INDEPENDENT AUDITORS' REPORT

October 1, 2020

To the Plan Administrator of
The National Football League Capital
Accumulation Plan - Buffalo Bills, LLC
Orchard Park, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The National Football League Capital Accumulation Plan - Buffalo Bills, LLC (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by PNC Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by PNC Bank, the trustee of the Plan. Their report, dated October 1, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations - 2019

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE NATIONAL FOOTBALL LEAGUE CAPITAL ACCUMULATION PLAN - BUFFALO BILLS, LLC
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 1 – Description of the Plan

The following description of The National Football League Capital Accumulation Plan - Buffalo Bills, LLC (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) Plan. The Plan was adopted effective April 1, 1987. It was amended and restated on January 1, 2016. All nonplayer employees and affiliates of the Buffalo Bills (the "Club", the "Employer") are eligible to join the Plan on the first day of the first payroll following 500 hours of service. The Plan is administered by the employees of the Buffalo Bills, LLC, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On October 9, 2014, Buffalo Bills, LLC entered into an asset purchase agreement with the trust of the former owner of the previous plan sponsor, Buffalo Bills, Inc. As part of such agreement, as of October 9, 2014, Buffalo Bills, Inc. assigned and Buffalo Bills, LLC adopted and assumed the Plan and all of Buffalo Bills, Inc.'s rights, obligations, and liabilities thereunder.

Contributions: Under the terms of the Plan, employees may participate by making pretax contributions not to exceed the Internal Revenue Service (IRS) limit of $19,000. If the participant is at least age 50 during the year, they are allowed to defer an additional $6,000. The Club will contribute 100% of the employee's salary deferral contributions not to exceed the lesser of 5% of the employee's compensation for the plan year or the greater of $10,000 or 4% of compensation for nonhighly compensated employees. The Employer also reserves the right to contribute a discretionary contribution, allocated as of December 31 based on an integrated formula to all employees who work at least 1,000 hours for the Employer in a plan year. The Discretionary Contribution is subject to a vesting schedule. For 2019, the discretionary contribution amounted to $1,523,893. Employees may direct their deferral, rollover, and employer-matching and discretionary contributions into one or more investment accounts offered by the Plan. Participants may elect to change their future investment elections and the amount of their relative account balances.

Rollover Contributions: With the Employer's prior written consent, an eligible employee may make one or more rollover contributions to the Plan if the employee demonstrates, to the Employer's satisfaction, that the contribution qualifies as a rollover contribution under the IRS rules.

Participant Accounts: Individual accounts are maintained for each participant of the plan. Each participant's account is credited with (a) the participant's contribution, (b) the employer's contributions, and (c) Plan earnings. Participant accounts are charged with withdrawals and allocations of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Benefit Payments: Benefit payments to participants are recorded when paid. There were no benefits payable to participants who requested withdrawals, but were unpaid, as of December 31, 2019 and 2018.

Note 1 – Description of the Plan (continued)

Investments: Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Company contributions are automatically invested in the participant accounts based on the investment options currently selected in their respective portfolios. The Plan offers a mix of money market, target retirement date, index, fixed-income, small/mid/large cap, and international funds as investment options for participants.

Vesting: Participants are immediately vested in all deferral contributions, employer-match contributions, and earnings attributable to those contributions. The following vesting schedule applies to the employer discretionary contributions and earnings therein:

Completed Years of Service	Nonforfeitable Percentage
0 but less than 2	0%
2	20%
3	60%
4	80%
5	100%

Forfeitures: When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to reduce future employer contributions. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $25,181 and $78,697, respectively. During 2020, employer contributions were reduced by $25,181 from forfeited nonvested accounts.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at any given time. Loans are made for a fixed period not to exceed five years, except for a loan used to acquire any dwelling unit, which is to be used as a principal residence of the participant. Interest is charged on the loans at market rates for instruments with similar maturities. Interest income is recorded on the accrual basis. Unpaid loan balances are immediately due and payable upon termination of employment. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement. As of December 31, 2019, participant loans have maturities through 2029 at interest rates ranging from 3.25% to 5.5%.

Termination of Service: Upon termination of service, participants may elect to receive a lump-sum distribution equal to the entire value of their accounts or a portion thereof. If the account is not fully withdrawn, the remaining balance with remain part of the trust fund and share in investment gains and losses; however, the participant may not elect further contributions.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, distributions of account balances will be made in accordance with the provisions of the Plan document.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan provides for investment options in various funds within the common collective trust (CCT), which are, in general, exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Valuation of Investments: The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements. Shares in common collective trusts are valued at the net asset value (NAV) of shares held by the Plan at year end based upon current market value of the underlying assets. Shares in mutual funds are valued at the NAV of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2019, were obtained or derived from investment information supplied to the Plan administrator and certified as complete and accurate by PNC Bank, the trustee of the Plan.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments. Interest and dividend income are recorded as earned on an accrual basis.

Trust Agreement: The Plan's common/collective trust investment assets are included in the National Football League Reciprocal Trust, a CCT, which was established and is maintained for the collective investment of contributions by plans of the National Football League member clubs and other league entities. The assets of the CCT are maintained by PNC Bank. The CCT has several investment funds where participants may direct their account balances to be invested.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses: Administrative expenses of the Plan are paid by the Employer and, as such, have not been reflected in the accompanying financial statements.

Payment of Benefits: Upon retirement, death, or disability, the participants or their beneficiaries, are entitled to receive 100% of their account balances. At age 59-1/2, the participants are entitled to withdraw their salary deferral balance while employed without penalty.

Participants may withdraw their salary deferral account balances for certain circumstances as defined by the Plan document. These withdrawals are subject to the IRS rules and regulations.

Corrective Distributions: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction in net assets recognized in the Statement of Changes in Net Assets Available for Benefits. The Plan distributed the 2019 excess contributions, along with associated earnings, to the applicable participant subsequent to year end in the amount of $1,275.

Subsequent Events: The Plan has evaluated subsequent events through October 1, 2020, the date the financial statements were available to be issued and disclosed in Note 8.

Note 3 – Federal Income Tax Status

The IRS issued a determination letter dated October 25, 2016, stating that the Plan, as designed, is in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the receipt of the determination letter; however, the fiduciaries believe that the Plan continues to be designed and operated in accordance with the applicable provisions of the IRC. The fiduciaries of the Plan believe that the Plan and related trust continue to be tax-exempt. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax benefit if it is more likely that not the tax position would be sustained upon examination by the applicable authorities. The remainder of the tax position is required to be recorded as a tax liability. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions that would require disclosure in the financial statements.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset of liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following us a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018.

Money Market Fund – The money market fund invests in high-quality short-term securities. The fund is an investment vehicle valued using $1 for the NAV. The fund is stated at fair value based on the fund's underlying assets, as reported by the Trustee.

Common Collective Trust Funds – The common collective trust funds are valued at fair value using the NAV of the underlying securities. NAV as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,464,251	$ -	$ -	$ 1,464,251
Investments measured at NAV				46,897,443
Total				$ 48,361,694

Note 4 – Fair Value Measurements (continued)

	2018			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,531,340	$ -	$ -	$ 1,531,340
Investments measured at NAV				37,212,959
Total				$ 38,744,299

Transfers Between Levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers between levels.

Note 5 – NAV Per Share

The following table sets forth a summary of the Plan's investments with a reported NAV at December 31, 2019 and 2018:

* The fair values of the investment have been estimated using the NAV of the investment.

Note 5 – NAV Per Share (continued)

(a) The strategy of the NFL Large Cap Equity Fund is to provide investment income by investing in common stocks of large companies. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(b) The strategy of the NFL Index Funds is to invest in various identified index funds. These mutual finds seek to replicate the aggregate price and yield of the applicable fund. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(c) The strategy of the NFL International Fund is to provide long-term growth capital through investments primarily in common stocks of non-U.S. companies. There are no redemption restriction with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(d) The strategy of the NFL General Fund is to invest in a mix of fixed-income, domestic equity, and international equity securities with a targeted allocation set by the NFL Investment Committee. The current market value allocation target adopted by the Committee is 15% fixed income, 23% domestic equity, 23% international equity, 32% global tactical asset allocation, and 7% liquid real assets. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(e) The strategy of the NFL Small/Mid Cap Equity Fund is to invest in the common stocks of companies with market capitalizations between $500 million and $10 billion. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(f) The strategy of the NFL Global Tactical Asset Allocation Fund is to provide attractive long-term returns, modest correlation to the global equity and fixed-income markets, and lower volatility than equities. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(g) The strategy of the NFL Life Cycle Funds is to provide a diversified portfolio of underlying T. Rowe Price mutual funds that invest in fixed-income securities and stocks of foreign, domestic, large, and small companies and include 10 dated funds that correspond to a date on which participant plans to begin receiving distributions from the fund. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(h) The strategy of the NFL Liquid Real Assets Fund is to provide diversification and potential protection against unanticipated inflation through investments in global inflation-linked bonds or in liquid securities. There are no redemption restrictions with these funds other than the month-end redemption requirement, nor is it expected to be redeemed at anything other than NAV.

(i) The strategy of the NFL Reciprocal Fixed Income Fund is to invest in fixed-income obligations (e.g., bonds) that will offer a greater income return that the money market funds, without assuming the risks inherent in common stocks. There are no redemption restrictions with these funds other than the month-end redemption requirement, not is it expected to be redeemed at anything other than NAV.

Note 6 – Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included in the Plan's financial statements and supplemental schedule that were prepared by PNC Bank, the Trustee of the Plan, and furnished to the plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2019	2018
Statements of Net Assets Available for Benefits

Notes receivable from participants	185,295	176,470
Statement of Changes in Net Assets Available for Benefits		
Interest and dividend income	35,246	
Interest income on notes receivable from participants	7,251

Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Notes 4 and 5: All investment balances and investment information, excluding the classification and level of investments in Note 4, Fair Value Measurements.

Note 7 – Exempt Party-In-Interest Transactions

At December 31, 2019 and 2018, certain investments totaling $1,464,251 and $1,531,340, respectively, of the Plan were held in investments, which were managed by the Trustee. Transaction in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan issues loans to participants, which are secured by the vested balances in the participant's accounts.

The investments in the NFL Reciprocal Trust Fund are managed by the NFL Investment Committee. The plan sponsor is a member club of the NFL; therefore, transactions related to these investments qualify as party in interest.

Certain Plan expenses for the year ended December 31, 2019 were paid by the employer. The Employer provides certain accounting, recordkeeping, and administrative services to the Plan for which it is not compensated.

Note 8 – Subsequent Events

Effective January 1, 2020, the Plan was amended allowing a participant's account to include a qualified nonelective account and/or a qualified matching account and restrictions on distributions from these respective accounts.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which could result in significant volatility in the investment markets, and could result in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
