NOTES TO FINANCIAL STATEMENTS
As of December 31, 2019 and 2018 and for the Year Ended December 31, 2019

1. Description of Plan

The Legacy ER 401(k) Plan became effective January 1, 2015. Effective February 1, 2019, in conjunction with a name change of the Plan Sponsor, the Legacy ER 401(k) Plan was amended and restated, and the Plan was renamed to the Intuitive Health 401(k) Plan ("the Plan").

General
The Plan is a defined contribution retirement plan sponsored by Intuitive Health, LLC (the "Plan Sponsor" or "Company") for the benefit of the employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974.

Eligibility
Employees who have attained the age of 18 are eligible to participate in the Plan upon completion of three months of service. Employees may begin participating in the Plan on the first day of the Plan month coinciding with or following their completion of the eligibility requirements. Service for purposes of eligibility and vesting includes service with a predecessor employer specified in the Plan literature.

Contributions
Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined contribution plans. Participants have the option of designating a portion of their elective deferral contributions as after-tax "Roth" contributions. The plan sponsor, as provided by the Plan, makes safe harbor matching contributions equal to 100% of participant's elective deferrals not exceeding 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's eligible compensation. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, participant rollovers from another qualified plan, the Company's safe harbor matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are always fully vested in their rollover contributions, deferral contributions, and Company safe harbor matching contributions.

Notes Receivable from Participants
Participant loans are not permitted.

1. Description of Plan (continued)

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to all or a portion of the value of the participant's vested interest in his or her account, in the form of a lump-sum distribution. A participant may withdraw all or part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions.

Forfeited Accounts
Pursuant to Plan provisions, forfeited non-vested accounts are to be used to reduce future employer contributions or expenses incurred by the Plan. During the year ended December 31, 2019, participants forfeited $921 in non-vested accounts resulting from prior year ineligible contributions. At December 31, 2019 and 2018, the balance of forfeited non-vested accounts was $36 and $950. There were $921 forfeitures used to reduce Company contributions for the year ended December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investment in the Key Guaranteed Portfolio Fund, a fully-benefit responsive investment contract, is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Benefit Payments
Benefits are recorded when paid.

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the matters noted in Note 11, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Custodian (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, collectively, the custodian, as complete and accurate, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedules:

As of December 31,	**2019**	2018
Investments:		
Guaranteed investment contract, at contract value	**$ 80,572**	$ 1,282
Mutual funds, at fair value	**2,824,045**	1,677,260
Total investments	**2,904,617**	1,678,542

For the year ended December 31,	**2019**
Net appreciation in fair value of investments	**$ 416,421**
Interest and dividend income	**242**

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,824,045	$ -	$ -	$ 2,824,045
Total investments, at fair value	$ 2,824,045	$ -	$ -	$ 2,824,045

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,677,260	$ -	$ -	$ 1,677,260
Total investments, at fair value	$ 1,677,260	$ -	$ -	$ 1,677,260

5. Guaranteed Investment Contract

The Plan offers a guaranteed investment contract, the Great-West Key Guaranteed Portfolio Fund, with Great-West Life & Annuity Insurance Company. The custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the custodian. Contract value is equal to contributions received plus interest credited, less payments withdrawal or transfers. The interest rate credited on the unallocated annuity contract varies based on a formula determined by the Plan custodian, but will not be less than a guaranteed floor interest rate determined annually. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value. The custodian may not terminate the contract at any amount less than contract value. The following represents the disaggregation of contract value between types of investment contract held by the Plan. In a traditional investment contract, the Plan owns only the contract itself, not the underlying assets.

As of December 31,	**2019**	2018
Traditional investment contract	**$ 80,572**	$ 1,282
Total	**$ 80,572**	$ 1,282

Certain events limit the ability to the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

6. Related Party and Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Income Tax Status

The Plan uses a prototype non-standardized profit-sharing plan document sponsored by Great-West Trust Company, LLC ("Great-West"). Great-West received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan believes it is no longer subject to income tax examinations for years prior to 2016.

9. Risk and Uncertainties

The Plan provides for various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2019**	2018
Net assets per financial statements	**$ 2,977,920**	$ 1,705,947
Less: employer contributions receivable	**(46,750)**	(27,405)
Less: employee contributions receivable	**(26,553)**	-
Net assets available for benefits per Form 5500	**$ 2,904,617**	$ 1,678,542

The following is a reconciliation of the net increase per the financial statements to the Form 5500:

Year ended December 31,	**2019**
Net increase per financial statements	**$ 1,271,973**
Less: current year employer contributions receivable	**(46,750)**
Less: current year employee contributions receivable	**(26,553)**
Add: prior year employer contributions receivable	**27,405**
Net increase per Form 5500	**$ 1,226,075**

11. Subsequent Events

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death. Plan management is evaluating the impact of the SECURE Act on the Plan but does not expect it to be material.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to $100,000 for eligible participants, (b) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (d) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.
