Note 1 - Description of Plan

The following description of Eight-O Management, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Eight-O Management, Inc. ("Company") and other related participating employers, other than those nondiscriminatory classifications specified in the Plan agreement, who have one year of service and are age twenty-one or older with entry dates of January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, up to the maximum percentage allowable not to exceed the limits of IRS code sections 401(k), 402(g), 404 and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, at its sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferral contributions. Matching contributions, if any, shall be determined as of the end of the Plan Year. For 2019, there were no Company matching contributions made to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note 1 - Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's life expectancy (or the assumed life expectancy of the participant and their beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018 forfeited nonvested accounts totaled $0 and $0, respectively. Any forfeited nonvested accounts will be used to reduce future employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the deposit administration contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and October 15, 2019, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 30, 2020, the date which the financial statements were available to be issued

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Note 3 - Fair Value Measurements (continued)

Level 1 Fair Value Measurements

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value at December 31, 2019			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 1,667,100	$ 1,667,100	$ -	$ -
Investments at fair value	$ 1,667,100	$ 1,667,100	$ -	$ -

	Assets at Fair Value at December 31, 2018			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 1,520,169	$ 1,520,169	$ -	$ -
Investments at fair value	$ 1,520,169	$ 1,520,169	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 3 - Fair Value Measurements (continued)

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ameritas Life Insurance Corp. (the trustee of the Plan).

Note 4 - Deposit Administration Contract

Ameritas Guaranteed Investment Account represents a deposit administration contract (Contract) entered into by the Plan with the Plan's Trustee, Ameritas Life Insurance Corp. (Ameritas). Ameritas maintains the contributions in an unallocated fund, whose assets are invested with other assets in the general account of Ameritas. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by Ameritas. Generally, participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, which is equivalent to fair value. Contract value represents contributions made under the Contract, plus earnings, less withdrawals and administrative expenses. There are no reserves against contract value for the credit risk of the Contract issuer or otherwise. The Employer has determined that the Ameritas Guaranteed Investment Account did not meet the criteria of a fully benefit-responsive investment as of December 31, 2019 as defined by ASU 2019-12 Part I.

Note 5 - Related Party Transactions

The deposit administration contract is administered by the Trustee; therefore, these transactions qualify as party-in-interest transactions.

The Company paid administration fees and professional fees totaling approximately $1,975 and $6,000, respectively, on behalf of the Plan for the year ended December 31, 2019.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Tax Status

The Internal Revenue Service has determined and informed the sponsoring organization by a letter dated May 21, 2014, that the prototype plan adopted by the Company was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Schedule C, Line 2(h) Formula Description

Description of Unit Value Calculations

Separate account investments are record kept using unit values.

The pooled separate accounts are invested in mutual funds at NAV. The allocation of these funds is based on the units and unit value for each product and plan invested in the pooled separate account.

Both the number of units, and unit value is available for any plan's funds and can be produced from the system. When multiplied, these will balance to the fair value disclosed on trust reports.

The unit value can and does vary by contract depending on the product invested in. The unit value is determined under the following formula, and is the same calculation for all contracts invested in the pooled separate accounts.

It is through this calculation of the unit value that both earnings and expenses are applied.

Industry Standard Method – Unit Value Calculation

t = current business date
t-1 = prior business date
NAV = Net asset value provided by mutual fund company
MTD daily dividend factor(t) = dividends month to date as provided by the mutual fund company
Declared dividend rate(t) = as provided by the mutual fund company
Short and long term capital gains (t) = S&LT(t) = as provided by the mutual fund company
Gross Investment Factor (GIF) = daily rate change in the NAV including dividends and capital gains
Daily Expense Factor = the expense rate specific to a contract
Net Investment Factor = the daily rate change in the gross investment factor after application of contract specific expenses
Unit Price = the contract specific price in which units are purchased and redeemed for a specific fund

$$\text{Gross Investment Factor(GIF)} = \frac{\text{NAV(t) + MTD daily div factor (t) + declared dividend rate (t) + S\&LT (t)}}{\text{NAV(t-1) + MTD daily dividend factors(t-1)}}$$

Net Investment Factor(t) = Gross Investment Factor - Daily Expense Factor

Unit Price (t) = Unit Price (t-1) times Net Investment Factor (t)

In order to ensure that each contract has a correct proportionate value of the underlying pooled separate account, each contract's units are multiplied by their contract's unit value and summed across all contracts invested in a particular mutual fund. This is then balanced to the pooled separate account and to the mutual fund company on a daily basis.

The Daily Expense Factor is based on the provisions of the contract, with all investments held by Ameritas Life Insurance Corp being charged the same annualized rate.
