## NOTE A – PLAN DESCRIPTION

The following brief description of United Mechanical, Inc., 401(k) Plan ("the Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all employees of United Mechanical, Inc. and its affiliate Hollimyer Insulation, Inc. ("the Company"), who have completed at least one year of service and have reached the age of twenty-one years or older. Participation in the Plan may begin on the first day of the Plan year quarter coinciding with or following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

Each year participants may contribute up to 100% of pretax annual compensation, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The plan included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation with auto-escalation at 1% a year up to 10%. The plan was amended effective October 1, 2018 to remove the auto enrollment and auto escalation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan, under the custodian, offers several pooled separate accounts as investment options for participants. The Plan provides for a discretionary employer matching contribution to be determined by the Company. The Company matched 50% of employee deferrals up to 6% of covered compensation for the years ending December 31, 2019 and 2018. The matching contribution is calculated and transferred each pay period. The match by the Company is credited to the participant's account and invested as the participant has directed.

### Participant Accounts

Participant accounts are credited with participant contributions, the Company's matching contributions and Plan earnings, and charged with participant withdrawals and an allocation of investment expenses. Allocations are based on participant earnings, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual income thereon is based on years of continuous service. A participant is 100% vested after five years of credited service or upon retirement, reaching the normal or early retirement age, disability, or death regardless of years of service.

### Benefit Payments

Accounts with a vested balance of $5,000 or less at termination, retirement or death are paid in a lump-sum amount equal to the value of the participant's vested interest in her or his account.

**NOTE A – PLAN DESCRIPTION (continued)**

Forfeited Accounts

Employer contributions to the Plan are subject to a vesting schedule. If a participant leaves the Plan before becoming 100 percent vested, the non-vested employer contributions may be used to reduce administrative expenses. To the extent that they are not applied to reduce expenses, they may be used to reduce employer contributions. At December 31, 2019 the Plan did not have any forfeited non-vested accounts. At December 31, 2018, the Plan had $2,551 in forfeited non-vested accounts. Additionally, during 2019 the Plan used $11,913 and $2,947 of forfeitures to reduce employer contributions and Plan expenses, respectively.

Notes Receivable from Participants

The Plan allows participants to borrow from their account balance subject to certain restrictions. A participant loan may not exceed 50% of her or his non-forfeitable account balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed $50,000 (reduced by outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made). Loans less than $1,000 are not allowed.

A participant can only have two loans outstanding. All loans must be secured by the participant's balance in the Plan and be repayable on a regular schedule with reasonable interest rates. Payments of both principal and interest must be made at least quarterly. Any loan which is not for purchasing a primary residence must be repaid within five years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis.

Plan Administration Costs

Fees related to investment management are paid by the Plan. Other ancillary costs associated with the Plan's administration are absorbed by the Company.

Payment of Benefits

Benefits are recorded when paid.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for any open tax periods.

**NOTE D – FAIR VALUE MEASUREMENTS**

Financial Accounting Standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

*Pooled separate accounts (PSAs):* Investments in pooled separate accounts are valued using the unadjusted NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., mutual funds) in the separate account as reported by John Hancock Life Insurance Company. While the underlying assets values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by John Hancock Life Insurance Company as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2019.

**NOTE D – FAIR VALUE MEASUREMENTS (continued)**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019:

| | Fair Value | Unfunded commitments | Redemption frequency | Redemption notice period |
|---|---|---|---|---|
| Pooled separate accounts | $ 6,141,153 | N/A | Daily | None |
| Investments measured at net asset value | $ 6,141,153 | | | |

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018:

| | Fair Value | Unfunded commitments | Redemption frequency | Redemption notice period |
|---|---|---|---|---|
| Pooled separate accounts | $ 4,777,672 | N/A | Daily | None |
| Investments measured at net asset value | $ 4,777,672 | | | |

**NOTE E – INCOME TAX STATUS**

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

**NOTE F – PLAN TERMINATION**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

John Hancock is the custodian of plan assets and provides record keeping services to the Plan and, therefore, transactions between John Hancock and the Plan qualify as party-in-interest transactions. Fees paid by the Plan for contract administration fees amount to $40,928 and $41,735 for the years ended December 31, 2019 and 2018, respectively.

Farmer & Betts acts as third-party administrator for the Plan. The Plan paid administration fees for the Plan years ended December 31, 2019 and 2018 and in the amount of $4,985 and $2,969, respectively.

## NOTE H – RISKS AND UNCERTAINTIES

The Plan utilizes pooled separate accounts that invest primarily in publicly traded mutual funds. Investment in these funds, in general, is exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE I – FIDELITY BOND COVERAGE

In order to maintain compliance with "ERISA" rules regarding bond coverage the Plan is covered by a fidelity bond. The bond is current, and the amount of coverage is in excess of ten percent of the total assets of the Plan.

## NOTE J – SUBSEQUENT EVENTS

The Plan was amended and restated effective March 10, 2020 to change the plan sponsor to United Mechanical, LLC and change the name of the Plan to United Mechanical, LLC 401(k) Plan.

The Plan evaluated its December 31, 2019 financial statements for subsequent events through September 8, 2020, the date the financial statements were available to be issued. An outbreak of novel coronavirus, (COVID-19), was identified in China in late 2019 and subsequent to year-end, has been recognized as a global pandemic. In response to this outbreak, governments of many countries, states, cities and other geographic regions, including the United States, have taken preventative or protective actions, such as imposing restrictions on travel and business operations and advising or requiring individuals to limit or forego their time outside of their homes unless necessary. As a result, COVID-19 is having a broad impact on financial markets globally.

The extent of the impact of COVID-19 on operational and financial performance of the Plan will depend on certain developments, including the duration and spread of the outbreak and the impact on the plan sponsor, all of which are uncertain and cannot be predicted. The Plan is in the process of implementing risk mitigation tactics related to the risk of impact, if any, of COVID-19 as it relates to all aspects of the Plan's transactions with participants, the plan sponsor, and financial markets. The extent to which COVID-19 may impact financial condition or results of operations of the Plan is unknown at this time.
