity Investments. The Plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

Forfeitures: Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to reduce the employer contributions; any remaining forfeitures will be used to offset Plan administration expenses. For the year ended December 31, 2019, \$25,251 was forfeited from non-vested accounts. The Plan used forfeitures of \$22,411 during the Plan year ended December 31, 2019 to pay a portion of employer contribution. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$2 and \$4,042, respectively and are allocated in the following plan year.

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by the trustee and custodian, Fidelity Investments; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

On March 31, 2014, the IRS stated that the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTE H.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate risk, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE K.--SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The COVID-19 outbreak has resulted in widespread and continuing impacts on the global economy. Financial and credit markets have experienced and may continue to experience significant volatility and turmoil which may impact the fair values of Plan assets. The extent to which COVID-19 impacts the Plan's financial position and results will depend on future developments, which are highly uncertain and cannot be predicted.

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.
