STEEL ENERGY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

1 – DESCRIPTION OF PLAN

GENERAL

The Steel Energy 401(k) Plan (the “Plan”) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was established on January 1, 2016, for the benefit of eligible employees of Steel Energy Services, Ltd., Rogue Pressure Services, Sun Well Service, Inc., and Black Hawk Energy Services (collectively, the “Company” or “Plan Administrator”). The Plan’s trustee is Reliance Trust Company (the “Trustee”). Automatic Data Processing, Inc. Retirement Services (“ADP”) serves as the recordkeeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

PLAN MERGER

Effective January 1, 2019, the Basin Well Logging & Wireline Services, Inc. 401(k) Profit Sharing Plan merged into the Plan; accordingly, net assets totaling \$659,371 were transferred into the Plan and are recorded as Plan merger-in of affiliated plan in the statement of changes in net assets available for benefits.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation on the first day of the month following two months of consecutive employment, as defined by the Plan document. Subject to certain limitations on annual additions, each participant’s account was credited with employee elective deferrals, Company matching and discretionary profit sharing contributions, and an allocation of Plan earnings or losses and charged with certain administrative expenses.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company matching contributions. A participant may elect to contribute a portion of his or her pretax compensation of 1% up to 90%, subject to certain maximum limitations imposed by the Internal Revenue Code (“IRC”) (\$19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,000 for 2019). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted.

The Plan allows for Company matching contributions and discretionary profit sharing contributions in amounts to be determined by the Company. In 2019, the Company elected to make matching contributions in the amount of 50% of employees’ salary deferral amounts on the first 2% of employees’ eligible compensation. No discretionary profit sharing contributions were made during 2019.

VESTING

Participants are immediately vested in employee elective deferrals and rollovers, plus actual earnings, thereon. Vesting in the Company’s matching and profit sharing contributions and any earnings thereon, will vest 20% per year beginning after one year of services and are 100% vested after five years or upon occurrence of the participant’s retirement, death or disability, as defined by the Plan document.

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and Company contributions into a variety of mutual funds of registered investment companies and common collective trusts in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

DISTRIBUTIONS TO PARTICIPANTS

Participants may withdraw amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants are permitted to make hardship withdrawals on the balance of their account related to their elective deferral contributions. Upon termination, for vested account balances greater than \$5,000, participants may elect a distribution in the form of a single lump sum payment. For vested account balances less than \$5,000, amounts are distributed as elected by the applicable terminated participant within a reasonable time after terminating employment or are rolled over to an individual retirement account.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company qualified non-elective contributions. Effective July 1 2019, forfeitures may be used to reduce Company matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2019 and 2018, forfeited non-vested accounts available for future use totaled \$52,408 and \$25,798, respectively. During 2019, no forfeitures were utilized.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes are secured by the balance in the participant's account and bear interest at a rate based on the prime rate published in the *Wall Street Journal* plus 1% on the day the note was initiated. Notes must be repaid within five years, unless for a purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. As of December 31, 2019, maturity dates on existing notes receivable from participants range from January 2020 through August 2024 and have interest rates from 4.25% to 6.5%. As of December 31, 2018, maturity dates on existing notes receivable from participants range from March 2019 through December 2023 and have interest rates from 4.25% to 6.25%.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

DECEMBER 31, 2019 AND 2018

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification (“ASC”) Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2 | Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan’s investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value (“NAV”) or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at NAV of units of a bank collective trust, as provided by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the Trustee reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee and party-in-interest as defined by ERISA, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2019	2018
Mutual funds of registered investment companies	\$ 9,102,936	\$ 5,976,518
Common collective trusts	472,593	330,897
Total investments, at fair value	<u>\$ 9,575,529</u>	<u>\$ 6,307,415</u>
Notes receivable from participants	<u>\$ 275,396</u>	<u>\$ 211,019</u>
Interest and dividends	<u>\$ 420,072</u>	
Interest on notes receivable from participants	<u>\$ 15,834</u>	
Net appreciation of fair value of investments	<u>\$ 1,150,376</u>	

5 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and common collective trusts. Investment securities are exposed to various risks, such as interest rate, market risk, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

STEEL ENERGY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interests are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by Reliance Trust Company, ADP, the Company, and participant notes receivable qualify as party-in-interest transactions.

7 – TAX STATUS OF THE PLAN

The Plan, developed by ADP, LLC as a prototype plan, received a favorable opinion letter dated July 16, 2014, from the IRS stating that the Plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, “Subsequent Events”, the Company has evaluated events or transactions occurring after December 31, 2019, the Statements of Net Assets Available for Benefits date, through October 6, 2020, the date the financial statements were ready to be issued, and determined no events or transactions that would impact the financial statements as of and for the year ended December 31, 2019, except for the following:

Effective April 2020, Plan management approved a resolution to suspend Company matching contributions.

In March 2020, the World Health Organization categorized the outbreak of coronavirus (“COVID-19”) as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the U.S. and internationally. The extent of the impact on the Plan’s net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is unable at this time to estimate the full impact on the Plan’s financial statements.

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act (“CARES Act”) during 2020, including the following:

- allowing participants to take distributions of up to \$100,000 from the Plan,
- increasing new notes receivable available borrowings of up to \$100,000 through September 23, 2020 unless otherwise extended,
- providing for the deferment of payments on existing notes receivable through December 31, 2020, and
- deferring minimum required distributions.
