TEAM RMS, LLC 401(K) PLAN
San Diego, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TEAM RMS, LLC 401(K) PLAN (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the period April 1, 2019 through December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019, and the changes in net assets available for benefits for the period April 1, 2019 through December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held for investment purposes as of December 31, 2019, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Description of Plan:

The following description of the TEAM RMS, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by TEAM RMS, LLC (the "Company"). The Plan exists for the exclusive benefit of its eligible employees who have completed six months of service. The Plan was formed effective April 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participating Companies

The following Companies, which are related parties, are participating employers in the Plan:

TEAM RMS, LLC
TEAM Risk Management Strategies, LLC
Charter Management Services, LLC
TEAM Direct, LLC

Entrance Date

An employee is eligible to enter the Plan immediately following completion of the eligibility requirements.

Contributions

Each year, participants may contribute from 1% up to 98% of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts from other qualified plans.

The Plan allows for the Plan Sponsor to make non-elective profit-sharing contributions to the Plan. These contributions are permitted at the discretion of the Board of Directors in accordance with the Plan. Participants must be employed on the last day of the year to be eligible for such contributions. For the period April 1, 2019 through December 31, 2019, there were no non-elective contributions made to the Plan.

Note 1 - Description of Plan (Continued):

Forfeitures

Forfeited balances from terminated participants' accounts are used to first reduce Plan expenses, then, if amounts remain, can be used to reduce employer contributions and finally, if amounts still remain, can be used as a non-elective contribution. There were no forfeitures used during the period April 1, 2019 through December 31, 2019. There were no forfeitures available for use as of December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the non-elective profit-sharing contributions, if any, and (b) Plan earnings. Allocations are based on participant's qualified compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct contributions to a selection of a money market fund, stock and bond funds under an arrangement with the custodian of the Plan investments. Participants may change the allocation of their account in different funds at any time.

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting of the Company's non-elective profit-sharing contributions is based on years of service. The vested portion of participant accounts containing non-elective profit-sharing contributions will be determined in accordance with the following schedule based on years of service through the date of termination with the Company:

Years of Service	**Vested Interest**
Less than 2 years of service	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

Benefit Payments

On termination of service due to death, disability or retirement, a participant may elect to (a) receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) elect to have the benefits paid in the form or a direct rollover to an individual retirement account or (c) elect to have the benefit paid to another qualified retirement plan described in Section 401(a) of the Internal Revenue Service.

Note 1 - Description of Plan (Continued):

Benefit Payments (Continued)

Participants achieving the age of 59 ½ are permitted to take in-service withdrawals in accordance with the Plan specifications. Other withdrawals, such as a hardship distribution, are permitted under certain circumstances provided by the Plan. Benefits are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

Quoted market prices are used to value Plan investments. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Note 2 - Summary of Significant Accounting Policies:

Fair Value Measurements (Continued)

Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 - Participant Directed Investments:

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

Note 4 - Transactions with Parties-in-Interest:

Certain Plan investments are shares of registered investment companies managed by Slavic Integrated Administration ("third party administrator" or "Slavic") and held by Fidelity Investments ("custodian" or "Fidelity"). Fidelity, under terms of an investment contract, serves as the custodian and holds all the Plan's investment assets and executes transactions therein. Fidelity is the custodian as defined by the Plan and, therefore, the related transactions qualify as party-in-interest.

Note 4 - Transactions with Parties-in-Interest (Continued):

Slavic provides to the Plan certain accounting and administrative services for which the fees are charged to the Plan. Slavic also provides broker related services to the Plan for which commissions are charged to the Plan. The Plan was charged fees related to maintaining custody of the Plan's assets and various Plan management services, which amounted to $1,713 for the period from April 1, 2019 through December 31, 2019.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 5 - Tax Status:

The Plan has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014, stating the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code pertaining to amendments executed through the letter dated September 13, 2011. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled $0 for the period April 1, 2019 through December 31, 2019.

Note 6 - Administrative Expenses:

Administrative expenses paid from the Plan represent fees relating to the Plan, which amounted to $1,713 for the period April 1, 2019 through December 31, 2019.

Note 7 - Fair Value Measurements:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 7 - Fair Value Measurements (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2019.

Money market funds: Valued at the net asset value of shares held by the Plan at year-end.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019.

Assets at Fair Value as of December 31, 2019

	Level 1	Total
Money market funds	$ 14,296	$ 14,296
Registered investment companies	216,684	216,684
Total assets at fair value	$ 230,980	$ 230,980

Note 8 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Management Evaluation of Subsequent Events:

On January 20, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, Plan management is unable to estimate the full impact of the COVID-19 outbreak on the assets of the Plan, as it continues to evolve as of the date of this report.

The Company has evaluated subsequent events through October 2, 2020, the date on which the financial statements were available to be issued.
